Core Values

Corporate Profile

Delta Brac Housing Finance Corporation Ltd. (DBH) is the pioneer, largest and specialist in Housing Finance Institution in the private sector of the country. After commencing operation in 1996 the company has registered commendable growth in creating home ownership in Dhaka and other major cities of the country. At the same time, the company has been playing an

active role in promoting the real estate sector to the large cross sections of prospective clients who had but yet unfulfilled dream of owning a home.

Among all Banks and Financial Institutions of Bangladesh only DBH has been rated the highest 'AAA' credit rating for ten consecutive years. The level of credit rating provides a very important indication of the financial safety, security and strength of the concerned Bank or Financial Institution and is particularly relevant to its depositors and other investors such as shareholders and lenders.

Corporate Responsibility

DBH is recognized as a responsible corporate citizen for its continuous effort to promote ownership of housing, wealth creation and also towards the improvement of the underprivileged and weaker sections of the society. DBH is committed to participate in ventures for improvement of our society by taking development initiatives which contribute to the country's rich cultural heritage.

Mission

To strengthen the society of the country by continually expanding home ownership.

Vision

To be the leading financial institution in the country with satisfied customers and employees and to generate value for our shareholders while contributing to the well being of the society.

Strategic Objectives

- Focus on building deep and long-standing relationships with our clients, customers as well as real-estate developers, and constantly look to improve the quality of our products and services.
- Focus on developing our human resource talents.
- Ensure balanced growth with a disciplined approach to the management of risks and costs.
- Ensure adequate capital and liquidity to sustain our business over the long term.

Competitive Strengths

DBH is the major player in the housing finance sector in Bangladesh since 1997 and remains one of the leading non-bank financial institutions. Today, we are an acclaimed brand for a high level of customer service; and respected for ethics, values and corporate governance.

We have developed an attractive suite of products that cater to all customer segments, with our primary focus to strengthen the society by expanding home ownership. By leveraging our understanding of customers from different economic segments, we are today in a position to extend a range of products and services in loans as well as deposits through our specialized team members. Thus, we provide one stop facility for our customer needs.

Profile of the Board of Directors

Faruq A Choudhury
Chairman

Mr. Faruq A Choudhury is the Chairman of the Board of Directors of the Company. He joined the then Pakistan Foreign Service in 1956, after having graduated with Honours in English. Subsequently, as a part of his training programme, he studied International Law at the Fletcher School of Law and Diplomacy, Tufts University, USA. He also underwent training at the Foreign Service Institute Washington DC and at the British Foreign Office in London. He studied the French Language at the Alliance Francaise in Paris.

Mr. Choudhury had diplomatic assignments in Rome, Beijing, The Hague and Algiers before being posted as a Director at the Pakistan Foreign Office. After the emergence of Bangladesh, he was appointed as the Chief of Protocol and later served as Deputy High Commissioner in London and Ambassador to the UAE in Abu Dhabi and as Ambassador to the then EEC and Benelux countries in Brussels. Later he was appointed as Additional Foreign Secretary in 1982. From 1984 to 1986 he was Foreign Secretary and when SAARC was launched in 1985, he served as the Secretary General of the first SAARC summit. In 1986, he was appointed as High Commissioner to India in New Delhi from where he retired in 1992.

He took over as Advisor BRAC in 1992 and served in that capacity till 2006. He is also a Member of the Board of Trustees of BRAC University.

He has been a Director of DBH, nominated by BRAC, since 1996 and Chairman of DBH since 1999.

Nasir A. Choudhury
Director

Mr. Nasir A. Choudhury, Advisor of Green Delta Insurance Company Limited (GDIC) has been in the insurance profession for over the last 50 years. After obtaining his Masters Degree from the University of Dhaka, he started his career in Karachi in the then Pakistan Insurance Corporation in 1958. Mr. Choudhury received advanced training in insurance and reinsurance from UK and Germany during 1961 and 1962. After the liberation of Bangladesh, he was responsible for arranging reinsurance for the newly established Bangladesh Insurance Corporation and subsequently for Sadharan Bima Corporation as General Manager. Mr. Choudhury was the Managing Director of GDIC since its inception until his retirement in May 2013.

Mr. Choudhury is an executive committee member of the Federation of Afro-Asian Insurers & Reinsurers (FAIR). He was the Honorable Insurance Advisor of Bangladesh Biman and Bangladesh Shipping Corporation for decades. He was the Chairman of Bangladesh Insurance Association, the official body of all the private sector insurance companies of the country from 2001 to 2005.

Mr. Choudhury is the Chairman of Green Delta Securities Ltd., Green Delta Capital Ltd. & GD Assist Ltd. He is one of the Sponsor of Union Capital Limited and Director of Progressive Life Insurance Co. Limited & United Hospital (Pvt.) Limited and Managing Director of Nascom (Pvt.) Ltd. Mr. Choudhury is also the Member of Governing Body of Bangladesh Insurance Academy.

He was honored with “Lifetime Achievement Award” by The DHL-Daily Star in April 2010 for his outstanding contribution towards the development of the insurance industry in Bangladesh.

He has been a Director of DBH, nominated by Green Delta Insurance Company Limited, since 1996.

A Z Mohammad Hossain
Director

Mr. A Z Mohammad Hossain after obtaining LL.B degree in 1963 was enrolled as an advocate in the then High Court. He went to the UK for higher studies in the same year.

In 1971 he joined the liberation movement in the UK and became the convener of “Bangladesh Students Action Committee” in the UK. At the request of the then Bangladesh Mission to UK Late Justice Abu Sayeed Chowdhury, he along with 3 others attended and lobbied for Bangladesh at the Inter-Parliamentary Conference held in Paris. He was also sent by Late Justice Abu Sayeed Chowdhury for the same purpose, to attend the Pug Wash Conference held at Siania, Romania. He returned to Bangladesh in 1995 and took the office of Managing Director of Chandra Spinning Mills Ltd.

He has been a Director of DBH, nominated by Green Delta Insurance Company Limited, since June 2012.

Mehreen Hassan
Director

Ms. Mehreen Hassan is a Barrister-at-law and Advocate practising in the High Court Division of the Supreme Court of Bangladesh. Her areas of practice (both litigation and advisory matters) involve mostly Corporate and Commercial laws. She has experience working with several banks and insurance companies on matters involving Banking, Insurance laws and Securities laws. She also practices in the areas of International Arbitration, Admiralty matters, Constitutional and Administrative laws.

Ms. Hassan obtained her Bar-at-law degree from City University, UK in the year 2007 and is a member of the Lincoln’s Inn, UK. She completed a mini-pupilage with Staple Inn Chambers in London prior to returning to Bangladesh in 2007. She is a member of the Dhaka Bar Association and the Supreme Court Bar Association of Bangladesh and also participates in various social and charitable activities through her association with Zonta International Dhaka.

Ms. Hassan has been a Director of DBH, nominated by Delta Life Insurance Company Limited, since June 2012.

Swapan Kumar Sarkar
Director

Mr. Swapan Kumar Sarkar is a Fellow Member of the Institute of Chartered Accountants of Bangladesh. Prior to joining the services of Delta Life Insurance Company Limited as Senior Vice President in the year 1997, he served at different levels in local and international companies. He had been promoted to the position of Deputy Managing Director of the Company in the year 2006. Presently, he is serving as the Managing Director & CEO of Delta Life Insurance Company Limited.

Mr. Sarkar completed B. Com. (Hon's) and M. Com. majoring in Management from the Dhaka University before starting his career as a trainee accountant with Rahman Rahman Huq & Co. Chartered Accountants and worked there till 1981 after qualifying as a Qualified Assistant. He went abroad in the year 1990 to join as the Management Accountant in Chilanga Cement Limited, Zambia a subsidiary of Commonwealth Development Corporation and served there till December 1994. He also served as Chief Accountant in National Milling Co. Limited, Zambia from September 1995 to October 1996.

He has been a Director of DBH, nominated by Delta Life Insurance Company Limited, since August 2012.

Adeeba Rahman
Director

Ms. Adeeba Rahman is an Associate of Chartered Insurance Institute (ACII-Life) UK and Chartered Insurer. She did her MBA from Rochester Institute of Technology (R.I.T.), New York, USA. She is also experienced in working with two International Banks, two Life Insurance Companies at different levels, as well as gathered experience from a renowned Securities Company and a Tea Company.

At the beginning of her career in Life Insurance, Ms. Rahman joined Delta Life Insurance Company Ltd. in January 2002. In her service time, she was Head of Marketing, Underwriting, Policy Servicing, Actuarial, Human Resource Development and Control & Compliance department and developed as well as executed various strategic guidelines and action plans of the Company. She chaired the Claims Committee and assisted in claim control and faster claim processing at Delta Life Insurance Company.

Ms. Rahman served as Additional Managing Director of Popular Life Insurance Company Ltd. from March 2006 to March 2013.

Being a Chartered Insurer and an Associate Member of Chartered Insurance Institute, UK accompanied by long outstanding experience of more than 14 years in almost all the areas of life insurance business. Ms. Adeeba Rahman, joined again in Delta Life Insurance Company Ltd. and serving as Additional Managing Director and is responsible for supervising and controlling the activities of some important departments like Business Development, Actuarial, IT, Re-insurance, Claims and Servicing etc.

She has been a Director of DBH, nominated by Delta Life Insurance Company Limited, since December 2013.

Value Added Statement

For the year ended June 30, 2016

Value added is the wealth DBH has created through extending mortgage loan and various services. The value added statement shows the total worth created and how the same was

distributed to meet various obligations and reward those responsible for its creation. A portion also retained in the business for continued operation and expansion of DBH.

Figures in BDT

Particulars	2015-2016		2014-2015	
	Amount	%	Amount	%

2015-2016

2014-2015

Market Value Added (MVA) Statement

Market Value Added Statement gives a picture of the Company's performance evaluated by the capital market investors through the share price of the company. This statement depicts the difference between the market value of a company and the capital contributed by the investors.

Higher MVA is better for the company. A high MVA indicates that company has created substantial wealth for the shareholders. A negative MVA

means that the value of management's actions and investments are less than the value contributed to the company by the capital market.

Market Value Added represents the confidence that the market places on the future stream of EVAs. The following statement shows how MVA has been arrived at for the year ended June 30, 2016 and 2015.

Particulars	Amount in BDT	
	2015-2016	2014-2015
Market value of shares outstanding	12,382,468,313	9,423,209,250
Face value of shares outstanding	1,160,493,750	1,160,493,750
Market value added	11,221,974,563	8,262,715,500

Economic Value Added (EVA) Statement

One of the most useful performance measurements to account for the ways in which business value can be added or lost is Economic Value Added or EVA. Another term for this metric is Economic Profit.

Economic Value Added is the surplus generated by an entity after meeting an equitable charge

towards providers of capital. It is the post-tax return on capital employed (adjusted for the tax shield on debt) less the cost of capital employed. Companies which earn higher returns than cost of capital create value, and companies which earn lower returns than cost of capital are deemed harmful for shareholder value.

EVA has been calculated by the following formula:

$$\text{EVA} = \text{Net operating profit} - \text{Taxes} - \text{Cost of Capital}$$

Particulars	Amount in BDT	
	2015-2016	2014-2015
Net operating profit	1,452,818,554	1,437,759,768
Provision for taxes	608,589,533	574,138,286
Net operating profit after tax (NOPAT)	844,229,021	863,621,482
Charges for capital		
Capital employed	4,472,494,969	3,937,563,342
Cost of equity (%)	8.60%	11.40%
Capital charge	384,634,567	448,882,221
Economic value added	459,594,454	414,739,261
Capital employed as on June 30		
Shareholder's equity	3,608,751,394	3,170,916,416
Accumulated provision for doubtful accounts and future losses	1,111,784,023	1,053,538,105
Total capital employed	4,720,535,417	4,224,454,521
Average capital employed	4,472,494,969	3,937,563,342

Message From the Chairman

Dear Shareholders,

It is my great pleasure to welcome you all to the 20th Annual General Meeting of Delta Brac Housing Finance Corporation Limited (DBH). At the outset, I would like to express my gratitude to you all for your continuous trust, support and patronage extended towards the Company.

Since its inception, DBH has played a prominent role in the growth of the housing sector especially to increase home ownership in the urban areas of the country. We can claim with satisfaction that the Company has contributed substantially to enhance the home ownership levels of the middle and upper middle income population in the major

urban areas of the country. The Company strives continually to ensure quality service to the clients by catering to their needs and providing effective and innovative solutions.

In contrast to the setback of the last couple of years, the real estate sector appears to be making

a comeback in FY 2015-16, thanks to political stability, property price corrections and declining interest rates. This shift in the macroeconomic and political scenario has positively impacted our lending figures. In FY 2015-16 we have disbursed over Taka 11.52 billion home loans. Since inception, it is the highest amount disbursed by the Company in a single year. The housing loan portfolio of DBH stood at Taka 33.40 billion at the close of June 30, 2016 which is also the highest among all banks and financial institutions operating in the country. It may be worth mentioning that the quality of our assets continues to be strong with non-performing loans remaining below half percent. Presently, DBH has funds under management in excess of Taka 62.31 billion.

However, the continued downward movement of interest rates on our adjustable rate home loan portfolio has made some impact on our net income. The operating profit before provisions stood at Taka 1,452.82 million. The Board has recommended @ 30 percent cash and @ 5 percent stock dividend out of profit for the year.

I am pleased to inform you that DBH has retained its highest credit rating of 'AAA' (triple A) for the 10th consecutive year. As a matter of fact, among all local banks and financial institutions, DBH is the only one to have retained the highest credit rating in such a consecutive manner. This in itself is a testament to the outstanding financial resilience of the Company.

As mentioned earlier, the downhill interest rates coupled with the stiff competition prevailing in the home loan market has to some extent restricted our earnings. We are at a disadvantage vis-à-vis the commercial banks in terms of the costs of funds. Currently we are competing mostly with the commercial banks that have access

to low cost funds through current and savings accounts. Financial Institutions including DBH do not have access to such cheap source of funds and the present financial market is also not conducive enough for FIs to mobilize long term affordable funds. This arrangement does not allow much scope to reduce the cost of funds and consequently the interest rate charged. Under the circumstances, in order to ensure a healthy growth of the private housing finance sector, the authorities in fact, should take necessary measures to generate healthy competition between the banks and non-bank financial institutions.

The Real Estate Developers and Lending Institutions of our country have been doing business mainly by catering to the upper and upper-middle income groups, whereas the middle income and low income households are still untapped. With the largest segment of the population belonging to the latter income groups, the Real Estate as well as the Housing Finance sector has a huge growth potential in this country. Home ownership level in Bangladesh is about 30 percent, whereas it is up to 80 percent in developed countries. The latent demand for home ownership is massive as everyone has a dream to own a home.

A key constraint facing the real estate sector is shortage of serviced land in the urban areas for building multi-family housing units. Acute shortage of land has resulted in very high land price, making it difficult for many families to make the dream of their own house a reality. Even though, in the last few years the real estate prices have reduced significantly, it needs to be further corrected. Still prices of properties in Dhaka are unaffordable for most people as in terms of affordability, they are almost like those in London, Sydney or New York. Property prices in Dhaka

are over 10 times an average person's annual income whereas the international measure of affordability is about 4 times of annual income.

It is not possible for the Developers to make the apartments affordable to a larger clientele unless the cost of the land is brought down to a reasonable level. I believe the Government should come forward and increase the supply of serviced land to the Developers at reasonable prices for building multi-family houses; thereby making it possible for the Housing Finance Companies to lend to an ever-increasing clientele. Moreover the government should also take initiative to further develop an integrated transportation infrastructure. The city dwellers have to be given easy mobility and affordable housing in order for a city to grow sustainably.

In the next year, our aim is to source diversified avenues of economical funding, continue to broaden our customer base and to deepen the relationship we have with our customers, harnessing the growing strength of the DBH brand and our core competency. With the Real Estate Sector signaling recovery, the outlook for 2016–2017 is promising. However

declining interest rates coupled with increasing price competition from commercial banks may pose a challenge. We should, therefore, have firm faith in our expertise and motivation to develop ourselves through innovating strategies, expanding partnership and maximizing value to the shareholders.

I thank all our shareholders and my colleagues in the Board of Directors for their guidance and support. I also convey my sincere appreciation to the management and staff of DBH for their dedication and hard work under the able guidance of the Managing Director. I am also thankful to the Bangladesh Bank, Bangladesh Securities & Exchange Commission (BSEC) and the Registrar of Joint Stock Companies and Firms and the DSE & CSE for their support. We look forward to leveraging on the opportunities and face the challenges which will arise in the coming days.

A handwritten signature in black ink, appearing to read "Faruq", with a stylized flourish at the end.

Chairman

Helping you
grow

Directors' Report

Dear Shareholders,

The Directors of Delta Brac Housing Finance Corporation Limited have the pleasure of presenting the Directors' Report of your Company together with audited accounts for the year ended 30th June 2016.

Bangladesh Economy

The national economy posted a healthy GDP growth of 7.05% in FY 2015-16 on the back of relatively strong flow in both private and public investment as well as increase in consumption expenditures during the latter half of the year. Higher implementation of Annual Development Program (ADP) and higher consumption driven by new pay scale for public sector employees and moderate inflation helped in boosting the GDP growth. Manufacturing sector grew the most by 10.10% followed by service sector and agriculture, which grew by 6.70% and 2.60% respectively in the past fiscal.

Average inflation slid to 12 year lows to 5.92% in FY16 on the back of low food inflation, which was well below the government's target of 6.20% for the period. Good domestic harvest, low international commodity prices and political stability helped in keeping inflation manageable. Food inflation dived to 4.92% from 6.68% in the past fiscal. However, non-food inflation surged to 7.45% from 5.99% during the same period. The lagged impact of the new pay scale for government employees and upward adjustment of gas and electricity prices drove the non-food inflation higher; however, a cut in fuel prices in April helped in limiting the non-food inflation during May and June.

Export posted a healthy 9.72% growth in FY16 to reach USD 34.24 billion compared to USD 31.21 billion in FY15. The Ready Made Garments

(RMG) sector grew by 10.21% raking in USD 28.09 billion. During July-May period, import settlement grew marginally by 4.23% in FY16 to USD 36.66 billion from USD 35.17 billion in FY15. The sluggishness is primarily due to continued low oil prices and fall in food imports. In the first 11 months of the fiscal year, import of food grain and petroleum dropped by 26.34% and 28.90% respectively. During this period, capital machinery imports grew 12.87% against 20.76% in the previous fiscal, while industrial raw material increased by 2.61% against 3.52% a year earlier.

Bangladesh received wage earners' remittances equaling USD 14.92 billion in FY16 against USD 15.31 billion in the previous fiscal. The 2.55% drop in remittance has primarily been due to plunge in remittances from workers in the Middle East. The Gulf countries, which host a large Bangladeshi diaspora accounting for over 65% of Bangladeshi workers abroad has been bearing the brunt of continued low oil prices. This has led to lower spending on infrastructure and construction projects, which provides employment for most Bangladeshi workers abroad. In addition, the weakening of other currencies in some of these countries in the recent months also put a negative impact on inward remittance.

Country's FX reserves hit USD 30 billion marks for the first time in history in June, closing at USD 30.14 billion at the end of FY16, which is a whopping 20.45% higher compared to the reserves of USD 25.02 billion at the end of FY15. Higher current account surplus and higher foreign direct investment helped in growing the reserves. FDI flows increased 14.75% to USD 2.10 billion in FY16 from USD 1.83 billion in FY15. Reinvestment of profits earned by the foreign enterprises accounted for majority of the FDI flow, indicating long term commitment of investors.

Strong growth in exports and lull on the import side resulted in large influx of US Dollars during FY16. Bangladesh Bank purchased excess dollars from commercial banks in line with its monetary policy goals to maintain exchange rate stability and protect external competitiveness. Bangladesh Bank ramped up the purchase of greenback buying USD 4.13 billion from the commercial banks in FY16 against USD 3.76 billion during FY15. USD/BDT rate had been on the decline from the beginning of 2016 after a late surge during November and December 2015. There was a spike for a brief period in February 2016 backed by infrastructure related payments when USD/BDT increased to 78.75 from 78.50 in January. The demand for dollars subsided briskly in March with growing exports as the pair fell to 78.40 in early March, a level which has prevailed since then.

The weighted average call money rate has come down drastically during FY16 over the corresponding period last year. The plunge in rates primarily occurred from October 2015 when Central Bank suspended reverse-repo operations, which left the banks overburdened with liquidity amid low domestic private sector credit requirements. Although, the Central bank increased its 30 days bill bid acceptance, the lower rates compared to reverse-repo weighed on call money rates. In January 2016, Central Bank cut the repo rate from 7.25% to 6.75% and reverse-repo rate from 5.25% to 4.75% dragging down the overnight money market rates further.

During the FY16, the premier bourse, Dhaka Stock Exchange (DSE) remained dreary with sporadic uptrend while market turnover was stagnant. A trend of profit booking soon after a period of short rally was witnessed which limited the upward movement. Foreign portfolio investment turnover increased to BDT 35.94 billion during Jan-May 2016 posting a growth of 13.20% over BDT 31.76 billion during Jan-May 2015. However, net portfolio investment dropped to USD 250 million in FY16 from USD 618 million in the previous fiscal. The proportion of foreign portfolio investment compared to market volume

remained trivial. Overall, DSEX ended 2.64% lower from 2015 year end closing.

Performance of Financial Sector in 2015-16

The Central Bank maintained policy continuity in formulating and implementing inclusive and investment friendly monetary policy. The main objective of Bangladesh Bank's pro-growth monetary policy is moderation and stabilization of CPI inflation alongside supporting output and employment growth. In the monetary policy for the second half of the FY16 (Jan-Jun), the target was set to keep inflation rate at 6.20%, which was 6.50% in the same period of FY15.

Due to the excess liquidity prevalent in the market, the interest rates continued to decline throughout the year. In June 2016, weighted average deposit rate for Scheduled Banks has gone down to 5.54% from 6.80% in June 2015. On the other hand weighted average lending rates of Scheduled banks also went down to 10.39% in June 2016, from 11.67% in June 2015. The interest rate spread also slightly reduced to 4.85% in June 2016 from 4.87% during the same time previous year which indicate that market lending rates and deposit rates decreased at similar pace. Understandably, amidst ample liquidity the overnight rates were relatively low. Call money rate went up slightly in Q1FY15 and reached as high as 5.71% (weighted average). Subsequently it continued to mostly decline for the rest of the FY and stood at 3.70% at the close of June 2016.

The ratio of non-performing loans (NPL), in both gross and net terms, increased at the end of Q3FY16 compared with end of Q2FY16. The ratio of gross NPL to total outstanding loans of the banking sector increased from 8.80% at the end of December 2015 to 9.90% at the end of March 2016. Gross NPL ratio for SCBs and PCBs increased from 21.50% and 4.90% respectively at the end of December 2015 to 24.30% and 5.80% at the end of March 2016. The ratio for FCBs decreased marginally from 7.80% to 7.50% while for SBs it has remained unchanged at 23.20% over the period. However when

compared to previous year's closing figure of 9.70%, the concentration of NPLs among banks has increased only marginally, signaling stability in the banking industry. The non-performing loan (NPL) ratio for NBFIs stood at 8.90% at the close of Q3FY16 compared to previous year's closing of 7.70%.

In Q3FY16, capital adequacy ratio (CAR) of the banking sector decreased marginally to 10.60% from 10.80% in Q2FY16 whereas a minimum of 10.00% is the regulatory requirement. Total risk weighted asset and minimum capital requirement of the banking sector as a whole grew by 2.50% and 2.20% respectively in Q3FY16 over Q2FY16 while total eligible capital increased by 0.40% during this period. However when compared to previous year's closing figure of 10.30%, the capital adequacy ratio (CAR) among banks has increased only marginally by 0.30%. The capital adequacy ratio (CAR) for NBFIs stood at 17.90% at the close of Q3FY16 compared to previous year's closing of 19.70%.

Among the profitability measures, return on assets (ROA) increased from 0.60% at the end of December 2014 to 0.80% at the end of December 2015. The ROA for SCBs improved from (-) 0.60% to (-) 0.04% while the ratio for the PCBs remained almost unchanged at 1.00% over this period. However, the ratio for SBs and FCBs decreased from (-) 0.70% and 3.40% respectively to (-) 1.20% and 2.90% during the same period. Like ROA, return on equity (ROE) of the banking industry also increased to 10.50% at the end of December 2015 from 8.10% at the end of December 2014. The ROE for SCBs, SBs and PCBs improved to (-) 1.47%, (-) 5.80% and 10.80% respectively in December 2015 from (-) 13.50%, (-) 6.00% and 10.30% at the end of December 2014. ROE of the FCBs decreased from 17.70% to 14.60% over the period. The aggregate ROA and ROE for NBFIs stood at 0.60% and 3.90% at the close of Q3FY16 compared to previous year's closing of 2.00% and 11.40% respectively.

During Q3FY16, the growth (year-on-year) of both deposits and advances speeded up compared to the previous quarter. The growth rate of deposits increased from 13.10% at the end of December 2015 to 13.40% at the end of March 2016. The growth of advances increased from 12.60% to 13.80% during this period. Nonetheless, the advance-deposit ratio (ADR) increased from 71.00% at the end of December 2015 to 71.50% at the end of March 2016 but still remained far below the maximum regulatory ceiling. The liquidity position of the banking sector as a whole was higher at the end of March 2016 than in June 2015; leading to ease in the money market conditions.

Government securities (G-sec) yields across all tenors had been decreasing October 2015 onwards following low domestic credit demand and excess liquidity in the market. The Central Bank's decision to cut the repo and reverse repo rates by 50 bps in January brought down the yields further. Yields started to rise from May onwards when Bangladesh Bank announced G-Sec primary auction calendar with higher borrowing requirements. In June, total primary G-Sec issuance increased to BDT 121.50 billion from BDT 69 billion in May. As per the calendar, the primary issuance in July is set at BDT 123.50 billion. The 91 days, 182 days and 364 days T-bill yields in June increased by 134 bps, 50 bps and 79 bps respectively over January. While the yield on 10 year bond slipped marginally by 10bps, the yields on 2 year, 5 year, 15 year and 20 year T-bonds surged by 9 bps, 16 bps, 56 bps and 86 bps over the same period.

Central Bank continued its reform activities this year with a core focus on ensuring financial stability and inclusion of the Banks, Non-bank Financial Institutions (NBFIs) and Micro Finance Institution (MFIs) operating in the market. It also increased its emphasis on increasing green financing. Bangladesh Bank has established a revolving fund titled "Green Transformation Fund" for an amount of USD 200 million to facilitate the relevant export oriented industries to transform

their conventional production systems with eco-friendly and energy efficient technology to meet the current global Environmental and Social (E&S) safeguards compliance standards. In light of the fraudulent activities related to ATM and credit cards, the regulator also advised banks to take a number of precautionary measures to ensure cyber security in the financial sector.

Real Estate Industry Outlook and Possible Future Development

Riding on relative political stability, price corrections and declining interest rates, Bangladesh's real estate sector started a comeback this year after three years of continuous slump. Since 2012, the real estate sector has been in difficult times due to the intermittent political instability, squeezing of bank loans, a bearish stock market, and lack of adequate gas and electricity supply.

Real estate underwent a boom that reached its peak in 2009-10. Attracted by the boom, many new firms entered the industry and sparked unhealthy competition. But the bubble surpassed its sustainable limit, which leads to its inevitable burst come 2012. As a result, sales have dropped by between 30-50% in the last three years. Because of the slowdown, developers have cut down projects and a huge number of apartments have remained unsold. The number of unsold apartments multiplied by four times, from 3,018 units in 2010 to 12,185 units in 2014, according to the Real Estate & Housing Association of Bangladesh (REHAB), the industry lobby group. At present, the number stands at about 10,000 flats unsold.

After a prolonged bad time, the market is showing turnaround this year. Not that the market has boomed, but number of transaction increased in recent months due to price corrections, relatively stable political condition and lack of investment opportunities in other sectors. The interest rate for bank deposits is very low making it unattractive. Also the rate of home loans is all time low in the market. Taking advantage of these situations,

many customers are finally making deals with the realtors.

The real estate sector remained relatively slow compared to the boom of 2010 although demand is supposed to be on the way up thanks to the rising population of Dhaka city, as well as the rest of the country. As the 11th most populous city in the world, according to a United Nations report published in July 2014, the capital city had a population of 17 million the same year. The World Urbanisation Prospects report of 2014 stated that 2010 to 2015 alone saw a 3.60% annual rise in population in Dhaka. It predicts that Dhaka is set to becoming the world's 6th most crowded city by 2030, with a population above 27 million. So there will be huge demand for housing. There must be concerted efforts and policy level support from different government agencies to ensure affordable housing for such a large population.

Product wise Performance

• Performance of Home Loan Operations

During FY 2015-16, interest rates on home loans have plunged to the lowest on record in a climb-down which gives realtors hope for a boom of the property market after a prolonged slump. Against the backdrop of the excess liquidity and rising NPLs prevailing in the financial market, banks are searching for relatively safe and potential investment areas. As a result, apart from the traditional market players, new entrants have entered the home loan market. The Private Commercial Banks (PCBs) and Non-Bank Financial Institutions (NBFIs) involved with home loans are engaged in a price war and have cut down their rates by approximately 3.00% to 5.00% when compared to that of a few years back.

As expected the rejuvenated home loan market has positively impacted our lending figures. Being a housing finance specialist DBH has forecasted the situation prudently and focused on extending its base of core retail clientele while

maintaining the asset quality. The Company's loan book in housing finance grew at a healthy pace of 15.04% to Taka 33.40 billion during the financial year while keeping gross NPL ratio at the level of 0.34% only. During the year, the gross interest income from the housing finance portfolio stood at Taka 3,789.84 million. DBH holds an adjustable rate home loan portfolio and the average rate of interest as well as the gross interest income on the home loan book is decreasing due to the strong downward shift in the market rate of interest.

Even though managing settlements ahead of schedule was a challenge this year, the disbursement figures experienced a hefty rise compared to last year and the Company has retained its position as the specialist housing financier with the largest market share in making new disbursements. Total approvals during the year stood at Taka 13,818.18 million as against Taka 7,715.05 million in the previous year showing a hefty growth by 79.11% from last year comparatives. Total disbursement has grown at a pace of 48.26% and at the end of FY 2015-16 was Taka 11,517.69 million as against Taka 7,768.69 million of preceding financial year. Since inception, it is the highest amount disbursed by the Company in a single year. During the year under review, a total of Taka 7,139.59 million was received by way of repayment of principal on loans through monthly installments and redemption ahead of schedule. Gross non-performing loans as of June 30, 2016 have been fully provided for, as required by Bangladesh Bank, DBH has a loan loss reserve amounting to 1% of standard loans & 5% of special mention accounts.

• Performance of Deposit Portfolio

Over the years DBH has established itself as one of the leading depository institution in the industry. The company has earned the trust of the clients by providing transparent & quality service. DBH has kept its focus on deposit collection as its main source of funding mechanism. As a result DBH has managed to fund over 80% of its home loan operations through deposit. At present

the Company offers a diverse deposit product line including Annual Income Deposit, Monthly Income Deposit, Quarterly Income Deposit, Cumulative Deposit, Flexible Fixed Deposit, Easy Way Deposit, Children's Deposit, Easy Home Deposit, DBH Platinum Deposit and Day-wise Deposit. In compliance to the regulations of Bangladesh Bank the minimum tenure of the deposits is three months. These products are targeted towards various customer segments comprising of retail and corporate clientele.

At the close of June 30, 2016 the deposit portfolio of DBH stands at Taka 28,727.97 million with an interest payable worth another Taka 738.68 million. As the market shifts downward the rate of interest on the DBH deposit products have also decreased this year.

DBH also provides loan against deposits (LAD) to cater to its customers' urgent financial need. As of June 30, 2016, the LAD portfolio of DBH stands at Taka 170.20 million.

Recovery

FY 2015-16 has been challenging in terms of containing the non performing loan (NPL) figures of the financial industry. At the close of June 30, 2015, the Gross NPL ratio for Banks and NBFIs were 9.70% and 7.70% respectively. Halfway through FY 2015-16, at end of December 31, 2015 the gross NPL ratio for both the sectors increased slightly and stood at 8.80% and 8.90%. However, at the end of 3rd Quarter the amount of aggregate classified loans stood at Taka 594.10 billion for bank which is 9.90% of the total outstanding loans of the banking sector. On the other hand, for NBFIs the amount stood at Taka 41.8 billion which is also 8.90% of the outstanding loans of all NBFIs operating in Bangladesh.

Under such circumstances, DBH has shown steady and resilient performance in maintaining asset quality. According to the classification policy of the Central Bank, at close of June 30, 2016 the NPL of the Company has marginally

increased to 0.34% from 0.30% at end of the preceding financial year. While aggregate NPL ratio for both Banks the NBFIs has gone up, DBH has been successful to restrain the increase to a minimum. Needless to say, this is by far the best figure in the financial industry.

Funding Operations

Being one of the largest non-bank depository institutions of the industry, the funding composition of the Company has remained significantly reliant on the deposit portfolio. The deposit portfolio of the Company has stood at Taka 28,727.97 million.

The funding of our company comprises of both long term and short term sources of fund to efficiently manage our cost of fund. Term loan portfolio of DBH consists of funds received under Housing Loan refinance Scheme of Bangladesh Bank worth Taka 2,908.03 million, term loans received from international lenders like FMO worth Taka 31.33 million and loans sourced from local markets for Taka 2,056.38 million. Apart from that the shareholder's contribution in the funding mix is 3,608.75 million, which is almost 10.00% of total fund. The Company is continuously striving to source diversified avenues of funding to minimize its cost as well as asset-liability maturity & interest rate mismatch in the balance sheet.

The funding status of DBH as of June 30, 2016 is presented below:

Source	Amount in Million Taka
Deposits	28,727.97
Term loans	4,995.74
Equity	3,608.75

Treasury Operations

In DBH, Treasury acts as a catalyst between the core functions of housing finance & deposit mobilization. Over the years the treasury wing of DBH has evolved from a day-to-day

fund managing unit to a core contributor in strategic decision making related to asset liability mismatch (ALM) and interest rate risk (IRR) mismatch management through in-depth market forecasting, internal liquidity projection and product re-pricing subject to regulatory constraints.

In FY 2015-16, the Central Bank maintained its balanced monetary policy stance with the focus on moderation and stabilization of CPI inflation alongside supporting output and employment growth. Healthy growth in export, increase in foreign direct investment and private sector's foreign-sourced loans coupled with relatively slower growth of import payments due to low petroleum price and lean investment scenario in the local market, has contributed further to an already liquid market. So, the Central Bank was again faced with the challenges of managing this excess liquidity. Weighted average interest rate of deposits and advances have continued to go down during the year but the interest rate spread remained almost same i.e., 4.87% in June 2015 to 4.85% a year later.

As there was sufficient liquidity in the market, the call money rates were also lower. From a weighted average rate of 5.79% in June 2015 it came down to 3.70% at the end of June 2016. During the FY15 the highest weighted average of interest rate for call money was 5.71% during September 2015. Understandably, the treasury department of DBH also had to optimize the funding mix ensuring maximum utilization of low cost funds to operate on a thin margin in a liquid market. With a view to cost minimization as the key objective, the treasury wing maintained its short position to access low cost fund from the inter-bank deposit market as well as the overnight market to reduce overall cost of fund and enhance treasury income. The treasury department contributed a significant portion of the interest income through investment activities during the FY16. Throughout the year the treasury department maintained a well-balanced liquidity position of the company by adhering to the rules and regulations of the Central Bank.

Investments in Securities

The capital market of the country remained unstable in the financial year. The year ended with DSEX index at 4,507.58 on June 30, 2016 which stood at 4,583.11 at the end of the previous year. In accordance to the market situation DBH has continued to maintain a cautious investment policy. The capital market portfolio of the Company has stood at Taka 272.11 million as of June 30, 2016, due to the various positive adjustment during the year, the provision to this sector has come down to Taka 30.50 million as against of Taka 58.07 million last year.

In addition to that, the Company's outstanding investment in the fixed income securities i.e. in the redeemable preference shares reached at Taka 90.00 million, besides we have also invested Taka 14.5 million in the non-marketable securities. The company has earned Taka 7.05 million from the fixed income securities as on June 30, 2016.

Human Resources

Being an organization which believes its human resources is one of its best investments, DBH focuses on hiring the right person for the right position and also concentrates on the proper development and motivation of the personnel. The Company places high emphasis on strategy for retention of performers as well.

DBH is committed to equal opportunity, unbiased treatment of all individuals based on job related qualifications. It is also committed to offering its employees fair compensation and benefits, continuous training & development, individual recognition and reward on the basis of merit, open communication, and effective feedback.

The Company's policy is to provide a working environment that is free from intimidation or harassment. To create the finest working environment, DBH assigns high priority to complying with employment rules and regulations

and respecting individual differences and opinions and preventing all forms of discrimination.

The Company never sacrifices its long-term advancement for short-term returns while recognizing the fact that healthy competition in the workplace stimulates personal and career growth, provided that it does not diminish the Company's collaboration, team spirit, or corporate performance as a whole.

It highly promotes the values that are shared across the Company and help to create positive role models of the behaviors and practices established as a whole.

DBH always encourages expression of ideas and concerns by the employees clearly and honestly in a timely and responsible manner and contribution of constructive criticism in order to make relationship with the employees and processes more efficient.

In a bid to keep up with the pace of ever changing business world with regard to altering business processes, embracing technological changes and meet up new compliance and regulatory requirements DBH undertakes training and development plan for its employees and arranges in-house functional training sessions as well as sends them over for attending third party training programs.

Information Technology

DBH is always focused on automation of business processes and achieving higher operational efficiency through the usage of appropriate and cost-effective Information and communication technology (ICT) solution.

In the financial year, IT department has successfully enhanced network security through implementing VLANs, network firewall, intrusion prevention system (IPS), web and application filtering, up-to-date antivirus system etc. which ensures the confidentiality, security and availability

of information systems in today's highly cyber threatened world. Off-site loan approval system has been introduced which can be used by loan approvers through secured VPN from outside office premises. Centralized software system has been enhanced with new features like online purchase requisition, approval, payment automation, tracking of regulatory reporting, call money management, file movement tracking etc. which improved overall performance. Moreover queue management system has been implemented for better management of customer service. Also centralized e-mail communication is implemented which reduces printing requirements and ensures will easy and faster communication with the clients.

In the coming financial year, IT department will emphasize on real time effectiveness to upgrade the disaster recovery (DR) site as an active-active scenario.

Internal Control system

DBH has adequate system of internal controls for business processes, with regard to operations, financial reporting, fraud control, compliance with applicable laws and regulations, etc. These internal controls and systems are devised as a part of the principles of good governance and are accordingly implemented within the framework of proper check and balances. Your Company ensures that a reasonably effective internal control framework operates throughout the organisation, which provides assurance with regard to safeguarding the assets, reliability of financial and operational information, compliance with applicable statutes, execution of the transactions as per the authorisation and compliance with the internal policies of the Company.

The internal audit adopts a risk based audit approach and conducts regular audits of all the branches/offices of the Company and evaluates on a continuous basis, the adequacy and effectiveness of the internal control mechanism, adherence to the policies and procedures of the Company as well as the regulatory and legal

requirements. The internal audit department places its findings before the Audit Committee of the Board of Directors at regular intervals. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening the control systems according to the changing business needs from time to time.

Codes and Standards

The Company has adopted various codes, standards and policies set out by Bangladesh Bank and Bangladesh Securities and Exchange Commission including inter alia Know Your Customer (KYC) Guidelines, Anti Money Laundering Guideline, Asset Liability management Guideline, Directors Code of Conduct, HR Policies, IT Policies and Treasury Manual etc.

The Company has the mechanisms in place to review and monitor adherence to these codes and standards and ensure reporting and compliances as required.

Credit Rating

On the other hand interest expense has also decreased by 5.35% to Taka 2,636.37 million when compared to last year's figure of Taka 2,785.29 million.

As a result, net operating income of the Company has increased by 3.78% from corresponding period of last year. The net operating income stood at Taka 1,850.94 million compared to last year's figure of Taka 1,783.54 million.

Change of Income Year

Since its inception, the income year of the Company was continuing and commencing from the first day of July and ends on the last day of June i.e. the period was of July- June. Currently, the Government through section- 9 of the Finance Act- 2015 introduced the concept of uniform income year, under which accounting period of all Banks, NBFIs and Insurance Companies shall be commencing from 1st day of January and ends on 31st day of December i.e. January –December period, and all other companies shall follow the period of July-June.

In order to comply with the said provision of Finance Act, the Board of Directors of the Company approved the change of the accounting year and in this regard, Bangladesh Bank also granted it's no objection.

Accordingly, your Company will finalize its next accounts for a short period from July 1, 2016 to December 31, 2016 which will be audited and approved by the shareholders through an Annual General Meeting to be held on or before June 30, 2017.

Corporate and Financial Reporting Framework

The Members of the Board, in accordance with the Bangladesh Securities & Exchange Commission's Notification no. SEC/CMRRCD/2006-158/134/ Admin/44 dated August 7, 2012; confirmed compliance with the financial reporting framework for the following:

- The financial statements prepared by the Management of DBH, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- Proper books of account of the issuer company have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of the financial statements and that

the accounting estimates are based on reasonable and prudent judgment.

- International Accounting Standards (IAS)/ Bangladesh Accounting Standards (BAS)/ International Financial Reporting Standards (IFRS)/ Bangladesh Financial Reporting Standards (BFRS), as applicable in Bangladesh, have been followed in preparation of the financial statements and any departure therefrom has been adequately disclosed.
- The system of internal control is sound in design and has been effectively implemented and monitored.
- There are no significant doubts upon the issuer company's ability to continue as a going concern.

Going Concern

The financial statements of the Company have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Board of Directors of DBH has made annual assessment about whether there exists any material uncertainty which may cast significant doubt upon the Company's ability to continue as a going concern, including review of budget and future outcome of inherent uncertainties in existence.

Based on the different indications, Directors feel it appropriate to adopt going concern assumptions and no material uncertainty exists in preparing the financial statements.

Report on Corporate Governance

Corporate Governance at DBH

Corporate Governance is a code that sets the principles, systems, and practices through which the Board of Directors of the Company ensures transparency, fairness and accountability in the Company's relationship with all its stakeholders, viz. regulators, shareholders, creditors, government agencies, employees, among others. The code of governance is based on the principles of making all the necessary decisions and disclosures, accountability and responsibility towards various stakeholders, complying with all the applicable laws and a continuous commitment of conducting business in a transparent and ethical manner. We at DBH, practice a trustworthy, transparent, moral and ethical conduct, both internally and externally, and are committed towards maintaining the highest standards of Corporate Governance practices in the best interest of all its stakeholders.

At DBH, the Board monitors and approves the annual budgets, business plans & strategies and various policies of the Company. It also reviews the operational and financial performance of the Company. The Board ensures the integrity of financial reporting system, financial & internal control, risk management and compliance with the applicable laws. It also oversees the process of disclosure & communications made by the Company and ensures that a transparent nomination process to the Board of the Company is duly followed.

Board of Directors

Board of Directors of DBH play a pivotal role in ensuring that good corporate governance practices are followed within the Company. The Board of Directors oversees the functioning of the Company and that of its management; and ensures that every decision taken is in the best interest of the stakeholders of the Company.

The Board while performing its fiduciary duties recognizes its responsibilities towards the shareholders and other stakeholders, to uphold the highest standards in all matters concerning the Company and for the purpose ensures proper delegation of appropriate authority to the senior officials of the Company for effective management of operations.

The Board of DBH comprises of 9 (Nine) members of which seven are Non-Executive Nominated Directors and two Independent Directors (the eminent personalities in their respective field). The goal has been to form a Board, which is cohesive and has the expertise for quick and informed decision making.

Code of Conduct

The Company had framed and adopted a Code of Conduct in accordance with the Condition No. 1.2 (v) of the Bangladesh Securities and Exchange Commission's (BSEC) Corporate Governance Guidelines 2012, which was approved by the Board of Directors in its 70th Meeting held on December 27, 2012. With the objective of enhancing the standards of governance, the Company also adopted separate codes for the members of management and executives of the Company.

For the year under review, all directors and members of senior management have affirmed their adherence to the provisions of the respective codes.

Changes in the Board

Pursuant to the Article No. 96 (B) of the Articles of Association, the position of the nominated Director of HDFC (Mr. Rajeev Sardana) had fallen vacant, which was recognized by the Board in its 87th Meeting held on April 24, 2016, as the shareholding of HDFC Investments Ltd. has

come down to 9.90% (i.e. below 10%) due to their open market sale of around 2.7 million shares, amounting to 2.32% stake in DBH.

Board Meetings

The Company holds at least four Board Meetings in a year, one in each quarter inter-alia to review the financial results of the Company. The gap between the two Board Meetings does not exceed three months. Apart from the four scheduled Board Meetings, additional Board Meetings are also convened to address the specific requirements of the Company. Urgent matters are also approved by the Board by passing Resolutions through circulation. During the year under review 5 (five) meetings of the Board were held.

Board Committees

There are two committees constituted by the Board Members to assist the Board in discharging its responsibilities – the Audit Committee and the Executive Committee. The Board at the time of constitution of each committee fixes the terms of reference for each committee and also delegates power from time to time. The minutes of the meetings of all the committees are circulated to the Board for its information.

Audit Committee

The primary role of the Audit Committee is overseeing the financial reporting process and disclosure of financial information, reviewing the financial statements before submission to the Board, reviewing adequacy of internal control systems and reviewing findings of internal investigations besides recommending appointment/ removal of statutory auditors and fixing their remuneration.

The Audit Committee of the Board was constituted in compliance with the DFIM Circular No. 13 dated October 26, 2011 of Bangladesh Bank as well as the Cond. 3 of the Bangladesh Securities and Exchange Commission's (BSEC) Corporate Governance Guidelines 2012. All the Members of the Audit Committee have the required qualifications and expertise for

appointment on the Committee and possess requisite knowledge of accounting and financial management. The Chairman of the Audit Committee is an Independent Director and was present at the last (19th) Annual General Meeting of the Company.

A separate report on the activities of the Audit Committee is attached in the page no. 68 to 70 of this report.

Executive Committee

The Executive Committee of the Board is authorized to review all the proposals of loans and advances above authority delegated to the Managing Director & CEO with an upper limit of Tk. 10.00 crore. During the period under review, 2 (two) meetings of the Executive Committee were held. In addition to the meetings, two separate proposals were approved by the Committee through resolutions by circulation, due to urgency.

The Executive Committee was last reconstituted on February 23, 2015 and the members are: Ms. Mehreen Hassan as its Chairperson, Ms. Adeeba Rahman, Dr. A M R Chowdhury and Mr. Q. M. Shariful Ala, Managing Director & CEO as its members.

Role of Independent Directors

The Independent Directors play a key role in the decision-making process of the Board as they involve in the overall strategy of the Company and oversee the performance of management. The Independent Directors are committed to acting in what they believe is in the best interest of the Company and its stakeholders.

The Independent Directors bring a wide range of experience, knowledge and judgment as they draw on their varied proficiencies in economics, finance, management, law and public policy. This wide knowledge of both, their field of expertise and boardroom practices helps foster varied, unbiased, independent and experienced perspectives. The Company benefits immensely from their inputs in achieving its strategic direction.

The Head of the Audit Committee is an Independent Directors. The Audit & the Executive committee functions within the defined terms of reference in accordance with the Acts, Guidelines and the Listing Regulations and as approved by the Board, from time to time. Board members ensure that their work in other capacities do not impinge on their fiduciary responsibilities as directors of the Company.

Role of the Chairman

The Chairman serves as the primary link between the Board and Management, and works with the CEO and Company Secretary to set the agenda of the Board Meetings. He provides leadership to the Board and ensures that the Board works effectively and discharges its responsibilities efficiently.

Chairman & Managing Director/CEO of the Company are different persons

Chairman of the Board and Managing Director of the Company are different persons with different roles and responsibilities, defined by the Board and thereby preventing unregulated powers of decision making on a single hand. The Chairman is a Non-executive Director while the Managing Director is an Executive Director.

Role of the Managing Director & CEO

The Managing Director & CEO is the key person and is responsible for running the business of the Company. He is also responsible for formulating as well as implementing Board strategy and policy. The Managing Director is responsible for establishing and executing the Company's operating plan that is necessary to achieve the Company's objectives. He has the overall control on the Company's day-to-day affairs and is accountable to the Board for the financial and operational performance of the Company.

Delegation of Authority

There is clearly spelled out delegation of authority in sanctioning loan as well as the operational and capital expenditure with specific task authority relationship. The Board has empowered responsible persons to implement its broad

policies and guidelines and has set up adequate review processes.

Role of the Company Secretary

Company Secretary is responsible for advising the Board through the Chairman on all governance matters. He is also responsible for ensuring proper information flow with the Board and its Committees and between the management and the non-executive directors. He is also acting as bridge between the regulators/stakeholders and the Company.

Internal Control and Compliance

The Company's internal control system was commensurate with its size and business nature. The system minimized operational risks through effective control, systemic review and on-going audit. The internal auditors undertook a comprehensive audit of all functional areas and operations, their findings referred to the Audit Committee of the Board.

The Company internalized its legal and technical appraisal functions to ensure optimum control. The Company's multi-level authorization structure ensured that higher exposure levels were duly authorized by personnel and committees with requisite experience and authority. Training programs and guidelines helped to implement linkage between goals and operations.

The Board has ultimate responsibility for establishing an effective system of internal control. The internal control system holds all business risks, including financial, operational and strategic risks. To mitigate all the risks as well as to establish control environment, the Board holds its meeting regularly with comprehensive agenda dealing with all major aspects of business. There is an internal control and compliance department directly reporting to the Board Audit Committee which looks after compliance with the organizational policies by different departments.

DBH made relevant mandatory disclosure in its financial statements under the regulatory framework, including compliance with the

provisions of International Financial Reporting Standards (IFRS) as adopted in Bangladesh, besides that it submits all the reports/statements regularly, which are required to submit to the authorities as well as the other stakeholders of the Company. However, a separate report on Internal Control is given in page no. 66 and 67 of this report.

Role of the Head of Internal Control & Compliance

The head of Internal Control and Compliance is responsible for reporting to the Board Audit Committee regarding deviations from accounting and internal control system. He is also leading the internal audit team of the Company.

Risk Management

The Company always concentrates on delivering high value to its stakeholders through appropriate tradeoff between risk and return. A well structured and proactive risk management system is in place within the Company to address the risks relating to credit, market, liquidity and operations. Details of the Risk Management are described at notes 2.28 of the Financial Statements in the page no. 102 of this report.

Accounting Standards

The Company has complied with the applicable Accounting Standards. The financial statements present fairly, in all material respects and comply with the Financial Institution Act 1993, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

Secretarial Standards

The Company has complied with the applicable Secretarial Standards notified by the Institute of Chartered Secretaries of Bangladesh.

Related Party Transactions

Transactions with related parties are made on arm's length basis and are in the ordinary course of business. Detailed transactions with related

parties are described at notes- 36 of the Financial Statements in the page no. 123 of this annual report.

Auditors Certificate on Corporate Governance

The Company has complied with all mandatory requirements of Corporate Governance Guidelines as enumerated in the Notification No. SEC/CMRRCD/2006-158/134/Admin/44 dated 7 August 2012 and its subsequent amendments of Bangladesh Securities and Exchange Commission. Mr. S A Rashid FCS, Chartered Secretary in Practice has certified that the Company has complied with the conditions of Corporate Governance as stipulated under the Corporate Governance Guidelines which is annexed in the page no. 64.

Statement of CEO and the Head of Finance regarding Financial Statements

A separate statement as to the fairness and presentation of the Financial Statements of the Company is given in page no. 86 of this report.

Annual General Meeting (AGM)

DBH holds General Meeting of members once a year and the Company ensures effective interaction with the members at the Annual General Meeting. The Directors pay special attention in answering the various queries raised by the members at the Annual General Meeting.

Resolutions passed at the previous AGM i.e. 19th Annual General Meeting

Date & Time: December 8, 2015 at 11:00 AM
Venue: the Eden Ball Room of Hotel Amari, House- 47, Road- 41, Gulshan-2, Dhaka-1212.

Resolutions passed by the members:

- Financial Statements for the year ended June 30, 2015.
- Dividend @ 30% cash.
- Re-election of Directors; Ms. Mehreen Hassan, Mr. Swapan Kumar Sarkar, Dr. A M R Chowdhury as well as appointment/re-appointment of Mr. M I Chowdhury and Dr. A K A Mubin, Independent Directors.

- Appointment of M/s. S F Ahmed & Co., Chartered Accountants as external auditor of the Company.

General Information for the Shareholders

The Company's financial results and official news releases are also displayed on the company's website and on the websites of the Dhaka Stock Exchange and Chittagong Stock Exchange and the news required to publish in the daily newspapers & online newspapers are also published accordingly.

Redressal of Investors complaints

Corporate Affairs Department of DBH is engaged to redress the complaints of the Shareholders and

Investors' related to transfer and transmission of shares, non-receipt of annual reports, dividends and other share related matters. The department also observes the monthly status of the number of shares in physical as well as dematerialized form.

Going Concern

The Board is satisfied that the Company has adequate resources to continue its business for the foreseeable future and consequently considers it appropriate to adopt the going concern basis in preparing the financial statements. A separate statement on the topic is attached in page no. 83 of this report.

Shareholding Pattern of the Company as on 30th June 2016

On the basis of shareholders types:

Certificate on Compliance of Corporate Governance Guidelines

[Notification No. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August 2012]

I have reviewed the Compliance of Conditions of the Corporate Governance Guidelines by **Delta Brac Housing Finance Corporation Limited** ("the Company") for the year ended 30 June 2016. Such compliance is the responsibility of the Company as stipulated in the above mentioned notification issued by Bangladesh Securities and Exchange Commission (BSEC).

I have conducted my review in a manner that has provided me a reasonable basis for evaluating the compliances and expressing my opinion thereon. This review has been limited to the measures adopted by the Company in ensuring such compliances and this has not been for expression of opinion on the financial statements or future viability of the Company.

According to the information and explanations provided to me by the Company, I hereby certify that all the conditions of the Corporate Governance Guidelines have been complied with by the Company.

Report on Internal Control

Objectives

DBH has the adequate system of internal controls for business processes, with regard to operations, financial reporting, fraud control, compliance with applicable laws and regulations, etc. These internal control and systems are devised as a part of the principles of good governance and are accordingly implemented within the framework of proper check and balances.

The aim of internal control is to provide reasonable assurance, by means of system of processes and procedures implemented by DBH, that the following objectives may be achieved:

- To determine the reliability and integrity of information; (i.e. evaluating the internal control systems and the integrity of financial and operating information produced by those systems);
- To determine whether compliance exists with policies, procedures, laws, and regulations;
- To determine if assets are safeguarded and verify the existence of those assets;
- To review operations or programs for consistency with established management goals and objectives;
- To assist executives of the company in the effective and successful performance with analyses, appraisals, recommendations, and other pertinent information concerning the activities being reviewed.

DBH ensures that a reasonably effective internal control framework operates throughout the organisation, which provides assurance with regard to safeguarding the assets, reliability of financial and operational information, compliance with applicable statutes, execution

of the transactions as per the authorisation and compliance with the internal policies of the Company.

Internal control procedure

The internal audit adopts a risk based audit approach and conducts regular audits of all the branches/offices of the Company and evaluates on a continuous basis, the adequacy and effectiveness of the internal control mechanism, adherence to the policies and procedures of the Company as well as the regulatory and legal requirements. The internal audit department places its findings before the Audit Committee of Board of Directors at regular intervals. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening the control systems according to the changing business needs from time to time.

The key operations and the internal control procedures are described below:

Financial and accounting information

With view to ensure safe, secure, stable & effective transaction processing, Finance & Accounts Department of DBH is working with utmost efficiency & professionalism.

Financial and accounting information is prepared centrally on the basis of financial statements generated from the software application that is used by different departments and is in compliance with the IAS (International Accounting Standards) and IFRS (International Financial Reporting Standards) as adopted by the ICAB (Institute of Chartered Accountant of Bangladesh) from time to time.

Reports are produced monthly and prepared in the following month to which they relate whereas

full accounting consolidations are produced quarterly and prepared within the following month to which they relate. The preparation of the annual financial statements is the responsibility of the Management under the supervision of the Audit Committee and Company's Auditor. The quarterly & half-yearly Financial Statements are prepared by the Management under the supervision of Audit Committee.

External financial information

Financial communication to external parties consists of financial statements prepared by the Management, submitted to the Board and reviewed and audited by the Auditors.

Cash position and financing

Responsibility for fund management is delegated to the treasury wing of the finance department by means of well defined procedures and delegation.

The finance & accounts department is responsible for borrowings and investment which is required to comply with specific procedures such as, position of the banks involved, risk-free investment and monitoring of financial transactions.

Borrowings and investments are monitored on the monthly basis by means of report produced by the treasury and finance & accounts department and submitted to Senior Management.

Procedures and inspections

With the objectives of producing high quality financial and accounting information, DBH has introduced procedures and instructions tailored to every section. These procedures are grouped by topic and deal mainly with accounting, treasury, regulatory and reporting issues.

The internal control & compliance department is independent from management. It audits the activities and systems of different departments in accordance with an audit plan, particularly in order to assess and improve the accuracy and reliability of the accounting and financial information.

The internal control & compliance department coordinates relations with external auditors.

Customer relation

With the aims of specifying and formalizing certain practices regarding contractual relations with its clients, DBH has developed a procedure for managing client risk. This includes limit in respect of credit, delegation of authority, security, insurance and documentation.

The legal department analyzes the legal provisions applicable to financing agreements executed between DBH and the clients. We have standard documents defining the conditions with which the agreements should comply in order to reduce the level of risk. These standard documents are regularly reviewed by the concerned departments.

Human resources

While ensuring a performance driven culture and better learning environment, DBH has been engaged in minimizing operating costs and maximizing profit at the optimal context. In connection with this view, the Human Resources department organizes career and skills development training for those positions requiring a high level of responsibility. It carries out the performance evaluation program in each year. This department provides industry information to the management as to the emolument and benefits. Human Resources department is responsible for ensuring compliance with the service rules and regulations.

Information technology

The Information Technology Department is responsible for integrating and ensuring the consistency of the hardware and software used. In DBH, most of the data processing is carried out by means of integrated software packages. Back up of the database is stored in a safe custody on daily, weekly and monthly basis at within and outside business premises.

Audit Committee Report

The Audit Committee of DBH on behalf of the Board strives to ensure effective implementation of the processes set out in the business plans and policies. Its aim is to ensure that high standards of corporate reporting, control and compliance are achieved through its strong vigilance and monitoring of the followings areas:

- Oversee the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statements is correct, sufficient and credible;
- Recommend to the Board, the appointment, re-appointment and, if required, the replacement or removal of the statutory auditor and the fixation of audit fees;
- Review with the management, the quarterly, half-yearly and annual financial statements before submission to the Board for approval.

Composition of the Committee

The Audit Committee of DBH has been formed pursuant to the Bangladesh Bank's guideline on Internal Control and Compliance (ICC) framework vides their DFIM Circular No.- 13, dated : October 26, 2011 and Bangladesh Securities and Exchange Commission's Corporate Governance Guidelines dated August 7, 2012.

The Audit Committee at DBH was last reconstituted on September 29, 2015 and the present members of the Committee are:

Mr. Jashim Uddin Company Secretary is also the Secretary of the Audit Committee. The Head of Internal Audit concurrently reports to the Managing Director & CEO as well as to the Audit Committee.

Meeting of the Audit Committee

The Committee normally meets quarterly, but an emergency meeting of the Committee may be called, if required. However, during the year under review, 4 (four) Committee meetings were held. The Committee reviews the financial reporting process, the system of internal control and management of financial & operational risks through the audit process.

Audit Committee reviewed the annual financial statements for the year 2015-2016 and placed its recommendations to the Board of Directors. Based on the review, the Audit Committee is of the view that the internal control and compliance procedures are adequate to present a true and fair view of the activities and financial status of the Company and to ensure that its assets are safeguarded properly.

Roles and Responsibilities of the Committee

As set out by Bangladesh Bank and Bangladesh Securities & Exchange Commission, in addition to any other responsibility, which may be assigned from time to time by the Board, the audit committee is responsible for the following matters:

Name	Status in the Committee	Status in the Board
Mr. M I Chowdhury	Chairman	Independent Director
Mr. Faruq A Choudhury	Member	Chairman
Mr. Nasir A Choudhury	Member	Director
Mr. A Z Mohammad Hossain	Member	Director
Mr. Swapan Kumar Sarkar, FCA	Member	Director

(a) Internal Control

- (1) Evaluate whether management is setting the appropriate compliance culture by communicating the importance of internal control and the management of risk and ensuring that all employees have understanding of their roles and responsibilities;
- (2) Review the arrangements made by the management for building a suitable Management Information System (MIS) including computerization system and its applications;
- (3) Consider whether internal control strategies recommended by internal and external auditors have been implemented by the management;
- (4) Review the existing risk management procedures for ensuring an effective internal check and control system;
- (5) Review the corrective measures taken by the management as regards the reports relating to fraud-forgery, deficiencies in internal control or other similar issues detected by internal and external auditors and inspectors of the regulatory authority and inform the board on a regular basis.

(b) Financial Reporting

- (1) Review the annual financial statements and determine whether they are complete and consistent with the accounting standards set by the regulatory authority;
- (2) Meet management and the external auditors to review the financial statements before their finalization;

- (3) The chairman of the audit committee shall be present and answerable to reply the accounting and audit related query in the general meeting.

(c) Internal Audit

- (1) Review the activities and organizational structure of the internal audit function and ensure that no unjustified restrictions or limitations are made;
- (2) Review the efficiency and effectiveness of internal audit function;
- (3) Review that findings and recommendations made by the internal auditors for removing the irregularities detected and also running the affairs of the Institution are duly considered by the management;
- (4) Recommend the Board in case of change of the accounting policies.

(d) External Audit

- (1) Review the auditing performance of the external auditors and their audit reports;
- (2) Review that findings and recommendations made by the external auditors for removing the irregularities detected and also running the affairs of the institution are duly considered by the management;
- (3) Make recommendations to the Board regarding the appointment of the external auditors.

(e) Compliance with existing Laws and Regulations

Review whether the laws and regulations framed by the regulatory authorities (Bangladesh Bank and other bodies) and internal regulations approved by the Board have been complied with.

(f) Other Responsibilities

- (1) Place reports before the Board on periodic basis regarding findings, recommendations, regularization of the errors & omissions, fraud and forgeries and other irregularities as detected by the internal and external auditors and inspectors of regulatory authorities;
- (2) Perform other oversight functions as requested by the Board and evaluate the Committee's own performance on a regular basis;
- (3) Receive and review the report of the internal audit which normally prepares for the higher management.

Reporting to the Board and the Shareholders

The Committee reports to the Board following each meeting. In addition, the Committee also provides:

- Copies of minutes of the Meeting to the Board;
- A report annually to the Board/ Shareholders;

Acknowledgement

The Board Audit Committee expressed its sincere thanks to the members of the Board, Management and the Auditors for their support in carrying out its duties and responsibilities effectively.

Green Banking Activities of DBH

Green Banking has emerged and recognized as an important strategy to address sustainable concerns. The green initiatives will synergize collective responsibility and support approach to anticipate and prevent potential negative impact on the environment and society.

DBH has outlined a policy guideline for implementing Green Banking activities in a structured manner in line with standard norms so as to protect environmental degradation and ensure sustainable business practices.

Environment Friendly Loan Financing

DBH has continued financing by complying the environmental standard. Our aim is to do best to ensure that the credits we extend to our customers are utilized for environmentally sound and sustainable purposes. Projects with likely adverse impact on environment are strongly discouraged by DBH. As an environment responsive Financial Institution, DBH ensures that the borrower has the due environmental clearance certificate from the concerned authorities while granting or renewing credit facilities. DBH has assessed environmental and social issues related to the projects at the time of granting credit facilities which reflects DBH's strong commitment in ensuring environmental and social safeguard of the projects, while creating a sense of accountability for the borrowers.

DBH also encourages its borrowers to have solar panel in their project at the time of appraising

and granting housing loan facilities. In future the company aims to enhance the effort on preserving ecosystem, land, air and water in line with broad corporate mission of the Company.

Improved In-house Management & Green practices

The Company has been maintaining a balanced initiative and supporting activity to contain things that may adversely affect the environment. DBH encourages rational use of energy in the office and promotes the spirit of environment friendly action plans. Reduced utilization of electricity and minimum uses of water and paper have become mandatory for the officials.

Environmental Due Diligence (EDD)

DBH maintains Environmental Due Diligence at the time of processing proposal before placing the same to Management. Few clients of DBH have found applicable for EDD and after conducting Environmental Risk Rating (EnvRR) it is found that few clients have been fallen in the category of low risk and in moderate risk level.

Corporate Social Responsibility (CSR) at DBH

Delta Brac Housing Finance Corporation Ltd. (DBH) being a corporate citizen, derives the resources and benefits from operating in society in general. It therefore, owes a solemn duty to the less fortunate and the under-privileged members of the society. Thus, Corporate Social Responsibility (CSR) is embedded in our values and informs how we conduct business.

We have put in place very strong and sensible CSR initiatives. CSR is an integral part of corporate culture and ethics of DBH.

DBH and its Customers

DBH is determined to serve its customer's needs by offering useful financial products and services, while maintaining good relationships with them. We have taken several measures to raise the bar of our service excellence to ensure that customers receive the best possible service. DBH ensures confidentiality of customer's information and attaches highest importance in complaint management. The Company strives to listen and learn from its stakeholders and to take the appropriate action where it applies, since responsible behavior towards its clients, shareholders and employees is an essential element of Company's daily business.

DBH and its Employees

DBH has established a competitive and enabling working environment to help employees perform their best. DBH is working with a vision of converting human resources into human capital through appropriate knowledge, skills, abilities and personal attribution. Creating a culture of healthy competition driven by knowledge is what we believe is the best way to prepare our employees to take up challenges of the

contemporary business world. DBH ensures equal opportunities for all its employees in terms of both their personal and professional development. DBH ensures health and safety in the workplace while keeping it modern by providing all amenities for its employees. To attract talents and retain competency, we have a balanced compensation scheme comprising financial and qualitative benefits. Besides providing competitive package, DBH provides various welfare schemes to its employees.

Gender Equality and Women's Empowerment

DBH considers the responsibility for protection of human rights, gender equality and women's empowerment. DBH is successfully developing in bringing diversity in workforce in context of age, gender, ethnicity and locality. DBH strives to strike the balance between male and female employees in the workforce.

Corporate Governance at DBH

As a strong believer of sustainable growth, principles of good corporate governance form the core values of DBH. In order to achieve transparent and sound corporate governance, we have adopted international best practices to help us sustain in this globalized competitive free market economy. Corporate Governance policy of DBH recognizes the importance of the transparency to all its constituents; including employees, customers, investors and the regulatory authorities demonstrating that the shareholders are the ultimate beneficiaries of the Company's economic activities.

DBH's corporate governance philosophy encompasses not only regulatory and legal requirements, including the BSE Regulations

and the Bangladesh Bank Guidelines in respect of corporate governance but also other practices aimed at a high level of business ethics, effective supervision and enhancement of value for all shareholders.

Environmental Awareness

As an environment-responsive Institution we initiated Go Green campaign in our Company. DBH ensures borrower has the due environmental clearance certificate from the concerned authorities while granting or renewing credit facilities. DBH has assessed environmental and social issues related to the projects at the time of granting credit facilities which reflects DBH's strong commitment in ensuring environmental and social safeguard of the projects, while creating a sense of accountability for the borrowers.

DBH conducted various CSR activities during the financial year 2015-2016. The highlights of the activities taken during the reporting period are as follows:

- **Disaster Management:**

DBH has come forward to stand by the cold-hit people of the country for distribution of blankets among the poor. DBH has delivered 2000 piece blankets to the BRAC-AAF to distribute the blankets among the poor to address the misery of the poor and floating people, who are the worst sufferers in the chilling cold sweeping through many districts of the country.

- **Shelter Assistance:**

DBH encourages the concept of building homes for the lower income groups. Continuing with its annual tradition, DBH employees took part in the home building activities launched by Habitat for Humanity Bangladesh (HFHB) at Anandanagar, Suapur, Dhamrai, Dhaka on Saturday, December 12, 2015 for construction of low cost homes for a destitute family and renovating homes of five destitute families at Kaligonj, Gazipur district on Saturday, June 4, 2016, under the CSR activities of DBH.

- **Health Care:**

DBH has donated to a patient under the CSR policy of the Company.

- **Education:**

DBH has participated in the affair of Campaign for Popular Education (CAMPE), mainly focused on access to education & literacy issues to address the emerging challenges of achieving the national goal of "Education for All (EFA)" in Bangladesh.

Disclosures on Capital Adequacy and Market Discipline (CAMD) – Pillar III

A) Scope of Application

Qualitative Disclosures:

- (a) These guidelines apply to Delta Brac Housing Finance Corporation Ltd.
- (b) DBH has no subsidiary companies.
- (c) Not Applicable

Quantitative Disclosures:

- (d) Not Applicable

B) Capital Structure

Qualitative Disclosures:

- (a) Summary information on terms and conditions of the main features of all capital instruments, especially in the case of capital instruments eligible for inclusion in Tier 1 or Tier 2.

Tier 2 Capital includes:

- i) General provision up to a limit of 1.25% of Risk Weighted Asset (RWA) of Credit Risk.

Conditions for maintaining regulatory capital:

- i) The amount of Tier 2 capital will be limited to 100% of the amount of Tier 1 capital.

Quantitative Disclosures:

- (b) The amount of Tier 1 capital, with separate disclosure of:

Particulars	Amount in Crore Taka
Paid up capital	116.05
Non-repayable share premium account	5.50
Statutory reserve	96.91
General Reserve & other reserve	80.81
Retained earning	41.61
Dividend equalization account	20.00

Amount in Crore Taka

- c) The total amount of Tier 2 capital 23.38
- (d) Other deductions from capital -
- (e) Total eligible capital 384.26

C) Capital Adequacy

Qualitative Disclosures

- (a) A summary discussion of DBH's approach to assessing the adequacy of its capital to support current and future activities.

Risk Weighted Assets (RWA) and Capital Adequacy Ratio (CAR)

DBH has applied Standard Approach for computation of Capital Charge for Credit Risk and Market Risk while Basic Indicator Approach for Operational Risk. Total Risk Weighted Assets (RWA) of the Company is determined by multiplying capital charge for market risk and operational risk by reciprocal of the minimum capital adequacy ratio and adding the resulted figures to the sum of risk weighted assets for credit risk. Total RWA is then used as denominator while total Eligible Capital as numerator to derive Capital Adequacy Ratio.

Strategy to Achieve the Required Capital Adequacy:

- Rigorous monitoring of overdue loans to bring those under 90 days overdue
- Financing clients having good rating as per Company's policy
- Using benefit of credit risk mitigation by taking eligible collaterals against transactions
- Focusing more to increase the spread on housing loan and thus increasing retained earnings

- Raise fresh capital by issuing bonus share/right issue.

Quantitative Disclosures

Amount in crore Taka

(b) Capital requirement for Credit Risk	187.08
(c) Capital requirement for Market Risk	3.61
(d) Capital requirement for Operational Risk	26.81
(e) Total and Tier 1 capital ratio:	
CAR on Total capital basis (%)	17.67
CAR on Tier 1 capital basis (%)	16.59

D) Credit Risk

Qualitative Disclosures

- (a) The general qualitative disclosure requirement with respect to credit risk including:

- Definitions of past due and impaired (for accounting purposes)

As per the Bangladesh Bank's Prudential Guideline on Capital Adequacy and Market Discipline for Financial Institutions, the unsecured portion of any claim or exposure (other than claims secured by residential property) that is past due for 90 days or more, net of specific provisions (including partial write-off) will be risk weighted as per risk weights of respective balance sheet exposures. For the purpose of defining the net exposure of the past due loan, eligible financial collateral (if any) may be considered for Credit Risk Mitigation.

- Description of approaches followed for specific and general allowances and statistical methods

General provisions are maintained according to the relevant Bangladesh Bank Guideline and Specific provisions are maintained as per DBH's internal policy which is much more conservative than Bangladesh Bank Guidelines.

Discussion on FI's credit risk management policy:

Implementation of various strategies to minimize risk:

To encounter and mitigate credit risk, the following control measures are taken place at DBH:

- Vigorous monitoring and follow up by fully dedicated recovery and collection team
- Strong follow up of compliance of credit policies by appraiser and credit department
- Taking collateral, performing valuation and legal vetting on the proposed collateral by members of our own dedicated technical and legal department
- Seeking legal opinion from external lawyers for any legal issues if required
- Regular review of market situation and industry exposures
- Insurance coverage for funded assets.

In addition to the best industry practices for assessing, identifying and measuring risks, DBH also considers Guideline for Managing Core Risks of Financial Institutions issued by Bangladesh Bank for management of risks.

Approved Credit Policy by the Board of Directors

The Board of Directors has approved the credit policy for the company where major policy guidelines, growth strategy, exposure limits and risk management strategies have been described/stated. Credit policy is regularly updated to cope up with the changing global, environmental and domestic scenarios.

Separate Credit Administration Department

An independent Credit Administration Department is in place, at DBH, to scrutinize all loans from risk-weighted point of view and assist the management in creating a high quality portfolio and maximize returns from assets. The Credit department assesses credit risks and suggests mitigations and ensures that adequate security documents are in place before sanction of loan and before disbursement of loans.

Special Recovery and Collection Team

A strong recovery team monitors the performance of the loans and advances, identifies early sign of delinquencies in portfolio and takes corrective measures to mitigate risks, improve loan quality and to ensure recovery of loans in a timely manner including legal actions.

Independent Internal Compliance Department

Appropriate internal control measures are in place at DBH. An Internal Compliance Department has been established to ensure compliance with all internal guidelines, Bangladesh Bank guidelines, operational procedures and adequacy of internal control and documentation procedures.

Credit Evaluation

To mitigate credit risk, DBH search for credit reports from Credit Information Bureau (CIB) of Bangladesh Bank. The report is scrutinized by Credit Admin Department and Loan Operation Department to understand the liability condition and repayment behavior of the client. Depending on the reports, opinions are taken from the concerned related parties for better understanding about client's credit worthiness.

Credit Approval Process

To ensure both speedy service and mitigation of credit risk, the approval process is maintained through a multilayer system.

Depending on the size of the loan, a multilayer approval system is designed. As smaller loan are very frequent and comparatively less risky, lower sanctioning authority is set to improve processing time and associated risk. Bigger loans require more scrutiny as the associated risk is higher hence sanctioning authority is higher as well.

Early Warning System

Performance of loans is regularly monitored to trigger early warning system to address the loans

and advances whose performance show any deteriorating trend. It helps the company to grow its credit portfolio with ultimate objective of protecting the interest of the stakeholders.

Methods used to measure Credit Risk

As per the directives of Bangladesh Bank, 'The Standardize Approach' is applied by the company to measure its Credit Risk.

Quantitative Disclosures

(b) Total gross credit risk exposures broken down by major types of credit exposure.

Particulars	Amount in crore Taka
Housing Loan	3319.73
Loan against Deposit	17.02
Staff Loan	11.72
Installment Receivables	9.39
Total	3357.86

(c) Geographical distribution of exposures, broken down in significant areas by major types of credit exposure.

Area	Amount in crore Taka
Dhaka	3102.97
Chittagong	237.38
Sylhet	17.51
Total	3357.86

(d) Industry or counterparty type distribution of exposures, broken down by major types of credit exposure.

Sector	Amount in crore Taka
Housing & Real Estate	3339.71
Others	18.15
Total	3357.86

- (e) Residual contractual maturity breakdown of the whole portfolio, broken down by major types of credit exposure.

Particulars	Amount in crore Taka
Repayable on demand	9.40
Not more than 3 months	199.18
Over 3 months but not more than 1 year	525.88
Over 1 year but not more than 5 years	1730.58
Over 5 years	892.82
Total	3357.86

- (f) By major industry or counterparty type:

- i) Amount of impaired loans and if available, past due loans, provided separately

The amount of classified loans and advances of DBH are given below as per Bangladesh Bank guidelines.

Particulars	Amount in crore Taka
Housing loans up to 5 years	0.51
Housing loans over 5 years	10.74
Totals	11.25

- ii) Specific and general provisions:

Specific and general provisions were made on the amount of classified and unclassified loans and advances of DBH.

Particulars	Amount in crore Taka
Provision on classified loans and advances	11.25
Provision on unclassified loans and advances	96.88
Total	108.13

- iii) Charges for specific allowances and charge-offs during the year.

During the year the specific and general provisions

were made on the amount of classified and unclassified loans and advances of DBH.

Particulars	Amount in crore Taka
Provision on classified loans and advances	2.48
Provision on unclassified loans and advances	6.10
Total	8.58

Amount in crore Taka

- (g) Gross Non Performing Assets (NPA) 11.25

Non Performing Assets (NPAs) to outstanding Loans and Advances 0.34%

Movement of Non-Performing Assets (NPAs)

Amount in crore Taka

Opening Balance	8.77
Additions	4.33
Reductions	1.85
Closing Balance	11.25

Movement of Specific Provisions for NPAs

Opening Balance	0.73
Provisions made during the period	0.19
Write-off	0.0
Written-back of excess provisions	0.0
Closing Balance	0.92

E) Equities: Banking book positions

Qualitative Disclosures

- (a) The general qualitative disclosure requirement with respect to equity risk, including:

Differentiation between holdings on which capital gains are expected and those taken under other objectives including for relationship and strategic reasons. Discussion of important policies covering the valuation and accounting of equity holdings in the banking book positions. This includes the

accounting techniques and valuation methodologies used, including key assumptions and practices affecting valuation as well as significant changes in these practices.

Quoted shares are valued at cost prices and if the total cost of a particular share is lower than the market value of that particular share, then provision are maintained as per terms and conditions of regulatory authority. Mutual funds have been valued at 85% of latest published NAV available as on June 30, 2016. On the other, unquoted share is valued at cost price or book value as per latest audited accounts.

Quantitative Disclosures

- (b) Value disclosed in the balance sheet of investments, as well as the fair value of those investments, for quoted securities, a comparison to publicly quoted share values where share price is materially different from fair value.

Particulars	Amount in crore Taka
Quoted shares (Market price)	18.07
Quoted shares (Cost Price)	27.21
Unquoted shares	1.20

Breakup of Total Investment	
Particulars	Amount in crore Taka
Government securities	0.11
Non marketable securities	1.20
Preference share	9.00
Commercial paper	5.00
Investment in Peninsula AMCL Unit Fund	0.25
Marketable Securities	27.21

- (c) The cumulative realized gain (losses) arising from sales and liquidations in the reporting period.

Particulars	Amount in crore Taka
Cumulative realized gain (loss)	(0.71)

(d)

Particulars	Amount in crore Taka
Total unrealized gains(Losses)	(3.05)
Total latent revaluation gains (Losses)	-
Any amounts of the above included in Tier 2 Capital	-

- (e) Capital requirements broken down by appropriate equity groupings, consistent with FI's methodology, as well as the aggregate amounts and the type of equity investments subject to any supervisory provisions regarding regulatory capital.

Specific Risk –Market value of investment in equities is BDT 18.07 crore. Capital requirement is 10% of the said value which stands at BDT 1.81 crore.

General Risk – Market value of investment in equities is BDT 18.07 crore. Capital requirement is 10% of the said value which stands at BDT 1.81crore.

F) Interest rate in the banking book

Qualitative Disclosures

- (a) The general qualitative disclosure requirement including the nature of interest risk and key assumptions, including assumptions regarding loan prepayments and behavior of non-maturity deposits.

Interest rate risk in the banking book arises from mismatches between the future yield of assets and their funding cost. Assets Liability Committee (ALCO) monitors the interest rate movement on a regular basis.

DBH measures the interest rate risk by calculating maturity gap between Risk Sensitive Assets (RSA) and Risk Sensitive Liabilities (RSL) i.e. a positive maturity gap affect company's profitability positively with the increment of interest rate and negative maturity gap affects company's profitability adversely with the increment of interest rate.

Quantitative Disclosures

- (b) The increase (decline) in earning or economic value (or relevant measure used by management) for upward and downward rate shocks according to management's method for measuring interest rate risk broken down by currency (as relevant).

Interest Rate Risk-Increase in Interest Rate: (BDT in Crore) Where applicable

Particulars	Maturity wise Distribution of Assets-Liabilities				
	1 to 30/31 day (One month)	Over 1 month to 2 months	Over 2 months to 3 months	Over 3 months to 6 months	Over 6 months to 1 year
A. Total Rate Sensitive Liabilities (A)	78.92	222.87	263.60	414.66	164.25
B. Total Rate Sensitive Assets (B)	162.07	323.78	172.53	308.08	342.22
C. Mismatch	83.15	100.92	-91.06	-106.58	177.96
D. Cumulative Mismatch	83.15	184.07	93.01	-13.57	164.39
E. Mismatch (%)	105.36%	45.28%	-34.55%	-25.70%	108.35%

Interest Rate Risk			
Magnitude of Shock	Minor	Moderate	Major
	2%	4%	6%
Change in the Value of Bond Portfolio (BDT in Crore)	0.00	0.00	0.00
Net Interest Income (BDT in Crore)	3.29	6.58	9.86
Revised Regulatory Capital (BDT in Crore)	387.55	390.84	394.12
Risk Weighted Assets (BDT in Crore)	2175.05	2175.05	2175.05
Revised CAR (%)	17.82%	17.97%	18.12%

G) Market Risk

Qualitative Disclosures

- (a) Views of BOD on trading/investment activities

All the Market risk related policies/guidelines are duly approved by BOD. The BOD sets limits, reviews and updates the compliance on regular basis aiming to mitigate market risk.

Method used to measure Market risk

Market risk is the probability of losing assets in balance sheet and off-balance sheet position arising out of volatility in market variables i.e. interest rate, exchange rate and prices of securities. In order to

calculate the market risk for trading book purposes the company uses Standardize (rule based) Approach. Capital charge for interest rate risk and foreign exchange risk is not applicable to our company as because we do not have such balance sheet items.

Market Risk Management System

A system for managing Market Risk is in place where guideline has been given regarding long-term, short-term funding, liquidity contingency plan, local regulatory compliance etc. Treasury manages the Market risk with the help of Asset Liability Management Committee (ALCO) and Asset Liability Management (ALM) Desk in the following manner:

Interest Risk Management

Treasury Department reviews the risk of changes in the income of the company as a result of movements in the market interest rates. In the normal course of business, DBH tries to minimize the mismatches between the duration of interest rate sensitive assets and liabilities. Effective Interest Rate Risk Management is done as under:

Market analysis

Market analysis over interest rate movements are reviewed by the Treasury Department of the company. The type and level of mismatch interest rate risk of the company is managed and monitored from two perspectives, being an economic value perspective and earning value perspective.

GAP analysis

ALCO has established guidelines in line with central bank's policy for the management of assets and liabilities, monitoring and minimizing interest rate risks at an acceptable level. ALCO in its regular monthly meeting analyzes Interest Rate Sensitivity by computing GAP i.e. the difference between rate sensitive assets and rate sensitive liabilities and takes decision of enhancing or reducing the GAP according to prevailing market situation aiming to mitigate interest rate risk.

Continuous Monitoring

Company's treasury manages and controls day-to-day trading activities under the supervision of ALCO that ensures continuous monitoring of the level of assured risks.

Equity Risk Management

Equity Risk is the risk of loss due to adverse change in the market place of equities held by the Company.

Equity Risk is managed by the following manner:

DBH minimizes the equity risks by portfolio diversification as per investment policy of the Company.

Quantitative Disclosures

(b) The capital requirements for Market Risk:

Amount in crore Taka

Interest rate risk	-
Equity position risk	3.61
Foreign Exchange Position and Commodity risk (If any)	-

H) Operational Risk:

Qualitative disclosure:

a) Views of Board on the system to reduce Operational Risk:

All the policies and guidelines of internal control and compliances are established as per advice of the Board. The Board delegates its authority to Executive Committee and Managing Director. Audit Committee of the Board oversees the activities of internal Control and compliance as per good governance guideline issued by Securities and Exchange Commission.

Performance gap of executives and staff

DBH's recruitment policy is based on retaining and attracting the most suitable people at all levels of the business and this is reflected in our objective approach to recruitment and selection. The approach is based on the requirements of the job (both now and in future), matching the ability and potential of the individual. Qualification, skills and competency form our basis for nurturing talent. Favorable job responsibilities are increasingly attracting greater participation from different level of employees in the

DBH family. We aim to foster a sense of pride in working for DBH and to be the employer of choice. As such there exists no performance gap in DBH.

Potential external events

No such potential external event exists to raise operational risk of DBH at the time of reporting.

Policies and Procedure for mitigating operational risk

DBH has established a strong Internal Control Department to address operational risk and to frame and implement policies to deter such risks. Internal Control Department assesses operational risk across the company and ensures that appropriate framework exists to identify, assess and manage operational risk.

Approach to calculating capital charge for operational risk:

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. DBH uses basic indicator approach for calculating capital charge against operational risk i.e. 15% of average positive annual gross income of the company over last three years.

Quantitative Disclosures:

b) Capital requirement for operational risk:

Amount in crore Taka

Capital requirement for operational risk:	26.81

Report on Going Concern Status of DBH

Delta Brac Housing Finance Corporation Ltd. (DBH) is a non-banking financial institution and continuing its business since 1997, as going concern basis. Financial Statements of a Company are required to be prepared on the basis of going concern concept as per Bangladesh Accounting Standard (BAS)-1. Under this concept it is assumed that the Company will continue its business indefinitely and will not cease trading or liquidate and therefore the Company must be able to generate enough resources to stay operational.

The Board of Directors of Delta Brac Housing Finance Corporation Limited have made annual assessment about whether there exists a material uncertainty which may cast significant doubt upon the Company's ability to continue as going concern. The Director's assessment of whether the company is a going concern entity involves making appropriate inquiries including review of budget and future outcome of inherent uncertainties in existence. The Directors are convinced from the following indications, which give reasonable assurance as to company's continuance as a going concern for the foreseeable future.

Financial Indications

Less reliance on short term borrowing:

At the end of June 2016, total short term borrowings of the Company were Taka 2,650.15 million, representing only 7.15 percent of total liabilities that indicates the Company has least reliance on short term borrowings.

Continuous financial support from depositors:

The Company has a very good track record and reputation in settlement of its obligation

with its lenders/depositors. So, we enjoy easy and fair access to the funding sources to meet our increasing need for growth. In 2015-16 our deposit portfolio has increased by 16.29%, which reflect the growing confidence of depositors/lenders on DBH.

Positive operating cash flows:

Cash flow statement of the Company for the year 2015-16 shows optimistic operating cash flows of Taka 914.70 million.

Positive key financial ratios:

The Company has very positive financial ratios as evident from financial summary given on page -21 of this Annual Report. Such positive financial ratios indicate Company's sound financial strength and good prospects.

Consistent payment of dividends:

The Company has been paying dividend consistently to its shareholders before listing that reflects Company's long-term viability in operational existence over many years. Historical dividend payment record is given on page-23 of this Annual Report.

Credibility in payment of obligations:

The Company has strong sincerity in terms of payment of its obligations to the lenders. The Company is very particular in fulfilling the terms of loan agreement.

Fixed deposit with realistic renewal or repayment:

At the close of FY 2015-16, total fixed deposit of the Company were Taka 28,727.97 million. Based on past experience, we can say that there is every possibility that major part of the deposit would be renewed further.

Operating Performance growth:

Though the overall financial sectors suffer during the year, DBH has maintained growth in its operating performance. Company's total loans & advances have increased from Taka 29,248.30 million to Taka 33,578.60 million, indicating a growth of 14.80% over last year. Total consolidated operating income is Taka 1,850.94 million and total profit after tax is Taka 785.98 million. All those indicators support Company's continuance in foreseeable periods.

Operating Indications**Diversified deposit product:**

Company has also expanded its products/ services line by introducing new product like Annual Income Deposit, Monthly Income Deposit, Quarterly Income Deposit, Cumulative Deposit, Flexible Fixed Deposit, Profit First Deposit, and Easy way Deposit etc.

Corporate environment and employee satisfaction:

There exists a very good corporate environment in the Company. DBH is an excellent work place with friendly environment. Communication among the employees is very excellent. The company endeavors to be honest and practices fair treatment to all employees which ensures good corporate environment. The Company pays a very competitive compensation package and there exists a good number of employee benefits like transport benefit, maternity benefit, performance bonus, gratuity, provident fund etc., which considered to be instrumental for employee satisfaction.

Other Indications**Credit rating**

DBH has assigned the highest rating of 'AAA' and short term rating of 'ST-1' for 10 (ten) consecutive year which indicates the consistent upholding

of good capital base, quality of assets, good franchise value and management excellence supported by a sound corporate structure.

Maintenance of sufficient capital:

As on June 30, 2016, the Company's total paid-up capital stands at Taka 1,160.49 million, while the minimum paid-up capital as required by Bangladesh Bank is Taka 1,000.00 million. DBH's capital adequacy ratio is 17.67% against minimum requirement of 10% as set by the regulator under Basel-II.

Strong equity base:

As on June 30, 2016, total equity of the Company stands at Taka 3,608.75 million (2015- 3,170.92 million) representing an increase of 13.81% over last year that reflects company's long-term viability.

Changes in Government policy:

Management anticipates no significant change in legislation or government policy, which may materially affect the business of the Company.

Based on the above indications, Directors feel it is appropriate to adopt going concern assumption and there is no material uncertainty in preparing the financial statements. Adequate disclosures have been made in the financial statements and different sections of the annual report to understand the appropriateness of going concern basis in preparing financial statements.

Directors' Responsibility Statement

Responsibility to Financial Statements

The Board of Directors of Delta Brac Housing Finance Corporation Limited would like to inform that the audited accounts containing the Financial Statements for the year ended 30th June 2016 are in conformity with the requirements of the Companies Act- 1994, Financial Institutions Act-1993, International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS) as adopted by ICAB, Securities & Exchange Rules-1987 and the Listing Regulations of Dhaka and Chittagong Stock Exchanges and they believe that the financial statements reflect fairly the form and substance of transactions carried out during the year and reasonably present the Company's financial condition and results of operations. These Financial Statements are audited by the Statutory Auditors, M/s. S F Ahmed & Co. Chartered Accountants, Dhaka.

In accordance with the provisions of section 185 of the Companies Act- 1994 and based on the information provided by the management, your directors state that:

- (i) In the preparation of accounts, the applicable accounting standards have been followed;
- (ii) They have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 30th June, 2016 and the profit of the Company for the year ended on that date;

- (iii) They have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act- 1994 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and

- (iv) They have prepared the annual accounts on going concern basis.

Responsibility to Internal Control System

The Company has taken proper steps and sufficient care in building a system of internal control, which is reviewed, evaluated and updated regularly. The internal audit department of the Company conducts periodic audit to provide reasonable assurance that the established policies and procedures of the Company were consistently followed.

Opinion of the External Auditors

M/s. S F Ahmed & Co., Chartered Accountants, the external auditor of the Company have carried out annual audit to review the system of internal controls, as they consider appropriate and necessary, for expressing their opinion on the financial statements. They have also examined the financial statements made available by the management together with all the financial records, related data, minutes of members meeting and board meetings, relevant policies and expressed their opinion.

Certification on Financial Statements by CEO and CFO

The financial statements for the year ended June 30, 2016 of Delta Brac Housing Finance Corporation Ltd. are prepared in compliance with International Accounting Standard (IAS)/Bangladesh Accounting Standards (BAS)/ International Financial Reporting Standards (IFRS)/ Bangladesh Financial Reporting Standard (BFRS), as applicable in the Country, and any departure there-from has been adequately disclosed.

The estimates and judgments related to the financial statements were made on a prudent and reasonable basis, in order for the financial statements to reveal a true and fair view. The form and substance of transactions and the Company's state of affairs reasonably presented. To ensure this, the Company has taken proper and adequate care in installing a system of internal control and accounting records. Our internal auditors have conducted periodic audits to provide reasonable assurance that the established policies and procedures of the Company were consistently followed. However, there are inherent limitations that should be recognized in weighing the assurance provided by any system of internal controls and accounting.

In this regard, we also certify to the Board that:-

- (i) We have reviewed financial statements for the year and that to the best of our knowledge and belief:
 - a) These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - b) These statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards and applicable laws.
- (ii) There are, to the best of knowledge and belief, no transaction entered into by the Company during the year which are fraudulent, illegal or violation of the Company's code of conduct.

Corporation Limited

**Auditors' Report and
Financial Statements**
as at and for the year ended
30 June 2016

Auditors' Report

To the Shareholders of Delta Brac Housing Finance Corporation Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Delta Brac Housing Finance Corporation Limited, which comprise the statement of financial position (Balance Sheet) as at 30 June 2016 and the statement of comprehensive income (Profit & Loss Account), statement of changes in equity and statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements of the company in accordance with Bangladesh Financial Reporting Standards (BFRS), Financial Institutions Act 1993, the rules and regulations issued by the Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of these financial statements of the company that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements of the company based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA).

Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements of the company are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements of the company. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the company, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements of the company in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements of the company.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the company prepared in accordance with Bangladesh Financial Reporting Standards (BFRS), give a true and fair view of the state of the Financial Position of the company as at 30 June 2016 and of the results of its financial performance and statement of cash flows for the

year then ended and comply with the Financial Institutions Act 1993, The Companies Act 1994, the rules and regulations issued by the Bangladesh Bank, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

Report on Other Legal and Regulatory Requirements

In accordance with companies Act 1994, Securities and Exchange Rules 1987, the Financial Institutions Act 1993 as amended in 2013 and the rules and regulations issued by Bangladesh Bank, we also report the following:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books;
- (iii) the statement of financial position (Balance Sheet) and statement of comprehensive income (Profit and Loss Account) together with the annexed notes 1 to 38 dealt with by the report are in agreement with the books of account and returns;
- (iv) the expenditure incurred was for the purpose of the Company's business;
- (v) the financial position of the company as at 30 June 2016 and the profit for the year then ended have been properly reflected in the financial statements and the financial statements have been drawn up in conformity with the Financial Institutions

Act, 1993 and in accordance with the accounting rules and regulations issued by the Bangladesh Bank;

- (vi) the financial statements conform to the prescribed standards set in the accounting regulations issued by the Bangladesh Bank after consultation with the professional accounting bodies of Bangladesh;
- (vii) adequate provisions have been made for advances and other assets which are, in our opinion doubtful of recovery;
- (viii) the internal control and the compliance of the Company is satisfactory, and effective measures have been taken to prevent possible fraud, forgery and internal policies are being followed appropriately;
- (ix) the information and explanations required by us have been received and found satisfactory;
- (x) the company has no overseas branches;
- (xi) 80% of the risk-weighted assets have been audited;
- (xii) we have spent approximately 785 man hours for the audit of books & accounts of company.

(b) Nature of business

i) The principal activities of the Company during the year were providing loans for construction of houses, purchases of flats or houses, extension and improvement of existing houses or flats and purchase of housing plots.

ii) The Company has also various investment and financing products like term deposit scheme, cumulative deposit, triple money deposit, double money deposit, annual income deposit, quarterly income deposit, monthly income deposit, easy way deposit etc. for its individual and corporate clients.

2 Significant accounting policies and basis of preparation

2.01 Statement of compliance

The financial statements have been prepared on a going concern basis and accrual method under historical cost convention and therefore did not take into consideration of the effect of inflation. The preparation and presentation of the financial statements and the disclosure of information have been made in accordance with the DFIM circular no. 11 dated 23rd December 2009 in conformity with Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994, the Financial Institutions Act 1993, Securities and Exchange Rules 1987, the listing rules of Dhaka and Chittagong Stock Exchanges and other applicable laws & regulations in Bangladesh and practices generally followed by Housing Finance Institutions.

As Bangladesh Bank is the primary regulator of Financial Institutions, the Bangladesh Bank guidelines, circulars, notifications and any other requirements are given preference to BAS and BFRS, where any contradictions arises.

2.02 Going concern

The financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

2.03 Functional and presentation currency

These financial statements are presented in Taka, which is the company's functional currency except as indicated. Figures have been rounded off to the nearest taka.

2.04 Use of estimates and judgments

The preparation of financial statements require management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses, estimates. Assumptions also require for disclosure of contingent assets and contingent liabilities at the date of financial statements. Such estimate and assumptions are made on historical experience and other factors that are considered reasonable under the required circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates is revised and in any future periods affected. The key item which involve these judgments, estimates and assumptions are discussed, below:

Impairment losses on loans and advances

In addition to the provision made for loans and advances based on the guideline of Bangladesh Bank, DBH reviews its loans and advances portfolio on monthly basis to assess whether any further allowances/ write back for impairment should be provided in the income statement. The judgments by the management is required in the estimation of these amounts and such estimations are based on assumption about a number of factors though actual results may differ, resulting in future changes to the provisions.

2.05 Materiality and aggregation

Each material item considered by management as significant has been presented separately in financial statements. No amount has been set off unless the DBH has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

2.06 Foreign currency transactions

Transactions in currencies other than the Company's functional currency (foreign currencies) are recorded at the rates of exchange prevailing at the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are translated at the rates prevailing at the balance sheet date. Exchange differences are recognized in profit or loss in the period in which they arise.

2.07 Liquidity statement

The liquidity statement of assets and liabilities as on the reporting date has been prepared on residual maturity term as per the following bases:-

- a) Balance with other banks and financial institutions, money at call on short notice , etc. are on the basis of their maturity term.
- b) Investments are on the basis of their respective maturity.
- c) Loans and advances are on the basis of their repayment schedule and past trend of early settlement.
- d) Fixed assets are on the basis of their useful lives.
- e) Other assets are on the basis of their realization / amortization.
- f) Borrowings from other banks, financial institutions and agents are as per their maturity/ repayment term.
- g) Deposits and other accounts are on the basis of their maturity term and past trend of withdrawal by the depositors.
- h) Other liabilities are on the basis of their payment / adjustment schedule.

2.08 Property, plant and equipment

a. Recognition

In pursuant to BAS 16 "Property, plant and equipment" the cost of an item of property, plant and equipment is recognized as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the entity, and the cost of the item can be measured reliably.

Fixed assets have been accounted for at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs of enhancement of an existing assets are recognized as a separate asset, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of such items can be measured reliably. All other expenditures are charged to the Profit & Loss account during the financial period in which they are incurred.

b. Depreciation

Fixed assets are recorded at historical cost less accumulated depreciation as per BAS-16 "Property, Plant and Equipment". Depreciation is charged on straight line method using the following rates on all fixed assets:

Category of assets	Rates of depreciation per annum	Estimated useful life
Furniture & Fixtures	15% - 20%	5- 6.67 years
Equipment	20% -25%	4- 5 years
Vehicles (both freehold and leasehold)	20%	5 years
Building	3%	33.33 years
Land	Not depreciated	-

Depreciation on newly acquired assets are calculated from the month of acquisition (full month) and no depreciation is charged for the month in which the assets are disposed off.

c. De-recognition

An item of property, plant and equipment is de-recognized on its disposal. Sale price of fixed assets are determined on the basis of fair value of the assets. Gain or loss on sale of assets are recognized in profit & loss account as per provision of BAS 16 'Property, Plant & Equipment'. Such gain or loss is determined as the difference between sales proceeds and carrying amount of the asset.

2.09 Intangible assets

In accordance with BAS 38 "Intangible assets", intangible assets (computer software) are recorded at historical cost less accumulated amortization. Amortization is calculated on straight line method using the rate at 20% (estimated five years useful life).

2.10 Loans - secured

Repayment of mortgage loans is made by way of Equated Monthly Installments (EMI) consisting of principal and interest. There are two modes of interest calculation on loans i.e., monthly reducing or annual reducing method as per loan agreement between customer and DBH. Effective interest rate is same as the rate quoted in case of monthly reducing method but higher under annual reducing method. EMI commences once the entire loans are disbursed. Pending commencement of EMIs, pre-EMI interest is payable every month.

2.11 Investment in securities

Investments are initially recognized at cost including acquisition charges with the investments. After initial recognition, investments in marketable securities except DBH 1st Mutual Fund and Green Delta 1st Mutual Fund have been valued at cost or market price whichever is lower on an aggregate portfolio basis. Mutual Funds have been valued at 85% of latest published NAV as on June 30, 2016 or cost price whichever is lower. Investment in non marketable securities have been valued at cost. Full provision for diminution in value of securities at the year end on aggregate portfolio basis excepts investment in mutual funds is made in the financial statements as required by Bangladesh Bank DFIM circular No. 02 dated January 31, 2012. Provision for mutual funds at the year end is made as required by Bangladesh Bank DFIM circular No. 05 dated May 11, 2015.

2.12 Cash and cash equivalents

Cash and cash equivalents consist of cash, FDR, call investment and bank balances. For the purpose of statement of cash flow, cash and cash equivalents are prepared net off bank overdrafts.

2.13 Cash flow statement

The cash flow statement is prepared using the direct method as stipulated in Bangladesh Accounting Standard - 7 "Statement of Cash Flows" and in compliance with the instruction of Bangladesh Bank.

2.14 Revenue recognition

Interest income

Interest income from loans and advances is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset (Loans and advances) to that asset's net carrying amount.

All other interest income is recognized on accrual basis except interest of the loan accounts considered as non-performing. Interest income is suspended and full provision is made against the interest receivables on all non-performing loans when the installments are outstanding for more than six months or any other accounts which are considered doubtful of recovery on the basis of judgment of the management.

Fees and other charges on loans

Receipt of loan processing/servicing fees and other fees are recognized as income on the date of receipt while the refund there against, if applicable, are set off with income during the year of refund.

Dividend income and profit/(loss) on sale of marketable securities

Dividend income is recognized on accrual basis when the right to receive income is established. Profit or loss arising from the sale of securities is accounted for only when shares are sold in the market and profit is realized and loss is incurred.

Grant from IFC

During the year under audit company received a grant from IFC under the agreement of "Performance Based Grant Initiative (PBGi)" between IFC and DBH for the purpose of expanding its target market segment to include informal sector borrowers and expand outreach to lower and middle income target segments.

Subjects to the terms and conditions during the year DBH received from IFC \$30,000 (in 2014-15: \$90,000) equivalent BDT 2,317,500 (in 2014-15 BDT 6,930,000).

As per BAS 20, "Accounting for Government Grants and Disclosure of Government Assistance" the grant is recognized in profit and loss account on a systematic basis over the period in which the entity recognized as expenses the related cost for which the grants are intended to compensate.

2.15 Interest suspense account

Interest on non-performing loans is not recognized as revenue and credited to interest suspense account. Non performing loans refer to the loans when the installments are outstanding for more than six months and any other accounts which are considered impaired on the basis of judgments of the management.

2.16 Retirement benefit costs

i) Gratuity scheme

The Company has a funded gratuity scheme for all eligible employees who complete minimum 5 years of confirmed service with the Company. Required amount of gratuity is calculated on the basis of last basic pay depending on the length of service for every completed year as well as proportionate to the fraction period of service as of the respective financial year. This scheme is approved by the National Board of Revenue (NBR) and administered by an independent Board of Trustees. Actuarial valuation of the gratuity scheme was made in 2015 to assess the adequacy of the liability for the scheme as per Bangladesh Accounting Standard - 19 "Employee Benefits".

Following benefits are payable on retirement, death or leaving service:

Less than 5 year of confirmed service - Nil

Confirmed service between 5 and 10 year - One month's last drawn basic pay for every completed year of service.

On completion of 10 years confirmed service and above - Two month's last drawn basic pay for every completed year of service.

Maximum benefits - 50 times basic pay

ii) Contributory provident fund

The Company has a contributory provident fund for its regular employees. The fund is approved by the National Board of Revenue (NBR), administered separately by a Board of Trustees and is contributed equally by the Company and the employees.

2.17 Taxation

Current tax

Provision for income tax has been made at best estimate keeping in view the provisions of Income Tax Ordinance 1984 and amendments made thereto from time to time. Applicable rate of income tax for the company is 40%.

Deferred tax

Pursuant to BAS - 12 "Income Taxes" deferred tax is provided using the asset & liability method for all temporary timing differences arising between the tax base of assets and liabilities and their carrying value for financial reporting purposes. Tax rate prevailing at the balance sheet date is used to determine deferred tax as the same rate is expected to be applicable at the time of settlement/adjustment of deferred tax asset or liability.

2.18 Provision for loans

In addition to the provision made for loans and advances based on the guidelines of Bangladesh Bank, the Company's policy is to make provision for the loans and advances to cover the principal amount in respect of non performing loans when installments are outstanding for more than six months and any other overdue accounts on the basis of management's assessment where there are possibilities of impairment in future. The Company has made adequate provision which is more than the minimum regulatory requirement.

2.19 Write off

Write off refers to recognition of the reduced or zero value of an asset. It also refers to an investment for which a return on the investment is now impossible or unlikely. Potential return along with such investment is thus cancelled and removed ("written off") from the company's balance sheet.

Recovery against debts written off is credited to revenue. Income is recognized where amounts are either recovered and/or adjusted against securities/properties or advances there against or are considered recoverable.

2.20 Interest expense

The Company has incurred interest and related expenses on account of term loan, deposit, overdraft, and short term loan. In terms of provision of the Bangladesh Accounting Standard (BAS) -1 "Presentation of Financial Statements" interest expenses are recognized on accrual basis.

2.21 Earnings per share

Earnings Per Share (EPS) has been calculated in accordance with Bangladesh Accounting Standard - 33 "Earnings Per Share" and shown on the face of profit and loss account and computation shown in note 33.

2.22 Related party disclosures

As per Bangladesh Accounting Standards (BAS) 24 "Related Party Disclosures", parties are considered to be related if one of the party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Company carried out transactions in the ordinary course of business on an arm's length basis at commercial rates with its related parties. Related party disclosures have been given in note 36.

2.23 Events after the balance sheet date

As per BAS 10 "Events after the balance sheet date", all material events occurring after the balance sheet date have been considered and where necessary, adjusted for or disclosed in note 38.3.

2.24 Contingent liabilities and contingent assets

The company does not recognize contingent liability and contingent assets but discloses the existence of contingent liability in the financial statements. A contingent liability is possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of uncertain future events not within the control of the company or present obligation that is not recognized because outflow of resources is not likely or obligation cannot be measured reliably.

2.25 Branch accounting

The Company has six offices (head office & five branches), with no overseas branch as on June 30, 2016. Accounts of the branches are maintained at the head office which are included in the accompanying financial statements.

2.26 General

- Figures appearing in these Financial Statements have been rounded off to the nearest Taka.
- Previous year's figures have been rearranged/restated/reclassified, where necessary, in order to conform to current period's presentation.

N/A = Not applicable

2.28 Financial risk management

The Company always concentrates on delivering high value to its stakeholders through appropriate trade-off between risk and return. A well structured and proactive risk management system comprising risk management forum supported by risk management unit is in place within the Company to address risks relating to credit, market, liquidity and operations. In addition to the industry best practices for assessing, identifying and measuring risks, the Company also considers guidelines for managing core risks of financial institutions issued by the Country's Central Bank, Bangladesh Bank, vide FID Circular No. 10 dated September 18, 2005 for management of risks and DFIM Circular No. 03 dated 24 January 2016.

Credit risk

To encounter and mitigate credit risk, the company employed Multilayer approval process, policy for customers maximum asset exposure limit, mandatory search for credit report from Credit Information Bureau, looking into payment performance of customer before financing, annual review of clients, adequate insurance coverage for funded assets, vigorous monitoring and follow up by special assets management team, strong follow up of compliance of credit policies by internal audit department, taking collateral, seeking external legal opinion, maintaining neutrality in politics and following arm's length approach in related party transactions, regular review of market situation and industry exposure etc.

Market risk

The Asset Liability Committee (ALCO) of the Company regularly meets to assess the changes in interest rate, market conditions, carry out asset liability maturity gap analysis, re-pricing of products and thereby takes effective measures to monitor and control interest rate risk. To encounter market risk we are negotiating for facilities that match the maturity structure with ideal interest rate, maintaining a balanced diversification in investments and maintaining prudent provisioning policies. The Company has also strong access to money market and credit lines at a competitive rate through good reputation, strong earnings, financial strength and credit rating.

Liquidity Risk

Liquidity risk arises when a company is unable to meet the short term obligation to its lenders and stakeholders. This arises from the adverse mismatch of maturities of assets and liabilities. Liquidity requirements are managed on a day to day basis by the Treasury Division which is responsible for ensuring that sufficient funds are available to meet short term obligations, even in a crisis scenario, and for maintaining a diversity of funding sources. Treasury Division maintains liquidity based on historical requirements, anticipated funding requirements from operations, current liquidity positions, collections from financing, available sources of funds and risks and returns.

Operational Risk

Operational risk is the potential loss arising from a breakdown in company's systems and procedures, internal control, compliance requirements or corporate governance practices that results in human error, fraud, failure, damage of reputations, delay to perform or compromise of the company's interests by employees. Appropriate internal control measures are in place, at the Company, to address operational risks. The Company has also established an internal control & compliance department (ICCD) to address operational risk and to frame and implement policies to encounter such risks. This department assesses operational risk across the Company as a whole and ensures that an appropriate framework exists to identify, assess and manage operational risk.

Money Laundering and Terrorist Financing Risk

In DBH, money laundering and terrorist financing risk takes two broad dimensions:

- i) Business risk i.e. the risk that DBH may be used for money laundering or terrorism financing &
- ii) Regulatory risk i.e. the risk that DBH fails to meet regulatory obligations under the Money Laundering Prevention Act 2012 and Anti-Terrorism Act 2009 (amended in 2013).

DBH adhering to various guidelines and circulars issued by the Bangladesh Financial Intelligence Unit (BFIU) and put in place a strict compliance program consisting of the following components to mitigate above risk:

- a) Development and implementation of internal policies, procedures and controls to identify and report instances of money laundering and terrorist financing;
- b) Creation of structure and sub-structure within the organisation, headed by a Central Compliance Unit (CCU), for AML and CFT compliance;
- c) Appointment of an AML/CFT Compliance Officer, known as the Chief Anti Money Laundering Officer (CAMLCO), to lead the CCU;
- d) Independent testing procedures carried out by internal audit function to ensure effectiveness of AML/CFT program.
- e) Ongoing employee training programs.

Additional risks required to be addressed under new regulatory requirements

The Integrated Risk Management Guidelines for Financial Institutions which was issued by DFIM through Circular No. 03 dated 24 January, 2016 explains a number of following additional risks that financial institutions are now required to address to cover all the major aspects of risks which may arise at any point of time.

Strategic Risk

Strategic risk means the current or prospective risk to earnings and capital arising from imperfection in business strategy formulation, inefficiencies in implementing business strategy, less adaptability with the changes in the business environment and adverse business decisions. Strategic risk induces operational loss that consequentially hampers the capital base. Major roles of the board of the directors, senior management and business units in managing strategic risks, steps to be followed in the strategic risk management process and also measures for strategic risk control are explained in the guidelines.

Since its inception, DBH has been managing strategic risks which are evident from the dynamic business model of the company over the years. Major organizational units are assigned to address the major strategic risks aspects with a view to minimize the negative impact of those risks.

Compliance Risk

Compliance risk is the risk of legal sanctions, material financial loss, or loss to reputation the FI may suffer as a result of its failure to comply with laws, its own regulations, code of conduct, and standards of best/good practice. Compliance risk is sometimes also referred to as integrity risk, because a FI's reputation is closely connected with its adherence to principles of integrity and fair dealing.

The guidelines set out the respective roles of the board, senior management and compliance function units in managing compliance risks and the FI's board of directors is responsible for overseeing the management of the FI's compliance risk. The board should establish a compliance function and approve the FI's policies and processes. The Board discharges its responsibilities itself and through delegation of authorities to Executive Committee, Audit Committee and Risk Management Committee of the Board. The Compliance department of DBH is responsible for assessing compliance risk in relation to institutional matters such as governance, best practices and corporate social responsibility.

The objective is to identify any compliance risks at an early stage that may undermine the integrity and the success of DBH and to mitigate the risks in most appropriate way.

Reputation Risk

Reputational risk is defined as the risk of losses, falling business volume or income as well as reduced value of the company arising from business events that may reduce the confidence of the customers & clients, shareholders, investors, counterparties, business partners, credit rating agencies, regulators and general public on DBH.

The guidelines explain the roles of the Board and senior management in managing reputation risk. The management ensures that DBH is aware of any changes in market perceptions as soon as possible. Accordingly, all business policies and transactions are subjected to careful consideration. DBH takes necessary precautions to avoid business policies and transactions that may result in significant tax, legal or environmental risks. Reputational risk is also factored into major credit decisions that may lead to credit proposal being declined.

Environmental and Social Risk

Environmental risk is a facilitating element of credit risk arising from environmental issues. DBH uses Environmental Risk Rating (EnvRR) while financing to new projects. Company is making its credit appraisal process to be much more stringent from an Environment and Social (E&S) perspective – evaluating all the environmental and social factors such as project impacts on the environment and the community in the long run, prior to approving a loan.

2.29 Implementation of BASEL-II

To comply with international best practices to make the FI's capital more risk sensitive as well as to make the FI industry more shock absorbent and stable, Bangladesh Bank provided regulatory capital framework "Risk Based Capital Adequacy for FI's" with effect from 01 January 2012.

DBH management is aware about guideline of Bangladesh Bank and implemented Capital Adequacy requirement according to BASEL-II. BASEL-II implementation committee is headed by Managing Director & CEO.

3.3 Cash Reserve Requirement (CRR) and Statutory Liquidity Reserve (SLR)

Cash Reserve Requirement and Statutory Liquidity Reserve have been calculated and maintained in accordance with Financial Institution Act - 1993 and Financial Institution Rules - 1994 and FID circular no. 6 November 2003 and FID circular no 02 dated November 10, 2004.

Cash Reserve Requirement (CRR) has been calculated at the rate of 2.5% on 'Total Term Deposits' which is preserved in current account maintained with Bangladesh Bank. 'Total Term Deposit' means Term or Fixed Deposit, Security Deposit against Lease/Loan and other Term Deposits, received from individuals and institutions (except banks & Financial Institutions).

Statutory Liquidity Reserve (SLR) has been calculated at the rate of 5.0% on total liabilities, including CRR of 2.5% on Total Term Deposit. SLR is maintained in liquid assets in the form of cash in hand (notes & coin in BDT), balance with Bangladesh Bank and other banks and Financial Institutions, investment at call, unencumbered treasury bill, prize bond, savings certificate & any other assets approved by Bangladesh Bank.

17 Business commitments and contingencies		
17.1 Contingent liabilities	16,739,437	16,739,437

The said amount claimed by the tax authority for the assessment year 2004-05 and 2005-06 assessed by disallowing statutory reserve and simple interest charged on net tax payable as per assessment order.

Consequently, there is a contingent liability for the above amounts which have not been recognized as liability in anticipation of consequential relief would be granted in favor of the Company like the previous and subsequent years. However we have enough tax provision to cover the above amount, if any liability arises in future.

17.2 Other commitments

In the normal course of business, the company makes various commitments, contracts and disbursements. No material losses are anticipated as a result of these transactions. Details are given below:

Housing finance commitments outstanding	496,672,133	404,305,000
Bank borrowing commitments outstanding	-	-
17.3 Capital expenditure commitments		
a) Contracted and incurred but not provided for in the accounts	Nil	Nil
b) Approved by the Board but not contracted for	Nil	Nil

17.4 Unacknowledged debts

The Company had no claim, legal or other against it, which has not been acknowledged as debt at the balance sheet date.
