# NOTICE & DISCLAIMER

The Premier Bank Limited hereinafter referred as the "Bank" or the "PBL" or the "Premier Bank" or the "Issuer") has authorized UCB Investment Limited (hereinafter referred as "UCBIL" or the "Lead Arranger" to distribute this Information Memorandum (IM) in connection with the proposed transaction outlined in it (the "Transaction") and the bonds proposed to be issued in the Transaction (the "Bonds")

This Information Memorandum is provided to prospective investors on a private and confidential basis for use solely in connection with the issue, offer, sale or invitation to subscribe or purchase the Subordinated Bonds. This Information Memorandum shall not be, in whole or in part, reproduced or used for any other purpose without prior written consent of the Arranger.

The Issuer has prepared this information memorandum and is solely responsible for its contents. The issuer will comply with all rules, laws and regulations and is responsible for obtaining all regulatory, governmental and corporate approvals for the issuance of the Bonds. The Issuer, having made all reasonable inquiries, confirms that this Information Memorandum contains all the information with respect to itself and the Bonds to be issued by it, which is material in the context of the Bonds; that the information contained in this Information Memorandum is true and accurate in all material respects and is not misleading; that the opinions and intentions expressed in this Information Memorandum are honestly held and that there are no other facts the omission of which would make any of such information or the expression of any such opinions or intentions misleading. The Issuer accepts responsibility accordingly.

The Arrangers has relied on the information provided by the Issuer and such information has not been independently verified by the Arranger. No representation or warranty, expressed or implied, is or will be made, and no responsibility or liability is or will be accepted, by the Arranger or any affiliate of the Arranger for the accuracy, completeness, reliability, correctness or fairness of this Information Memorandum or any of the information or opinions contained therein, and the Arranger hereby expressly disclaim, to the fullest extent permitted by law, any responsibility for the contents of this Information Memorandum and any liability, whether arising in tort or contract or otherwise, relating to or resulting from this Information Memorandum or any information or errors contained therein or any omissions therefore. By accepting this Information Memorandum, investors agree that the Arranger will not have any such liability.

Neither this Information Memorandum nor any other information supplied in connection with the Issue is intended to provide the complete basis of any credit or other evaluation, nor should it be considered as a recommendation by the Arranger to the Issue that any recipient of this Information Memorandum (or any other information supplied in connection with the Issue) should purchase or subscribe for any Bonds. Each investor contemplating purchasing or subscribing for a Bond should make their own independent investigation of the financial condition and affairs, and their own appraisal of the creditworthiness of the Issuer. Investors are advised not to construe the contents of this Information Memorandum as investment, legal, accounting, regulatory or tax advice. Investors are also advised to consult with their own advisors as to all legal, accounting, regulatory, tax, financial and related matters, concerning an investment in the Bonds.

INVESTORS SHOULD RELY ON THEIR OWN EVALUATION TO ASSESS THE MERITS AND RISKS OF THE INVESTMENT. IT IS RECOMMENDED THAT PROSPECTIVE INVESTORS CONSULT THEIR FINANCIAL, LEGAL AND OTHER ADVISERS BEFORE PURCHASING OR ACQUIRING OR INVESTING IN THE SUBORDINATED BONDS.

By investing in the Bonds, you are hereby deemed to have acknowledged, represented and warranted to, and agree (as the case may be) for the benefit of the Arranger, as set out below:

High risk: You are fully aware that investment in the Bonds involves a high degree of risk.

Consultation with advisers: You have (i) consulted with your own legal, regulatory, tax, business, investment, financial and accounting advisers in connection herewith to the extent you have deemed necessary, (ii) collected and reviewed all information that you or your advisers believe is necessary or appropriate in connection with the purchase of the Bonds, and (iii) made your own investment decisions based upon your own judgment, due diligence and advice from such advisers as you have deemed necessary and not upon any view expressed by or on behalf of the Arranger.

No reliance: You acknowledge and agree that you may not rely on any investigation that the Arranger or any of its affiliates or any person acting on their behalf may have conducted with respect to the Issuer or any of their affiliates, and neither the Arranger nor its affiliates, employees, officers, directors, legal advisers or representatives have made any representation to you, express or implied, with respect to your investment in the Bonds.

**Informed decision:** You are in possession of all the information that you believe is necessary or appropriate in order to make an informed decision regarding your purchase of the Bonds, including without limitation, adequate information concerning the Issuer's business, financial condition, results of operations and prospects.

**Knowledge and experience:** You have such knowledge and experience in financial, business and international investment matters that you are capable of evaluating the merits and risks of purchasing the Bonds and are aware that you may be required to bear, and are able to bear, all risks including economic risk of an investment in the Bonds.

Information of the Company: You acknowledge that the information provided to you with regard to the Issuer and the Bonds in this Information Memorandum has been supplied to you by the Arranger only on behalf of the Issuer and that neither the Arranger nor any of its affiliates, employees, officers, directors, legal advisers or representatives has verified such information or makes any representation or warranty as to its accuracy or completeness.

**Review of Information Memorandum:** You have reviewed this Information Memorandum in its entirety, including the risks associated with investment in the Bonds, and you understand and acknowledge all of the risks described herein. By investing in the Bonds, you have determined that:

the Bonds are a suitable investment for you and your investment in the Bonds does not and will
not, when consummated, violate any investment or other guidelines, policies or restrictions
(corporate or otherwise), or any law, rule, regulation or order applicable to you; and

# RISK FACTORS AND MANAGEMENT PERCEPTION ABOUT RISK

An investment in capital market involves a high degree of risk. The Bank is operating in an industry involving both external and internal risk factors having direct as well as indirect effects on the investments made by the investors. Potential investors of The Premier Bank Limited Subordinated Bond are strongly encouraged to carefully evaluate all the information in this Information Memorandum, especially the risk factors both internal and external on their own merit and not by referent to any other debt securities whether of a comparable nature or otherwise before making any investment decision.

This section addresses the possible risks an investor might have to bear by investing in the bonds and each risk factor is followed by management's perception regarding the risk. If any of the risks described below materialize, it could have a serious impact on the Issuer's financial results, and the ability of the Issuer to fulfill its obligations under the Bonds to be issued. However, the list of risk factors is not meant to be a comprehensive description of all risks which may be relevant to a decision to invest in the Bonds. The sequence in which the risks below are listed is not intended to be indicative of any order of priority or of the extent of their consequences.

#### 2.1 Interest Rate Risk

The banking book consists of assets and liabilities contracted basically on account of relationship or for steady income and statutory obligations and are generally held till maturity/payment by counter party. The earnings or changes in the economic value are the main focus in banking book. Interest rate risk is the risk that a bank will experience deterioration in its financial position as interest rates move over time. Interest rate risk in the banking book arises from a bank's core banking activities.

# Management Perception

The Bank uses Duration Gap Analysis (DGA) for deriving value of capital requirement for interest rate risk. The Bank ensures that interest rate risk is not included within the market risk. The Bank has calculated the rate sensitive assets and liabilities with maturity up to 12 months' bucket and applied the sensitivity analysis to measure the level of interest rate shock on its capital adequacy.

# 2.2 Foreign Exchange Rate Risk

Exchange rate risk is defined as the potential change in earnings due to change in foreign exchange rates. Exchange rate fluctuation may reduce the profitability of the bank because its trade commitments from various sources of foreign exchange like export proceeds and remittances.

# Management's perception

Treasury Department conducts the Foreign Exchange Deals for the Bank as per Bangladesh Bank (BB) guideline and their own policies. Treasury Mid Office is responsible to monitor all related limits of Treasury and limits of its respective counterparties independently. In addition to Mid Office job is to ensure compliance, manage and escalate overall Risk issues of Treasury as and when required. Treasury Back Office is responsible for verification of all deals executed by Treasury, settling payments and passing of entries in the books of account. Back Office is also ensuring revaluation in the Core Banking at Mark-to-Market rate basis as determined by BB on daily basis, submitting Foreign Exchange Position report as per BB guideline daily, reconciling/reporting all NOSTRO accounts with its book of entries and submitting all related reports to Bangladesh Bank.

> Nasimul Baten Managing Director & CEO DBH Finance PLC.

Sayed Abul Hashem FCA, FCMA Deputy Managing Director & CFO Head Office

10

The Premier Bank Limited

Mohamm Company Secretary The Premier Bank Limited Head Office, Dhaka

# 2.3 Non-repayment Risk

It arises mainly from lending, trade finance, settlement and other financial transactions. This can be described as potential loss arising from the failure of a counter party to perform as per contractual agreement with the Bank. The failure may result from unwillingness of the counterparty or decline in his/her financial condition.

# Management's perception

Potential credit losses from any given account, customer or portfolio are mitigated using a range of tools such as collateral, netting agreements, insurance, and other guarantees. The reliance that can be placed on these mitigates is carefully assessed in light of issues such as legal certainty and enforceability, market valuation correlation and counterparty risk of the guarantor. Risk mitigation policies determine the eligibility of collateral types. Collateral types which are eligible for risk mitigation include; cash, residential, commercial and industrial property; fixed assets such as motor vehicles, plant and machinery, marketable securities, commodities, bank guarantees, and letters of credit. Collateral is valued in accordance with our Methodology for Valuation of Security/Collateral Assets, which prescribes the frequency of valuation for different collateral types, based on the level of price volatility of each type of collateral. Collateral held against impaired loans is maintained at fair value.

# 2.4 Prepayment, Call or Refunding Risk

Prepayment, call or refunding risks are the risks associated with the principal amount of a bond.

#### Management's Perception

This bond is subordinated in nature. The bond is redeemable as per Repayment Schedule as depicted in features (5.1) section.

# 2.5 Security Risk

Security is the specific revenue sources or assets pledged by an issuer to the bondholder to secure repayment of the bond. Therefore, security risk is all about the process of recovering the investment by the bond holder by utilizing the charge against the collateral securities in case of Issuer's inability to repay the face value of the bond(s).

# Management's Perception

5th PBL Subordinated Bond is an unsecured bond. Specific revenue sources or assets are not being pledged against the issuance of the bonds. Investors will have the right on the PBL's cash flow to get repaid but rank of a bond holder is below than other loans (or securities) with regard to claims on assets or earnings.

# 2.6 Liquidity Risk

Liquidity risk is the risk to the bank's earnings and capital arising from its inability to timely meet obligations. Liquidity risk primarily arises due to the maturity mismatch associated with assets and liabilities of the bank. Although liquidity risk dynamics vary according to a bank's funding market, balance sheet, and inter-corporate structure, the most common signs of possible liquidity problems include rising

Sayed Abul Hashem FCA, FCMA Deputy Managing Director & CFO Head Office The Premier Bank Limited KARIM, ECM, Director & CEO

funding costs, a rating downgrade, decreases in credit lines, or reductions in the availability of long-term funding.

### Management's Perception

The Premier Bank Limited maintains diversified and stable funding base comprising of core retail, corporate and institutional deposits to manage liquidity risk. The prime responsibility of the liquidity risk management of the Bank lies with Treasury Division under the supervision of ALCO, which maintains liquidity based on current liquidity position, anticipated future funding requirement, sources of fund, options for reducing funding needs, present and anticipated asset quality, present and future earning capacity, present and planned capital position etc. The intensity and sophistication of liquidity risk management process depend on the nature, size and complexity of a bank's activities. Sound liquidity risk management employed in measuring, monitoring and controlling liquidity risk is critical to the viability of the bank. The Asset Liability Committee (ALCO), which meets at least once in a month, is responsible for managing and controlling liquidity of the Bank. Treasury front office closely monitors and controls liquidity requirements on daily basis by appropriate coordination of funding activities and they are primarily responsible for management of liquidity in the Bank. A monthly projection of fund flows is reviewed in ALCO meeting regularly.

# 2.7 Management Risk

Management risk refers to the chance that bank managers' inefficiency or under performance which will finally affect the shareholders. The bondholders may suffer financial losses in such an event.

#### Management's Perception

The Bank has well established management structure with diverse knowledge, skills, experience and expertise in core area of banking operation in its bid to attain optimal utilization of available resources. The bank has also a well proven track record of having strong and effective leadership which already has shown an effect on the Bank's financial performances.

#### 2.8 Operational Risk

Operational Risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk may also arise from error and fraud due to lack of internal control and compliance across the bank.

Management's Perception

Nasimul Baten
Managing Director & CEO
DBH Finance PLC.

Operational Risk is inherent in every business organization and covers a wide spectrum of issues. In order to mitigate this, internal control and internal audit systems are used as the primary means. The Premier Bank Limited manages this risk through a control based environment in which processes are documented, authorization is independent and transactions are reconciled and monitored. This is supported by an independent program of periodic reviews undertaken by internal audit, and by monitoring external operational risk events, which ensure that the bank stays in line with industry best practice and takes account of lessons learned from publicized operational failures within the financial services industry. The Premier Bank Limited has operational risk management process which explains how the bank manages its operational risk by identifying, assessing, monitoring, controlling and mitigating the risk, rectifying operational risk events, and implementing any additional procedures required for compliance with Bangladesh Bank's requirements. Operational risk management responsibility is assigned to different level of management within the business operation. Information systems are used to record the identification

and assessment of operational risks and to generate appropriate regular management reporting. Risk assessment incorporates a regular review of identified risks to monitor significant changes.

### 2.9 Business Risk

Business risk is the possibility that a company will have lower than anticipated profits, or that it will experience a loss rather than a profit. Business risk is influenced by numerous factors, including business environment, economic situation and government regulations.

#### Management's Perception

The performance and the quality and growth of Bank's assets are necessarily dependent on the health of the Bangladesh economy as well as on global economic conditions. An economic slowdown could adversely affect the business, including inability to grow asset portfolio, to maintain the quality of the assets and to implement business strategy. The domestic economy could be adversely affected by a variety of domestic as well as global factors. To mitigate business risk management continuously pursue to execute dynamic strategy on growth and business diversification.

### 2.10 Industry Risk

Industry risk is the possibility that a specific industry will not perform up to the level or at par. When problems plague one industry, they affect the individual organization of that particular industry. They may also cross over into other industries. The issuer is operating in a highly competitive market as modern banking industry has brought greater business diversification. Some banks in the industrialized world are entering into investments, underwriting of securities and portfolio management. The entry of new competitors may also deteriorate the competitive environment and result in lower profitability of the bank.

# Management's Perception

The Bank has an established broad-based presence and has been taking steps to enhance customer satisfaction by upgrading skills, systems and technology to meet such challenges. The Bank is attempting to add quality assets on competitive terms and also taking steps to broad base its product bouquet with a special emphasis on enhancement in the non-fund-based income. On the resource-raising front, the Bank is actively endeavoring to broaden its reach and raise resources through its wide distribution network of branches.

# 2.11 Market and Technology Related Risk

Market risk is the risk of potential losses in the on-balance sheet and off-balance sheet positions of a bank, steams from adverse movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices. Market risk exposure may be explicit in bank's trading book and banking book.

The financial industry of Bangladesh is currently one of the fastest growing in the country and is increasingly becoming competitive. Strong marketing and brand management would be required to increase the bank's customer base.

As the banking industry is becoming more and more technology dependent the risks deriving from technological use is increasing day by day. The bank might be exposed to risks such as cyber-attack, system collapse, system hacking, unauthorized electronic fund transfers, etc.

Head Office, Bank Ltd.
Dhaka-1918

# Management's Perception

The Board approves all policies related to market risk, sets limit and reviews compliance on a regular basis. The objective is to provide cost effective funding last year to finance asset growth and trade related transaction. Standardized (rule based) approach is used to measure the market risk of the Bank whereas for interest rate risk and equity risk both General and specific risk factors are applied for calculating capital charge and for foreign exchange and commodities only general risk factor is applied. The duties of managing the market risk including liquidity, interest rate and foreign exchange risk lies with the Treasury Division under the supervision of ALCO committee. The ALCO committee is comprised of senior executives of the Bank, who meets at least once in a month. The committee evaluates the current position of the bank and gives direction to mitigate the market risk exposure to a minimum level.

There are approved limits for Market risk related instruments both on-balance sheet and off-balance sheet items. The limits are monitored and enforced on a regular basis to protect against market risk. The exchange rate committee of the Bank meets on a daily basis to review the prevailing market condition, exchange rate, forex position and transactions to mitigate foreign exchange risks.

Bank's business is highly dependent on ability to process a large number of transactions on a daily basis. Financial, accounting or other data processing systems may fail to operate adequately or may become disabled as a result of events that are wholly or partially beyond the control, including a disruption of electrical or communications services. These circumstances could affect bank's operations and may result in financial loss, disruption of businesses or may damage to bank's reputation. The Bank has set system and processes to protect its IT systems and network infrastructure from physical break-ins as well as security breaches and other disruptions caused by increased use of technology. Computer break-ins could affect the security of information stored in and transmitted through these computer systems and network infrastructure. The Bank continues to implement secured technology and establish operational procedures to prevent break-ins.

# 2.12 Risk Related to Potential or Existing Government Regulations

The company operates under, the Bank Companies Act-1991, Companies Act-1994, Income Tax Ordinance, 1984, Income Tax rules, 1984, Value Added Tax (VAT) Act, 1991, Value Added Tax (VAT) Rules, 1991, Customs Act, 1969, Bangladesh Securities and Exchange Rules, 1987 and other related regulations. The company also obtained license from Bangladesh Bank as a Bank under Bank Companies Act-1991. Any major changes in regulatory regime may cause the Bank to be a noncompliant one having adverse impact in the reputation of the Bank.

## Management's Perception

The laws and regulations or the regulatory or enforcement environment in Bangladesh may change at any time and may have an adverse impact on the products or services bank offers. Central Bank from time to time has instituted changes in regulations applicable loan provisioning, rescheduling, and amended Bank Company Act-1991(amended2013). Unless any policy change that may negatively and materially affect the industry as a whole, the business of the bank is expected not to be affected significantly.

# 2.13 Risk Related to Potential Changes in Global and National Policies

Changes in existing global or national policies can have either positive or negative impacts for the Bank. The performance of the Bank will be hindered due to unavoidable circumstances both in Bangladesh and worldwide like political turmoil.

ank Limited

# Management's Perception

A significant change in the global and national policies in the future, particularly in respect of the banking and financial sector could affect business and economic conditions in Bangladesh. This could also adversely affect the business, prospects, results of operations and financial condition. The management of the Bank transcribes the prevailing and upcoming future changes in the global or national policy and firms to response appropriately and timely management of the risk.

# SECTION 3: DETAILED DESCRIPTION AND INFORMATION

Detailed description and information as per Bangladesh Securities and Exchange Commission (Debt Securities) Rules, 2021; Schedule- A (Part I) is annexed to this Information Memorandum. Please check Annexure - 1.

# **SECTION 4: USE OF PROCEEDS**

# Purpose of Issuance of Premier Bank Subordinated Bond

The Premier Bank Limited (PBL) has decided to raise Tier-2 Capital through issuance of Non-Convertible, Unsecured Subordinated Bond in order to strengthen its capital base in accordance with Bangladesh Bank's Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework in line with Basel III). The proposed bond issue will allow the bank to enhance its capital strength and continue to grow its balance sheet in the future years.

# Plan Regarding Use of Proceeds from Premier Bank Subordinated Bond

The proposed bond will qualify as part of PBL's Tier-2 capital and will help maintain healthy capital adequacy ratios in the next few years. Besides, the BDT 6,000 million fund will be used for undertaking general business activities of the bank including strengthening of the loan portfolio and other securities.

# SECTION 5: FEATURES OF 5th PBL Subordinated Bond

5th PBL Subordinated Bond is a non-convertible and unsecured debt instrument. The major features of the 5th PBL Subordinated Bond are presented below:

Mode of option (call or put) if any:	The Bond is non-convertible and non-callable
Tax Features:	According to the laws of Bangladesh
Late Payment:	The Issuer shall pay a late payment penalty of 2% (two percent) higher than the Coupon Rate and be payable on the amount not paid on the due date up till the date of actual payment
Description of Collateral Security and type of charges to be created against the issue:	Unsecured
Transferability/Liquidity:	Freely transferable by the provisions of the Trust Deed
Governing Law:	The Bonds are governed by and shall be construed by the existing laws of Bangladesh. Any dispute arising thereof shall be subject to the jurisdiction of the courts of Bangladesh.

# 5.2 Rate of Return, Yield to Maturity, Coupon/Discount Rate

Yield to Maturity: Reference Rate + Coupon Margin, Coupon Range: 6.0% to 9.00%.

# 5.3 Transferability/Liquidity

Freely transferable in accordance with the provisions of the Trust Deed

# 5.4 Prepayment, Call, Refunding, Conversion Feature

The Bond is non-convertible and non-callable in nature and the bond has no prepayment option.

#### 5.5 Tax Features

The Company and any income from the Bond for the investors will be according to the Laws of Bangladesh.

# 5.6 Late Redemption:

The Issuer shall pay a late payment penalty of 2% (two per cent) higher than the Coupon Rate and be payable on the amount not paid on the due date up till the date of actual payment

#### 5.7 Credit Enhancement:

It is not applicable for the subordinated bond of The Premier Bank Limited.

# 5.8 Enforcement of Charges over securities

The Trustee shall enforce all payment obligations under the Bonds only by way of petitioning for the winding up or dissolution of the Issuer and/or by proving for the amount due and payable under the Bonds in the liquidation or administration of the Issuer. In the event of default by the Issuer in the performance or observance of any covenant, condition or provision contained in the Bond or the Trust Deed or any of the Issue Documents (save for failure to pay any amount of principal, coupon or expenses or in respect of any other payment obligation), (i) the Trustee or any Bondholder shall not be entitled to any remedy available to the Trustee or any Bondholder which in substance amounts to a remedy to recover any amounts under any payment obligation of the Issuer under the Bonds and (ii) any other remedy available.

#### 5.9 Repayment Schedule:

As per BASEL III guideline (Annex IV: Specific Eligibility Criteria for Subordinated Debt to Qualify as Tier 2 Capital), the Bond is Subordinate in nature as the instrument is subordinated to deposits and other liabilities of the bank. It implies that the claims of the subordinated debt holders will be junior to the claims of the depositors and the other creditors. The bond will be unsecured and fully paid-up. The bond is redeemable as per Repayment Schedule as depicted in feature 15.1) section NOV 2022

# SECTION 6: DESCRIPTION OF COLLATERAL SECURITY AND TYPE OF CHARGES TO BE CREATED

5<sup>th</sup> PBL Subordinated Bond is superior to the claims of investors in equity shares and Subordinated to the claims of the depositors and the other creditors as Tier 2 Capital (as defined in the Basel III Guidelines) of the Bank. It is neither secured nor covered by a guarantee of the issuer nor related entity or other arrangement that legally or economically enhances the seniority of the claim vis-à-vis bank creditors.

#### RIGHTS AND OBLIGATIONS OF THE ISSUER SECTION 7:

Rights and Obligations of the Issuer have been incorporated from the Trust Deed executed between the Issuer (The Premier Bank Limited) and the Trustee (Delta Brac Housing Finance Corporation Ltd. (DBH))

As long as any of the Bonds remains outstanding (and, for the avoidance of doubt, a Bond is outstanding as long as it has not been redeemed in full notwithstanding that it has become due), the Issuer undertakes to each of the Trustee and the Bondholders that it shall comply with the provisions of this Condition IV (Covenants).

# Information Undertakings

Financial Statements and Covenants

(a) The Issuer shall supply to the Trustee and, at the request of any Bondholder, the Trustee shall distribute to such Bondholder:

as soon as the same become available, but in any event within 60 days after the end of each Fiscal Year, the complete audited consolidated financial statements of the Issuer, carried out by a Tier for such Fiscal Year, stated in Taka; and 1 ranked BSEC approved audit company

Head Office, Dhaka

Company Secretary The Premier Bank Limited

Managing Director & CEO DBH Finance RL 24 NOV 202

> Sayed Abul Hashem FCA. Deputy Managing Director & C Head Office The Premier Bank Limited

Dhaka-1213

- as soon as the same become available, but in any event within 60 days after the end of each half of each Fiscal Year, the complete unaudited [but reviewed,] consolidated financial statements of the Issuer for such half Fiscal Year, stated in Taka.
- The Issuer shall:
- Maintain a minimum regulatory Capital Adequacy Ratio (CAR) as per Bangladesh Bank guidelines during the tenure of the Bonds and provide Compliance report certified by the Chief Financial Officer ("CFO") in Form as provided for in schedule 7 of this Trust Deed to the Trustee on semiannual basis:
- maintain Cost to Income Ratio of less than 90% during the tenure of the Bonds and provide Compliance Report certified by CFO in the same form as mentioned in clause 19.1 (b) (1) to the Trustee on semi-annual basis;
- Not issue any long-term (i.e., greater than 1 year) debt and debt-like instruments during the tenure of the Bond without written No Objection Certificate from the Majority Bondholders and Trustee. In the event the Issuer avails any long-term loans from banks/non-banking financial institutions, the Bondholders will be notified in writing through the Trustee.

# **Compliance Certificate**

- The Issuer shall supply to the Trustee, with each set of financial statements delivered pursuant to Condition IV-A (i), a Compliance Certificate Schedule-6 (Form of Compliance Certificate) certifying that (1) no Default or Event of Default has occurred or is continuing (or if a Default or Event of Default has occurred or is continuing, specifying its nature and the steps, if any, being taken to remedy it) and (2) the Issuer has complied with its obligations under these Conditions (or, if such is not the case, giving details of the circumstances of such non-compliance).
- Requirements as to financial statements The Issuer shall ensure that each set of financial statements delivered pursuant to Condition IV-A (i) gives (if audited) a true and fair view of, or (if unaudited) fairly represents, the financial condition and operations of the Issuer and its Subsidiaries as at the date to which, and for the period in relation to which, those financial statements were drawn up. The Issuer shall procure that each set of financial statements delivered pursuant to Condition IV-A (i) is prepared in accordance with the Accounting Principles.

#### Notification of default

- The Issuer shall notify the Trustee of any Default or Event of Default (and the steps, if any, being taken to remedy it) promptly but no later than 7 days upon becoming aware of its occurrence.
- Promptly upon a request by the Trustee but no later than 7 days, the Issuer shall supply to the Trustee a certificate signed by its Managing Director certifying that no Default or Event of Default is continuing (or if a Default or Event of Default is continuing, specifying its nature and the steps, if any, being taken to remedy it).

#### RIGHTS AND OBLIGATION OF THE TRUSTEE SECTION 8:

Rights and Obligations of the Trustee have been incorporated from the Trust Deed executed between the Issuer (The Premier Bank Limited) and the Trustee (Delta Brac Housing Finance Corporation Ltd. (DBH)).

# **Duties and Powers of the Trustee**

The Trustee has the following duties and powers in connection with the Trust:

a. to hold the benefit of the covenants made by the Issuer in this Trust Deed and the Conditions on trust for the Bondholders;

2 4 NOV 2022

b. to open such accounts as it deems necessary for discharging the functions of Trustee;

- c. to keep the money and assets representing the Trust Property (including enforcement proceeds) and to deposit and withdraw such moneys and assets as may be required from time to time;
- d. to undertake all such actions for the recoveries of any overdue in accordance with the provisions of this Trust Deed and to execute all such documents, deeds and papers and to do all acts in relation thereto;
- e. to issue, manage and administer the Bonds in accordance with the terms of this Trust Deed and execute, acknowledge, confirm or endorse any agreements, documents, deeds, instruments and papers in connection therewith;
- f. to call any meetings of the Bondholders in accordance with the provisions of the Trust Deed and the Bonds and to facilitate the proceedings of such meeting as it deems appropriate in accordance with the terms of this Trust Deed;
- g.to implement, give effect to and facilitate the terms and conditions of the Bonds and such other documents, deeds and agreements in contemplation thereof;
- h. upon instruction by the Bondholders upon occurrence of an Event of Default in accordance with this Trust Deed, to sell or otherwise dispose of the Trust Property and close any bank accounts that may have been opened in pursuance of this Trust Deed after distribution of amounts standing to their credit;
- i. to take such action as may be appropriate for the protection of the interest of the Bondholders in accordance with the Trust Act, 1882 and the provisions of this Trust Deed; and
- j. The Trustee shall have power to initiate negotiations with the respective parties for inclusion of any additional terms and conditions for the performance of the obligations under this Trust Deed for the protection of the interest of the Bondholders, and necessary amendments can then be made by way of mutual agreement; and
- k. to do all such other acts, deeds and things as may be necessary and incidental to the above objects unless such acts require the prior consent of the Beneficiaries in accordance with this Trust Deed.

#### Covenant to repay

The Issuer covenants with the Trustee that it will, as and when the Bonds or any of them become due to be redeemed or any principal on the Bonds or any of them becomes due to be repaid in accordance with and subject to the terms and conditions of the Bonds in this Trust Deed or any provision of this Trust Deed, unconditionally pay or procure to be paid to or to the order of the Trustee in Taka in freely transferable funds for value the relevant due date for payment the principal amount of the Bonds or any of them becoming due for redemption or repayment on that date and shall (subject to any terms and conditions of the Bonds) until all such payments (both before and after judgment or other order) are duly made unconditionally pay or procure to be paid to or to the order of the Trustee as aforesaid on the dates provided for in the Trust Deed, or any of them outstanding from time to time as set out in the Trust Deed provided that:

a. every payment in respect of the Bonds or any of them made to or through the Paying Agent in the manner provided in the Agency Agreement shall satisfy, to the extent of such payment, the relevant covenant by the Issuer contained in this Clause except to the extent that there is default in the subsequent payment thereof to the Bondholders in accordance with the Trust Deed;

b. if any payment in respect of the Bonds or any of them is made after the due date, payment shall be deemed not to have been made until either the full paymount is paid to the Bondholders or, if earlier, the

third Business Day after notice by the Trustee to the Bondholders in accordance with the Trust Deed that the full amount has been received by the Paying Agent or the Trustee in the case of payment to the Paying Agent, to the extent that there is failure in the subsequent payment to the Bondholders under the Trust Deed; and

c. in any case where payment due in respect of any Bond is improperly withheld or refused upon due presentation of a Bond Certificate, payment shall accrue in accordance with Clause Error! Reference source not found, on the whole or such part of such amount from the date of such withholding or refusal until the date either on which such amount due is paid to the Bondholders or, if earlier, the third Business Day after which notice by the Trustee is given to the Bondholders in accordance with this Trust Deed that the full amount payable in respect of the said principal amount is available for collection by the Bondholders provided that on further due presentation thereof such payment is in fact made.

The Trustee will hold the benefit of this covenant and the covenants in Clause 14 (Rights, Duties and Obligations of the Trustee) on trust for the Bondholders.

# **Terms of Appointment**

#### Reliance on information

- a. Advice: The Trustee may in relation to this Trust Deed act on the opinion or advice of or a certificate or any information obtained from any lawyer, banker, valuer, surveyor, broker, auctioneer, accountant or other expert and shall not be responsible for any Liability occasioned by so acting;
- b. Certificate of directors or Authorised Signatories: The Trustee, in the exercise of its functions, may call for and shall be at liberty to accept a certificate signed by two Authorised Signatories of the Issuer or other person duly authorised on their behalf as to any fact or matter prima facie within the knowledge of the Issuer, as the case may be, as sufficient evidence thereof and a like certificate to the effect that any particular dealing, transaction or step or thing is, in the opinion of the person so certifying, expedient as sufficient evidence that it is expedient and the Trustee shall not be bound in any such case to call for further evidence or be responsible for any Liability that may be occasioned by its failing so to do;
- c. Resolution or direction of Bondholders: The Trustee shall not be responsible for acting in good faith upon any resolution purporting to be a Written Resolution or to have been passed at any meeting of the Bondholders in respect whereof minutes have been made and signed or a direction of a specified percentage of Bondholders, even though it may subsequently be found that there was some defect in the constitution of the meeting or the passing of the resolution or the making of the directions or that for any reason the resolution purporting to be a Written Resolution or to have been passed at any Meeting or the making of the directions was not valid or binding upon the Bondholders;
- d. Bondholders as a class: In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including without limitation any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Bondholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Bondholders whatever their number and in particular, but without limitation, shall not have regard to the consequences of the exercise of its trusts, powers, authorities and discretions for individual Bondholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Bondholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon 24 NOV 2022 individual Bondholders;

product of the research in the programme of the product of the personal section of the product of the contract of the contract

- e. No obligation to monitor: The Trustee shall not be under any obligation to monitor or supervise the functions of any other person under the Bonds or any other agreement or document relating to the transactions herein or therein contemplated and shall be entitled, in the absence of actual knowledge of a breach of obligation, to assume that each such person is properly performing and complying with its obligations;
- f. Bonds held by the Issuer: In the absence of actual knowledge or express notice to the contrary, the Trustee may assume without enquiry (other than requesting a certificate of the Issuer), that no Bonds are for the time being held by or for the benefit of the Issuer or any of its Affiliates;
- g. Events of Default: The Trustee shall not be bound to give notice to any person of the execution of this Trust Deed or to take any steps to ascertain whether any Default or Event of Default has happened and, until it shall have actual knowledge or express notice to the contrary, the Trustee shall be entitled to assume that no such Default or Event of Default has happened and that the Issuer is observing and performing all the obligations on its part contained in the Bonds and the Bond Documents and no event has happened as a consequence of which any of the Bonds may become repayable;
- h. Right to deduct or withhold for taxes: Deduction or withholding of tax will be as per prevailing laws of Bangladesh.
- i. No responsibility to investigate: The Trustee shall not have any responsibility for or have any duty to investigate except under any applicable laws or regulations:

the execution, delivery, legality, validity, effectiveness, adequacy, genuineness, enforceability or admissibility in evidence of any Bond Document;

any recitals, statements, warranties, representations or covenants of any party to any Bond Document;

its ability to exercise the rights, trusts, powers, authorities or discretions purported to be conferred on it by any of the Bond Documents; or

the capacities, powers or credit standing of the Issuer or other party to any of the Bond Documents;

- j. Error of judgment: The Trustee shall not be liable for any error of judgment made in good faith by any officer or employee of the Trustee assigned by the Trustee to administer its corporate trust matters;
- k. No responsibility for loss: The Trustee shall not in any circumstances, except under any applicable laws or regulations:
- i. be liable to account to any Bondholder or any other person for anything except sums actually received by the Trustee which have not been distributed or paid to the persons entitled or at the time of payment believed by the Trustee to be entitled thereto, or
- ii. be liable to any Bondholder or any other person for any costs, charges, losses, damages, liabilities or expenses arising from or connected with any act, default, omission or misconduct of the Trustee, any Appointee or their respective officers, employees or agents in relation to the Bond Documents except to the extent that they shall have been finally judicially determined to have been caused by the Trustee's own gross negligence, wilful default or fraud.
- 1. Force Majeure: The Trustee shall not be liable for any failure or delay in the performance of its obligations under this Trust Deed or any other Bond Document because of circumstances beyond such Trustee's control, including, without limitation, acts of God, flood, war (whether declared or undeclared), terrorism, fire, riot, embargo, labour disputes, any laws, ordinances, regulations or the like which restrict or prohibit the performance of the obligations contemplated by this Trust Deed or any other Bond

Document, and other causes beyond such Trustee's control whether or not of the same class or kind as specifically named above. However, the Trustee shall use commercially reasonable efforts consistent with accepted practice in its industry to resume performance as soon as practicable under the circumstances.

m. Applicable Law: Notwithstanding anything contained in this Trust Deed the Trustee shall have all such rights and powers granted to it under the applicable law including but is not limited to The Securities and Exchange Commission (Private Placement of Debt Securities) Rules 2012.

n. Immunities: The Trustee's immunities and protections from liability and its right to indemnification in connection with the performance of its duties under this Trust Deed shall extend to the Trustee's officers, directors and employees. Such immunities and protections and right to indemnification, together with the Trustee's right to compensation, shall survive the Trustee's resignation or removal, the defeasance or discharge of this Trust Deed and final payment of the Bonds but in any event will be subject to any gross negligence, wilful default or fraud of which the Trustee or its officers, directors or employees may be guilty in relation to their duties under this Trust Deed. The Issuer acknowledges that in any proceedings taken in relation to this Trust Deed, it will not be entitled to claim for itself or any of its assets immunity from suit, execution, attachment or other legal process.

# Trustee's Determination and Discretion

a. Trustee's determination: The Trustee may determine whether or not a default in the performance or observance by the Issuer of any obligation under the provisions of any Bond Document or contained in the Bonds is capable of remedy and/or materially prejudicial to the interests of the Bondholders and if the Trustee certifies that any such default is, in its opinion, not capable of remedy and/or materially prejudicial to the interests of the Bondholders, such certificate shall be conclusive and binding upon the Issuer and the Bondholders provided however that the Trustee may not exercise any powers conferred upon it by this Clause Ounless the Trustee having given not less than 10 Business Days' notice of such proposed determination to the Bondholders in accordance with the Trust Deed, it has not, within 30 days of such notice being received by the Bondholders or a shorter period as may be agreed by the Bondholders in writing, been directed by an Extraordinary Resolution or Written Resolution instructing the Trustee as to the determination which shall be made;

b. Determination of questions: the Trustee as between itself and the Bondholders shall have full power to determine all the questions and doubts arising in relation to any of the provisions of this Trust Deed which in the opinion of the Trustee relates to matters and are bond specific matters ("Bond Specific Matters") and every such determination, whether made upon a question actually raised or implied in the acts or proceedings of the Trustee, shall be conclusive and shall bind the Trustee and the Bondholders provided however that the Trustee may not exercise any powers conferred upon it by this Clause unless the Trustee having given not less than 10 Business Days' notice of such proposed determination to the Bondholders in accordance with the Trust Deed, it has not, within 30 days of such notice being received by the Bondholders or a shorter period as may be agreed by the Bondholders in writing, been directed by an Extraordinary Resolution or Written Resolution instructing the Trustee as to the determination which shall be made;

c. Trustee's discretion: the Trustee shall (save as expressly otherwise provided herein) as regards all the trusts, powers, authorities and discretions vested in it by this Trust Deed or by operation of law, have absolute discretion as to the exercise or non-exercise thereof and the Trustee shall not be responsible for any Liability that may result from the exercise or non-exercise thereof but whenever the Trustee is under the provisions of this Trust Deed bound to act at the request or direction of the Bondholders, the Trustee shall nevertheless not be so bound unless first indemnified and/or provided with security to its satisfaction

against all actions, proceedings, claims and demands to which it may render itself liable and all costs, charges, damages, expenses and liabilities which it may incur by so doing provided however that the Trustee may not exercise any discretion conferred upon it by this Clause unless the Trustee having given not less than 10 Business Days' notice of such exercise of discretion to the Bondholders in accordance with the Trust Deed, it has not, within 30 days of such notice being received by the Bondholders or a shorter period as may be agreed by the Bondholders in writing, been directed by an Extraordinary Resolution or Written Resolution instructing the Trustee as to how such discretion shall be exercised;

- d. Trustee's consent: any consent given by the Trustee for the purposes of this Trust Deed may be given on such terms and subject to such conditions (if any) as the Trustee may require;
- e. Application of proceeds: the Trustee shall not be responsible for the receipt or application by the Issuer of the proceeds of the issue of the Bonds or the delivery of any Bond Certificate to the persons entitled to it;

f. Delegation: the Trustee may, with the prior consent in writing of the Issuer, in the execution and exercise of all or any of the trusts, powers, authorities and discretions vested in it by this Trust Deed, act by responsible officers or a responsible officer for the time being of the Trustee and the Trustee may also whenever it thinks fit, whether by power of attorney or otherwise, delegate to any person or persons or fluctuating body of persons (whether being a joint trustee of this Trust Deed or not) all or any of the trusts, powers, authorities and discretions vested in it by this Trust Deed and any such delegation may be made upon such terms and conditions and subject to such regulations (including power to sub-delegate with the consent of the Trustee) as the Trustee may think fit in the interests of the Bondholders and, provided the Trustee shall have exercised reasonable care in the selection of any such Appointee and the Trustee shall not be bound to supervise the proceedings or acts of and shall not in any way or to any extent be responsible for any Liabilities incurred by reason of the misconduct, omission or default on the part of such delegate or sub-delegate;

g. Agents: Subject to the provisions of the Trust Act 1882, the Trustee may, in the conduct of the trusts of this Trust Deed, with the prior consent in writing of the Issuer, instead of acting personally, employ and pay an agent on any terms, whether or not a lawyer or other professional person, to transact or conduct, or concur in transacting or conducting, any business and to do or concur in doing all acts required to be done by the Trustee, as the case may (including the receipt and payment of money) and, provided that the Trustee shall have exercised reasonable care in the selection and appointment of any such agent(s), the Trustee shall not be responsible for any Liabilities incurred by reason of the misconduct, omission or default on the part of any person appointed by it hereunder or be bound to supervise the proceedings or acts of any such person;

h. Custodians and nominees: the Trustee may appoint and pay any person to act as a custodian or nominee on any terms in relation to such assets of the trust as the Trustee may determine, including for the purpose of depositing with a custodian this Trust Deed or any document relating to the trust created hereunder and, provided the Trustee shall have exercised reasonable care in the selection of any such Appointee, the Trustee shall not be responsible for any loss, liability, expense, demand, cost, claim or proceedings incurred by reason of the misconduct, omission or default on the part of any person appointed by it hereunder or be bound to supervise the proceedings or acts of any such person; and

i. Confidential information: the Trustee shall not (unless required by law or ordered so to do by a court of competent jurisdiction) be required to disclose to any Bondholder any confidential information (financial or otherwise) made available to the Trustee by the Issuer or any other person in connection with this Trust Deed and no Bondholder shall be entitled to take any action to obtain from the Trustee any such information. Trustee shall forward to the Bondholders any non-confidential information made available to the Trustee by the Issuer in connection with this Trust Deed.

#### **Financial matters**

- a. Professional charges: any trustee being a banker, lawyer, broker or other person engaged in any profession or business shall be entitled to charge and be paid all usual professional and other charges for business transacted and acts done by him or his partner or firm on matters arising in connection with the trusts of this Trust Deed and also his incurred charges in addition to disbursements for all other work and business done and all time spent by him or his partner or firm on matters arising in connection with this Trust Deed, including matters which might or should have been attended to in person by a trustee not being a banker, lawyer, broker or other professional person;
- b. Expenditure by the Trustee: nothing contained in this Trust Deed shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties or the exercise of any right, power, authority or discretion hereunder if it has grounds for believing the repayment (if approved by the Issuer) of such funds or adequate indemnity against, or security for, such risk or liability is not assured to it; and
- c. Restriction on financial transactions with the Issuer:

The Trustee and its directors and officers shall be precluded from making any contracts or entering into any transactions ("Other Business) with the Issuer which would place its fiduciary duties towards the Bondholders in conflict with its rights and obligations in such Other Business.

# Trustee liable for gross negligence

None of the provisions of this Trust Deed shall in any case in which the Trustee has failed to show the degree of care and diligence required by it as trustee, having regard to the provisions of this Trust Deed conferring on the Trustee any powers, authorities or discretions, relieve or indemnify the Trustee against any liability which by virtue of any rule of law would otherwise attach to it in respect of any gross negligence, wilful default or fraud of which it may be guilty in relation to its duties under this Trust Deed.

### **Exercise of Discretion**

- a. Notwithstanding anything in this Trust Deed to the contrary, the Trustee shall not be obliged to exercise or consider exercising any discretion or consider making or make any determination (including, without limitation, any determination as to whether any fact or circumstance or activity or thing is material or substantial or complies with some such similar quantitative standard) or to consider taking or take any action whatsoever in connection with or under or pursuant to the Bonds unless directed to do so by the holders of not less than 66²/₃ percent in principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution.
- b. The Trustee will not be responsible for any loss, expense, damage, claim, cost, charge or liability which may be suffered as a result of any exercise or non-exercise of a discretion or the making or failure to make any determination or the taking or failure to take any action by the Trustee, acting on the directions of the Bondholders as aforesaid or pending the provision of such a direction.
- c. A certificate delivered in compliance with this Trust Deed of two Authorised Signatories of the Issuer or other person duly authorised on their behalf as to the compliance by the Issuer with any of their respective obligations contained in the Conditions or this Trust Deed shall be conclusive and binding on the Issuer, the Trustee and the Bondholders save in the case of manifest error, but without prejudice to the provisions of this trust deed.

d. The Trustee shall have no responsibility for requesting such certificates unless the Issuer has failed to deliver such certificates in accordance with Clause 9 (*Terms of Appointment*) or the Trustee is requested to do so by any Bondholder. The Trustee shall be entitled to rely on such certificates absolutely and shall not be obliged to enquire further as regards the circumstances then existing and whether they justify the provision and the content of such certificate and will not be responsible for any loss occasioned by so acting. The Trustee shall be entitled to rely on any such certificates as sufficient evidence by the Issuer of such compliance (or non-compliance) and will not be responsible for or for investigating any matter relating to the financial condition of or any other matter relating to the Issuer.

# SECTION 9: RIGHTS AND OBLIGATION OF THE ISSUE MANAGER, UNDERWRITER, OR ANY OTHER CONTRACTUAL PARTY

Rights and obligations of the issue manager, underwriter, or any other contractual parties is not applicable for 5th PBL Subordinate Bond.

# SECTION 10: RIGHTS AND OBLIGATION OF THE ELIGIBLE INVESTORS (BONDHOLDERS)

Rights and Obligations of the Issuer have been incorporated from the Trust Deed executed between the Issuer (The Premier Bank Limited) and the Trustee (Delta Brac Housing Finance Corporation Ltd. (DBH))

Each Bondholder has the right to demand information from the Issuer as set out in this Trust Deed and the Condition attached in Schedule 1 Part B (Terms and Conditions of the Bonds).

Each Bondholder has the right to receive payment of principal amount of the Bond on the Redemption Date as set out in the Condition attached in Schedule 1 (Terms and Conditions of the Bonds).

Each Bondholder has the right to receive coupon on the Bond on the Coupon Payment Date as set out in the Condition attached in Schedule 1 (Terms and Conditions of the Bonds).

Each Bondholder has the right to attend meeting of the Bondholders and vote therein in accordance with Condition 12 (Meetings of Bondholders, Modification, Waiver and Substitution).

# Meetings

The Trust Deed contains provisions for convening meetings of Bondholders of each series to consider any matter affecting their interests, including the approval by Extraordinary Resolution of a modification of the Bonds of such series or the provisions of the Trust Deed. The quorum at any such meeting for passing an Extraordinary Resolution will be persons holding or representing over 50 percent in principal amount of the Bonds for the time being outstanding or, at any adjourned such meeting, two or more persons being or representing Bondholders whatever the principal amount of the Bonds so held or represented unless the business of such meeting includes consideration of proposals, inter alia, [(a) to modify the due date for any payment in respect of the Bonds, (b) to reduce or cancel the amount of principal, premium (if any) or interest payable in respect of the Bonds or to vary the Rate of Interest applicable to the Bonds, (c) to effect the exchange, conversion or substitution of the Bonds for, or the conversion of the Bonds into, shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed, (d) to change the currency of payment of the Bonds of such series or (e) to change the quorum required at any meeting of the Bondholders or the majority required to pass an Extraordinary Resolution (including for the purposes of a direction to the Trustee pursuant to Condition VIII (Events of Default)) or sign a Written Resolution or otherwise required in respect of any matter that is expressed

under any Bond Document as requiring the consent or instructions of the holders of at least 662/3 percent. in aggregate principal amount of the outstanding Bonds, in which case the necessary quorum for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 662/3 per cent., or at any adjourned such meeting, not less than 50 per cent., in principal amount of the Bonds for the time being outstanding. An Extraordinary Resolution passed at any meeting of Bondholders will be binding on all Bondholders, whether or not they are present at the meeting. The Trust Deed provides that a written resolution signed by or on behalf of the holders of not less than 662/3 per cent of the aggregate principal amount of Bonds outstanding shall be as valid and effective as a duly passed Extraordinary Resolution, (f) to list the bonds after closing and (g) to modify any other features of the bond.

# Receipt of Interest payment and capital repayment:

Bondholder have the right to receive interest payment and principal repayment as per schedule of the bond even if such payment causes issuer's risk-based capital to fall or remain below the minimum as required under Risk Based Capital Adequacy for bank (RBCA). In this case issuer will continue to service the bond and repayments on schedule and shall cure its above mentioned capital short fall by other means than non-payment on bond.

Provided that any modification made in pursuance of the above shall not take effect unless approved by the Commission.

# SECTION 11: DESCRIPTION OF THE PREMIER BANK LIMITED (THE ISSUER)

The Premier Bank Limited started its journey with the prime motto of "Service First" in 1999. The Bank has made history not just by passing 23 years of banking endeavor in Bangladesh but by making every moment useful and rewarding for our valued clients. The Bank has current network of 123 Branches which include 18 AD Branches, 102 Non-AD Branches including 12 SME/Agri. Branches. The Bank has also 17 sub-branches and 100 ATM booths including 6 Premier Fast Track at different locations of the country and a fully-owned subsidiary company named Premier Bank Securities Limited (PBSL) with 5 Branches at Dhaka & Chittagong city. We have continued us strive to build strong relationship with the customers and provide them fast and quality services as well as the best financial solution according to their actual needs. In our long journey, we have been trusted custodians of their money and a true financier of their wants.

The capital details of The Premier Bank Limited are given below:

Authorized Capital: BDT 15,000.00 (As on 30 June 2022)

Paid-up Capital: BDT 11,473,777,990 (As on 30 June 2022)

#### Independent Auditor's Report To the Shareholders of The Premier Bank Limited Report on the Audit of the Consolidated and Separate Financial Statements

#### Opinion

We have audited the consolidated financial statements of The Premier Bank Limited and its subsidiary (the "Group") as well as the separate financial statements of The Premier Bank Limited (the "Bank"), which comprise the consolidated and separate balance sheets as at 30 June 2022 and the consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flows statement for the period then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 30 June 2022, and of its consolidated and separate profit and loss accounts and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note 3.15.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Risk                                                                                                                                    | Our response to the risk                                                                                                    |
|-----------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Measurement of provision for loans and advances                                                                                         |                                                                                                                             |
| The process for estimating the provision for loans<br>and advances portfolio associated with credit risk is<br>significant and complex. | We tested the design and operating effectiveness of key controls focusing on the following:                                 |
| For the individual analysis, these provisions consider<br>the estimates of future business performance and                              | <ul> <li>Tested the credit appraisal, loan<br/>disbursement procedures, monitoring and<br/>provisioning process:</li> </ul> |

identification of loss events, including early

warning and default warning indicators;

the market value of collateral provided for credit transactions.

For the collective analysis, these provisions are manually processed that deals with voluminous databases, assumptions and calculations for the provision estimates of complex design and implementation.

At period end the Group reported total gross loans and advances of BDT 266.96 billion (2021: BDT 251.99 billion) and provision for loans and advances of BDT 8.33 billion (2021: BDT 8.54 billion).

We have focused on the following significant judgments and estimates which could give rise to material misstatement or management bias:

- Completeness and timing of recognition of loss events in accordance with criteria set out in BRPD circular no 14;
- For individually assessed provisions, the measurement of the provision may be dependent on the valuation of collateral, estimates of exit values and the timing of cash flows;

Provision measurement is primarily dependent upon key assumptions relating to probability of default, ability to repossess collateral and recovery rates;  Reviewed quarterly Classification of Loans (CL);

Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:

- Reviewed the adequacy of the Bank's general and specific provisions;
- Assessed the methodologies on which the provision amounts based, recalculated the provisions and tested the completeness and accuracy of the underlying information;

Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

See note no. 8. 8(a) and 15.1 to the financial statements

#### Valuation of treasury bill and treasury bond

The classification and measurement of T-Bill and T-Bond require judgment and complex estimates.

In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.

At the year end, total reported gross treasury bills and treasury bonds were BDT 45.84 billion (2021: BDT 46.88 billion).

We assessed the processes and controls put in place by the Group to identify and confirm the existence of financial instruments.

We obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the financial instrument valuation processes, including controls over market data inputs into valuation models, model governance, and valuation adjustments.

We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.

Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

#### See note no. 7.1 to the financial statements

## Measurement of deferred tax assets

The Bank reports net deferred tax assets to totaling BDT 1.16 billion as at 30 June 2022.

Significant judgment is required in relation to deferred tax assets as their recoverability is dependent on forecasts of future profitability over a number of years.

We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's key controls over the recognition and measurement of DTAs and the assumptions used in estimating the Group's future taxable income.

We also assessed the completeness and accuracy of the data used for the estimations of future taxable income.

We involved tax specialists to assess key assumptions, controls, recognition and measurement of DTA's.

Finally assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.

We focused on this area because the Bank and its subsidiaries (the "Group") operates in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.

These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities.

Overall, the legal provision represents the Group's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial position.

We obtained an understanding, evaluated the design and tested the operational effectiveners of the Group's key controls over the legal provision and contingencies process.

We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.

We enquired of the Group's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports.

We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information.

We also assessed the Group's provisions and contingent liabilities disclosure.

#### IT systems and controls

Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.

Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT dependent and application-based controls are operating effectively.

We tested the design and operating effectiveness of the Group's IT access controls over the information systems that are critical to financial reporting. We tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized. We tested the Group's periodic review of access rights. We inspected requests of changes to systems for appropriate approval and authorization. We considered the control environment relating to various interfaces, configuration and other application layer controls identified as key to our audit.

Where deficiencies were identified, we tested compensating controls or performed alternate procedures. In addition, we understood where relevant, changes were made to the IT landscape during the audit period and tested those changes that had a significant impact on financial reporting.

CBS integrated reporting capacity enhancement needs under constant cyber security threats are to be evaluated on a day to day basis, and adequate budget allocations are to be ensured.

#### Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our Auditor's' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

## Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation of the consolidated financial statements of the Group and also separate financial statements of the Bank in accordance with International Financial Reporting Standards (IFRSs) as explained in note 3.15, and comply with the Banking Company Act, 1991 (as amended up to date), the Companies Act, 1994, the Rules and Regulations issued by the Bangladesh Bank, the Rules and Regulations issued by the Bangladesh Securities and Exchange Commission (BSEC) and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 (as amended up to date) and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on Instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

## Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based
  on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that
  may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we
  conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the
  related disclosures in the consolidated and separate financial statements or, if such disclosures are
  inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date
  of our Auditor's' report. However, future events or conditions may cause the Group and the Bank to cease
  to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
  activities within the Group to express an opinion on the consolidated financial statements. We are
  responsible for the direction, supervision and performance of the group audit. We remain solely responsible
  for our audit opinion.

M. REAZUL (AR)M, FCMA Managing Director & CEO The Premier Bank, Ltd. Head Once, Banam We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, the Securities and Exchange Rules 2020, the Bank Company Act, 1991 and the rules and regulations issued by Bangladesh Bank, we also report that:

- we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- ii. to the extent noted during the course of our audit work performed on the basis stated under the Auditor's' Responsibility section in forming the above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
  - internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
  - nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities (other than matters disclosed in these financial statements)
- financial statements of Premier Bank Limited subsidiaries namely, Premier Bank Securities Limited remained unaudited;
- in our opinion, proper books of accounts as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books;
- the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;

## SECTION 17: DESCRIPTION OF TRUSTEE

Delta Brac Housing Finance Corporation Ltd. (DBH) is the pioneer, largest and specialist in Housing Finance Institution in the private sector of the country. After commencing operation in 1996 the company has registered commendable growth in creating home ownership in Dhaka and other major cities of the country. At the same time, the company has been playing an active role in promoting the real estate sector to the large cross sections of prospective clients who had but yet unfulfilled dream of owning a home.

Among all Banks and Financial Institutions of Bangladesh only DBH has been rated the highest 'AAA' credit rating for 16th consecutive years. The level of credit rating provides a very important indication of the financial safety, security and strength of the concerned Bank or Financial Institution and is particularly relevant to its depositors and other investors such as shareholders and lenders.

## DISCLAIMER AND LIMITATION OF LIABILITY

Any person making use of and/or relying on the rating report and all information contained therein hereby acknowledges that he has read this Disclaimer and Limitation of Liabilities and has understood it and agrees to be bound by it in its entirety. Affixing your signature below is a pre-condition for reading or otherwise using this report in part or in whole.

ACRSL generates and publishes credit rating report(s) (hereafter the "rating(s)") as an independent OPINION as to the creditworthiness of an entity or obligor or corporate or financial instrument or bank loan or facility or project finance or otherwise, in general or with regard to a specific financial obligation. ACRSL's ratings are statements of OPINION regarding credit (or repayment) risk as of the date they are expressed and are NOT statements of fact. The opinion is based on established criteria and methodologies that ACRSL continuously evaluates and updates. Ratings are inherently forward-looking and embody assumption and predictions about future events that by their nature cannot be verified as facts. Despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating is issued or affirmed. Ratings are the collective work and product of ACRSL and no individual, or group of individuals, is solely responsible for a rating; individuals are named for contact purposes only.

The rating does not address the risk of loss due to risks other than credit risk, unless such risk is categorically and specifically mentioned. A rating report providing a rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer or a corporate entity and its agents in connection with the offer or sale of the securities or otherwise any other financial facilities including any term loan, working capital loan, project loan, SOD Facilities, guarantee, debenture or any other form of lending and facilities, and is in no way an absolute measure of risk, and should be read in conjunction with the due diligence or otherwise any other risk evaluation. The rating should not solely be relied on and is not a substitute for the skill, judgment and experience of the user, its management, employee(s), advisor(s) and/or client(s) when making investment and other business decisions. The rating is not an investment advice or recommendation to grant financial facilities, lend, grant credit facilities, buy, sell, or hold stocks or shares, bonds, debentures in any entity or any particular security and go investment or any other decision should be made solely on the basis of a credit rating. Rather, PBL 5th Subordinated Bond, and any other users should perform their own analysis and conduct appropriate due diligence. The ACRSL ratings do not comment on the probability of default in repayment of loan, redemption of bond, enforcement of securities and collaterals, adequacy of market price, the suitability of any security for a particular investor or corporate personality, or the tax-exempt nature or taxability of payments made in respect of an entity or corporate personality or financial instrument or bank loan or any financial facility or a project finance or any security or otherwise; and does not assess or indicate the likelihood of changes in the market price or value of rated instruments and financial facilities due to market-related factors, such as changes in interest rates or liquidity or otherwise; nor is it an opinion of the liquidity in the market of the user's securities and creditworthiness. ACRSL does not act as a fiduciary or an investment advisor except where registered as such. ACRSL is not engaged in the offer or sale of any security or otherwise any financial facility. ACRSL does not provide investment advice of any sort. ACRSL does not take any responsibility of securing due and proper compliance with any contractual, regulatory, statutory obligations of the client including repayment of loan and other credit facilities granted or to be granted by the client. ACRSL shall not be responsible for any default or misrepresentation by the clients of under any circumstances.

ACRSL, ITS AFFILIATES, AND ANY THIRD PARTY PROVIDERS, AS WELL AS THEIR DIRECTORS, OFFICERS, SHAREHOLDERS, EMPLOYEES OR AGENTS DO NOT GUARANTEE THE ACCURACY, COMPLETENESS, AUTHENTICITY, TIMELINESS, AVAILABILITY, MERCHANTABILITY OR FITNESS FOR ANY PURPOSE OF THE RATING INFORMATION OR OPINION GIVEN OR MADE BY ACRSL IN ANY FORM OR MANNER WHATSOEVER. #### **Executive Summary**

#### Strengths:

- Premier Bank Limited (PBL) has registered positive operating revenue growth. This robust growth is driven by its income from investment which was one of the major drivers behind the operating income growth of PBL. Net interest income's contribution to total operating income remained 27.12%, followed by investment income 26.37%, commission, exchange and brokerage income 26.54% and the rest is of from other operating income which is 19.98% in FY21, this is a positive rating factor in our view.
- PBL has maintained stable growth in loan disbursement. Interest income
  from disbursed loan is one of the primary income sources for a commercial
  bank and bank always try to construct a good credit portfolio moving
  forward with its deposit growth. In FY19 PBL's loan portfolio was BDT
  191,115.75MN, which further reached at BDT 215,215.93MN in FY20,
  increased by 12.61%. In FY21, it increased by 17.09% to BDT 251,991.32
  MN, representing a good Compound Annual Growth Rate (CAGR) of
  14.83%.
- PBL is adequately capitalized to maintain its Capital to Risk-weighted
   Asset Ratio (CRAR) above regulatory requirement. The Capital to Risk weighted Asset Ratio (CRAR) of PBL is higher than the regulatory
   requirement of 12.50% under the BASEL III framework. PBL's capital
   adequacy ratio stood at 13.96% in FY21, in line with its risk weighted asset
   of BDT 250,641.15 MN.

#### Concerns:

High return offered by government Sanchayapatra is a barrier to the
development of the bond market. Sanchayapatra from the Government
of Bangladesh already offering lucrative rates of return, which are higher
than most of the term-deposits offered by scheduled banks. Since, these
instruments are risk-free, it is necessary for corporate bonds to offer a
higher rate of return (to compensate investors for their additional risk),
which makes issuing bonds unattractive to the investors.

#### **Rating Rationale**

#### **Key Rating Drivers:**

- We are assigning a long-term rating of "AA" and a short-term rating of "ST-1"to PBL 5th Subordinated Bond (Hereafter the Debt Instrument or PBPB).
- Premier Bank Limited (PBL) has registered a positive operating revenue growth over the last 3-years. PBL's operating income demonstrated an increasing trend during last three years. The operating income of PBL increased from BDT 13,170.57 MN in FY19 to BDT 13,437.47 MN in FY20. Subsequently in FY21 the operating income of PBL increased to BDT 16,020.37 MN & Representing a Compounded Annual Growth Rateof10.29%. This growth is mainly driven by its income from investment. This was one of the major drivers behind the operating income growth of PBL. Net interest income's contribution to total operating income remained 27.12%, followed by investment income 26.37%, commission, exchange and brokerage income 26.54% and rest of from other operating is 19.98% in FY21 which is a positive rating factor in our view.
- PBL has maintained a positive growth in loan disbursement. During the
  last three years PBL' loan portfolio showed an in increasing trend. In FY19
  PBL's loan portfolio was BDT 191,132.91 MN then reached at BDT
  215,215.93 MN in FY20, increased by 12.61%. In FY21 it further increased
  by 17.07% to BDT 251,991.32 MN. Over the last three years PBL's loan
  portfolio increased at a CAGR of 14.83%, which is much more than the
  banking sector growth. ACRSL possess a positive outlook on future loan
  disbursement growth of PBL.
- The Non-Performing Loan (NPL) to Total loan ratio of PBL demonstrated a decreasing trend, Total Non-Performing Loan of PBL was BDT 12, 658.13 MN in FY19 then increased to BDT 5,357.21 MN in FY20 and further decreased to BDT 6,817.97 MN in FY21. At the same time PBL's NPL to Total Loan ratio was 6.62% which decline to 2.49% in FY20 and further decreased to 2.13% in FY21. Though the total amount of Non-Performing loan of PBL fluctuating during last three years but recently followed a decreasing trend as a percentage of total loans, defaulted loans decreased in the banking sector due to the simplification of rules and regulations by the central bank. Bangladesh Bank has relaxed several rules relating to loan classifications, including a 360-day exit plan that helped reduce default loans. A relaxed rescheduling facility was offered to defaulters in 2019 that allowed them to regularize NPLs by way of giving 2.0 per cent down payment, which slashed classified loans in banks. In addition to that Bangladesh Bank (BB) announces moratorium on loan re-payments until June 2021 and that such borrowers will not be in default.
- PBL is adequately capitalized to maintain its Capital to Risk-weighted
   Asset Ratio (CRAR) above regulatory requirement. The Capital to Risk weighted Asset Ratio (CRAR) of PBL is higher than the regulatory
   requirement of 12.50% under the BASEL III framework. PBL's capital
   adequacy ratio stood at 13.96% in FY21, in line with its risk weighted asset
   of BDT 250,641.15 MN.

- Capital to Risk-weighted Asset Ratio (CRAR): The Capital to Risk-weighted Asset Ratio (CRAR) of PBL is higher than the regulatory requirement of 12.50% under the BASEL III framework. PBL's Capital to Risk-weighted Asset Ratio was 13.62% in FY19 which slightly increased to 13.96% in FY20, which is in line with its risk weighted asset of BDT 212,467.38 MN, BDT 250,641.15 MN respectively.
- Developing economies can benefit in multiple ways from a welldeveloped bond market. A well-developed bond market can incentivize overall financial market and its players to be more efficient and spreads risks across investors and intermediaries. It can potentially supplement the existing banking system in mobilizing funds to enterprises (both government and corporate) as doing so reduces vulnerability of the financial system to external shocks by diversifying the funding basket of the economy. Looking at the previous global financial crises during FY07-08 would reveal how systematic problems in the banking sector have interrupted the flow of funds from savers to investors for a significant long period of time. Banks dominate the financial sector in Bangladesh economics where bonds can effectively manage the mismatches in the economic scenario of an emerging financial market. Bonds in Asian markets are either denominated in USD or local currency. All countries have their own principles for issuance of bonds. In South-East Asia, bonds came into highlight after the financial break-down during late 90s. It was understood by many that large dependence of financial sector in commercial banks is not a good idea, where problems such as liquidity and mismatch always increases.
- Over the near to intermediate term, ACRSL is concerned regarding the exposure of to the Banking sector. Due to Covid-19, the economic recession recovery is not going to be like L shape or V shape rather than the recovery is likely to be 'K' shaped. The Bangladeshi-bank sector was already struggling prior to the pandemic owing to the imposition of a single digit interest ceiling on all loans (except credit cards), liquidity pressures and persistently deteriorating non-performing loans (NPL). Bangladesh Bank has relaxed several rules relating to loan classifications, including a 360-day exit plan that helped to reduce default loans. A relaxed rescheduling facility was offered to defaulters in 2019 that allowed them to regularize NPLs by way of giving 2.0 percent down payment, which slashed classified loans in banks. In addition to that Bangladesh Bank (BB) announces moratorium on loan payments until June 2021 and that such borrowers will not be in default. However, owing to the COVID-19 pandemic and subsequent lockdown, the banking sector will face an acute crisis on multiple fronts, as banks' asset quality is likely to deteriorate while their interest and fee-based income are all affected at the same time.

yed Abul Hashem FCA, FCMA puty Managing Director & CFC M. REAZUN Bandar Ltd.

- High return offered by government Sanchaypatra is a barrier to the
  development of the bond market. The Bangladesh Sanchaypatra from the
  Government of Bangladesh already offer lucrative rates of return, which
  are higher than most term deposits offered by scheduled banks. Since
  these instruments are risk-free, it is necessary for corporate bonds to offer
  higher rates of return (to compensate investors for their additional risks),
  which makes issuing bonds quite unfeasible. In addition, this high cost of
  borrowing is also causing the government to bleed through its fiscal
  budget every year.
- Absence of a vibrant and liquid secondary market: The absence of a vibrant and liquid secondary market is partly caused by the absence of a significant number of retail bond investors that has made it difficult to properly price the bonds in the primary market and also impacting easy exit of the holdings. Limited number of prospective investors due to focus on capital gains: The investor base in the bond market is very insignificant compared to the investor base in capital market as the capital market offers higher return but at the cost of higher risk. In addition, investors are reluctant to invest in the bond market as they prefer short-term deposits products offered by financial institutions over long-term investment in Bonds. The majority of investors in Bangladesh prefer capital gains over regular interest income; this is reflected by their preference for stocks over bonds.
- Distribution of credit based on political influence, impunity culture, abuse
  of power in loan distribution and weakness of existing laws contribute to
  the decay of the banking sector. Additionally, regulatory requirements
  become a problem area when changes in regulation prompt regulators to
  roll-out action plans without thorough research or understanding the
  future implications and the ability of the banks to comply with it. This not
  only confuses stakeholders but also delays implementation.

Special Note: This credit rating report is being released by ARGUS Credit Rating Services Limited after analyzing the performance of the company as on Audited financials from FY19 to FY21 (Ending December 31) with due consideration to subsequent events up to the date of reporting.

#### BANKING SECTOR OF BANGLADESH

Banking is the backbone of national economy. All sorts of economic and financial activities revolve round the axis of the bank. As the industry produces goods and commodities, so does the bank creates and controls money-market and promotes formation of capital. Services to its customers are the products of banking industry besides being a pivotal factor in promoting capital formation in the country. The role of banking can hardly be over emphasized.

Banking industry of Bangladesh has achieved remarkable momentum over the last few decades. It has brought several positive changes in terms of expansion, modernization, quality of assets, application of international standards, technology adaptation, capacity development efforts, corporate governance, and improved regulatory and supervisory environment. The development is not, however, uniform in all banks. Fortunately, the industry did not have to face any severe fallout from the 2007-2008 Global Financial Crises (GFC). However, like other global economies, the industry is becoming exposed to newer challenges, financial crimes, and competitions. Though there are several instances and successful efforts of bank leadership to address the changing needs, all banks are required to develop their customized paths to sustain on a continuous process. Effective leadership, sound governance framework, and emotional intelligence are tools for tomorrow's banks to survive.

As a developing economy Bangladesh has encouraged to develop its banking industry to promote economic growth. Over the last three decades or so the country has seen spectacular expansion of the banking industry. The banking industry in Bangladesh has even gone a step further by promoting financial inclusion of the very poor in rural areas of which microfinance and microcredit are the policy instruments to achieve that objective. This has helped to expand the monetization of the rural economy, and as a consequence it has become more market-oriented. Such market orientation of the rural economy also facilitated continuous resource transfer from rural areas to urban areas. Now the biggest threat to achieving sustained economic growth has become the banking industry itself, especially the state-owned banks. This is despite Bangladesh adopting internationally recognized banking practices such as Basel

The banking sector of Bangladesh has been struggling to survive in the last couple of years. Most of the banks are in trouble regarding loan default, high non-performing loans and other issues. The pandemic situation has made the situation worse for the whole economy. The banking sector, a vital player in a country's monetary and fiscal system, continues to face the wrath of the Covid-19 pandemic.

A major change in policy in the banking sector was seen in 2020. The Bangladesh Bank initiated single-digit borrowing and lending rate back in April 2020. The main purpose was to attract investors with a single-digit interest rate. It was expected that investments would go up as the borrowing rate is below ten percent. Along with this, some banks expected that deposits from individuals would go down because of the less-than-six percent interest rate in depository money.

The main reason for this excess cash is low investment opportunities in the economy due to the Covid-19 situation along with a huge cash injection from the Bangladesh Bank. Rather than being low, bank deposits, excluding inter-

or Bank Limiter

bank balance, rose to Tk. 13,454.36 billion at the end of September 2020 from Tk. 13,054.54 billion nearly three months prior. Also, excess liquidity increased to almost 105 percent and stood at around Tk. 160,979 crore at that same period of time if we look at year-to-year analysis. Bangladesh Bank has already injected around Tk. 55,000 crore into the financial sector as part of its effort to implement the stimulus packages.

Also, remittances increased drastically last year, likely due to heightened uncertainty in the global economy. It is expected to increase by over 40 percent this year compared to the previous year. Excess dollars in the banking sector create an imbalance in the dollar rate by making a stronger national currency. But to provide an advantage to the local exporters, keeping the price stable is necessary. As a result, Bangladesh Bank bought back around 5 billion dollars from the regular market to keep the dollar stable which is needed in terms of maintaining export-import balance. And it also helped to increase the liquidity in the market.

At the end of September last year, the banking sector's total default loans stood at Tk. 94,440.5 crore, which was 8.88 percent of total outstanding loans; it was around Tk. 116,288 crore in the same period in the year prior. The amount decreased because of the regularization of a big chunk of defaulted loans through a special rescheduling policy of the central bank.

One of the main problems faced by banks is recovering money from big borrowers. If business as usual continues, it will be hard to survive in the long term. To address the problem of defaulted loans in the future, banks should take the necessary steps to investigate borrowers' position.

#### DOMESTIC BOND MARKET OF BANGLADESH

As Bangladesh aspires to be a developed nation by 2041 with success stories in infrastructural development expected to continue for years to come, a welldeveloped financial market with active role of corporate and government bonds has become a dire necessity. The Global Infrastructure Hub estimates that a cumulative total of USD 600 Billion of investments would be required in infrastructure sector alone from 2016 to 2040. But if you expect the current trends of actual investments to continue, a gap of USD 200 Billion long-term financing with no visible source of funding still needs to be addressed. Developing of a well-functioning and sizeable bond market that caters to the needs of both investors and issuers alike can be potential long-term fund mobilization alternative. Moreover, even if you look at the current trends, Bangladesh has invested billions of dollars in mega infrastructure projects that are expected to start operation within a few years. But, rolling these hard infrastructures on a consistent basis is only possible when the country simultaneously pursues development of soft infrastructures like developing of financial markets such as the bond markets. The long-term nature of bonds investments with flexible structuring mechanisms & repayment structures are ideal for supporting the investment and cash-flow needs of these long-term projects and capital expansions for a fast growing economy like ours.

According to Capital Markets Fact Book July 2021, currently global bond market size stands at \$124 trillion while global equity market size stands at \$106 trillion as of 2021. Bond market size of neighboring countries like Malaysia, Indonesia and Pakistan stand at \$345 billion, \$233 billion and \$66 billion respectively whereas Bangladesh's bond market (both treasury bond and corporate bonds combined) currently stands at \$18 billion. Undeniably, Bangladesh falls short of most of the developing economies in terms of bond market size.

Absence of a vibrant bond market in Bangladesh puts extreme burden on bank financing. Banks depend on short-term deposits to run operations. So, when they provide long-term loans with short-term deposits it creates pressure on their liquidity management that eventually leads to severe asset liability mismatch.

Looking into the Bangladesh Bond Market, we can see that it is a small market and it is highly dominated by government debt securities and capital bonds issued by banks and non-bank Financial Institutions (FI).

Banks and FIs issue capital bonds to meet the regulatory requirement and to strengthen their capital base. Corporate houses also issue the ZCB or Coupon Bearing Bond but the coupon/return percentage is still low.

Fortunately, the situation is getting better as time passes with the proactive and collaborative approach of regulators and related stakeholders. Recently the Shariah-compliant bond, the Bangladesh Government Islamic Investment (Sukuk), has drawn over eight times applications from investors in the final phase of auction. The fund was raised for the implementation of the Government's safe water supply project for the whole country. The

The Premil Samples Head Office

oversubscription clearly shows the interest and curiosity of the stakeholders towards this type of financial instrument.

Not only that, Bangladesh has also entered into the eta of green bond in 2021 with the approval of its first green bond to finance environment-friendly projects including renewable energy. Bangladesh Securities and Exchange Commission (BSEC) has approved the Non-Governmental Organization (NGO) named Sajida Foundation to raise money from the capital market by issuing green bonds.

In line with introducing some innovative solutions to create incentives, especially for the private sector, to promote financing for inclusive development, Bangladesh has also started working with Blue Bond. The blue bond is a new concept, and thus, there is still a lack of awareness and expertise in this area.

Furthermore, Bangladesh Securities and Exchange Commission (BSEC) has issued a debt securities rule in 2021, and afterward more than 10 banks have applied for perpetual bond and subordinated bond. Previously, BSEC gave approval to another 11 banks to issue this BASEL-III compliant AT-1 bonds. Perpetual Bonds are a new inclusion in this market as it was previously highly dominated with subordinated bonds issued by banks.

#### 1.1 PBL 5TH SUBORDINATED BOND

#### 1.1.1 Instrument Summary:

The premier Bank Limited (PBL) has decided to raise Additional Tier-II Capital through issuance of PBL 5th Subordinated Bond, in order to strengthen its capital base in accordance with Bangladesh Bank's Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework in line with Basel III). The proposed bond issue will allow the bank to enhance its capital strength and continue to grow its balance sheet in the future years.

The Issuer has planned to raise BDT 6,000.00 MN to strengthen its additional Tier II Capital base. The fund raised through issuing the proposed bonds will provide the Bank additional Capital cushion in light of risk weighted Capital Adequacy Ratio, and will help the Bank to grow its loans and advance portfolio and to open new branches.

The proposed bond will qualify as part of PBL's additional Tier-II capital and will help maintain healthy capital adequacy ratios in the next few years. Besides, the BDT 6,000.00 million funds will be used for undertaking general business activities of the bank including strengthening of the loan portfolio and other securities.

No. of Bonds to be issued is 1,000 under private placement. Bonds per lot/ Minimum Subscription will be one (1) bond for private issue and BDT 6,000,000 for private placement. The Bonds shall be Subordinated i.e. maturity date of the bond is 7 years, and Face Value (principal) redemptions will be in 10 (ten) tranches commencing at the end of the 30<sup>th</sup> month from the date of drawdown.

The Premier Bank Limited ("the Bank") is one of the third generation private commercial bank incorporated in Bangladesh on 10th June 1999 as a public company limited by shares under the Companies Act, 1994, governed by the Banking Companies Act, 1991. The Bank went for public issue of its share by initial public offering in 2007 and its share is listed with Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited. The Registered office of the company is located at Iqbal center, 42Kamal Ataturk Avenue, Banani, Dhaka-1213, and Bangladesh.

At present the Bank has 123 branches including 12 SME Service Centers/Agricultural Branches and 100 own ATM booths with no overseas branch. The Bank has one subsidiary companies namely, Premier Bank Securities Limited. The Bank also operates one Offshore Banking Unit (OBU) after obtaining its license from Bangladesh Bank on 10 November 2009.

The principal activities of the Bank are to provide all kinds of conventional and Islamic commercial banking services to its customers which includes deposit, loans and advances, export & import financing, local and international remittance facility etc. through its branches, Islamic windows, SME centers, and vibrant alternative delivery channels (ATM booths, mobile banking, internet banking, Fast Track, Agent Banking) in Bangladesh.

### 1.1.3Description of Collateral Securities and Type of Charges to Be Created

PBL 5th Subordinated Bond is superior to the claims of investors in equity shares and Subordinated non-cumulative preference shares, if any, of the bank whether currently outstanding or issued at any time in the future and subordinated to the claims of depositors, general creditors and subordinated debt of the Bank other than any subordinated debt qualifying as Additional Tier II Capital (as defined in the Basel III Guidelines) of the Bank. It is neither secured nor covered by a guarantee of the issuer nor related entity or other arrangement that legally or economically enhances the seniority of the claim vis-à-vis bank creditors.

#### 1.2 RIGHTS AND OBLIGATIONS OF THE ISSUER

# 1.3 RISK FACTORS AND MANAGEMENT'S PERCEPTION ABOUT THE RISK

Following are certain issues for the investors to consider before taking an investment decision in the offer. In some of the risk factors and management proposals thereof, reference has been described below in addition to the other information contained in this Information Memorandum:

#### A. Interest Rate Risks

Interest rate risk is associated with unfavorable movement of interest rates. Increased demand for loan and advances and volatilities in money market may raise the rate of interest. Government monetary policies also impacts interest rates. Although Bank's financing in different sectors is structured at fixed and variable rates for specified terms, increase in interest rates of borrowing could narrow or eliminate the spread or result in a negative spread, thus impacting the operational profitability. Interest Rate Risk is also defined by the extent to which changes in the market interest rates impact margins, net interest income and the economic value of the Bank's equity. In addition, Net interest income will be affected as a result of volatility in interest rates to the extent that the re-pricing structure of interest bearing assets differs from that of liabilities.

#### PBL's Management Perception:

Interest rate risk is managed by the Bank's asset liability management process through the structuring of on-balance sheet and off-balance sheet portfolios. The Bank wants to achieve stable earnings growth through active management of the assets and liabilities mix while, preferably, positioning itself to benefit from near-term changes in interest rate level. Duration analysis is used to measure the interest rate sensitivity of bank's assets and liabilities, in changing interest rates and therefore, reflects how changes in interest rates will affect banks economic value that is present value of equity. Duration of the portfolio is governed by economic forecasts, expected direction of interest rates and spreads. Interest rate swaps and forward rate agreements are used to manage the interest rate risk. The Treasurer is basically responsible for managing the interest rate risk. Reports on overall position and risks are submitted to senior management for review and positions are adjusted if deemed necessary. Apart from that, ALCO regularly reviews the interest rate sensitivity profile and its impact on earnings. Strategic decisions are taken with the objective of producing a strong and stable interest income over time. In addition, each month, performs complementary scenario analysis to assess the impact of changes in customer behavior and the economic environment.

#### B. EXCHANGE RATE RISK

Fluctuation in foreign exchange rate could adversely affect the business and financial performance of the bank because it funds foreign trade commitment from various sources of foreign exchange like export proceeds and other incoming remittance.

#### **PBL's Management Perception:**

Recent exchange rate fluctuation will expose the company to exchange rate risk as the company will be required to buy foreign currency at higher rate to run foreign exchange operation. However, Management of the Company believes that the foreign currency fluctuation effect will be very minimal to the overall profitability of the Company as can formulate a market adjustment in end banking product.

#### C. NON-REPAYMENT RISK (I.E. CREDIT RISK)

Credit risk is the risk of loss that may occur from the failure of any counter party to make required payments in accordance with agreed terms and conditions and/or deterioration of creditworthiness.

#### PBL's Management Perception:

PBL operates under the tight regulations and close supervision of Bangladesh Bank. Moreover, it is highly unlikely that a reputed organization like PBL will risk its reputation by setting an instance of default. Furthermore, in case of non-repayment, the Trustee would give notice period to the Issuer in protecting the non-repayment and take further steps to ensure the interest of the investors.

#### D. PREPAYMENT, CALL OR REFUNDING RISK

Prepayment, call or refunding risks are the risks associated with the principal amount of a bond

#### PBL's Management Perception:

This bond is Subordinated in nature i.e., there is no maturity date and there are no set-ups or other incentives to redeem unless and until it is eligible for call option criteria depicted in features of the Bond section.

E. SECURITY RISK

Security is the specific revenue sources or assets pledged by an issuer to the bondholder to secure repayment of the bond. Therefore, security risk is all about the process of recovering the investment by the bond holder by utilizing the charge against the collateral securities in case of Issuer's inability to repay the face value of the bond(s).

Sayed Abul Hashem FCA, F Deputy Managing Director & CFr

Head Office ne Premier Bank Limited

#### PBL's Management Perception:

PBL 5th Subordinated Bond is an unsecured bond. Specific Revenue sources or assets are not being pledged against issuance of the bonds. Investors will have the right on the Bank's cash flow to get repaid but rank of a Subordinated bond holder is below than other loans (or securities) with regard to claims on assets or earnings.

#### F. LIQUIDITY RISK

Liquidity Risk is termed as the possible inability of Bank to meet its financial obligations on account of a maturity mismatch between assets and liabilities. The Bank's businesses are subject to liquidity risks and could affect the Bank's ability to meet its financial obligations. In order for the Bank to continue to meet its funding obligations and to maintain or grow its business generally, it relies on customer savings and transmission balances, as well as ongoing access to the wholesale lending markets. The ability of the Bank to access funding sources on favorable economic terms is dependent on a variety of factors, including a number of factors outside of its control, such as general market conditions and confidence in the banking system

#### PBL's Management Perception:

Liquidity Risk Managers perform a demanding job at all times to meet the funding requirement of the Bank making available the funds required. The Bank has adequate investment in liquid assets, such as inter-bank placements and treasury bills. Further to primary sources, the Bank also relies on trading assets and other marketable securities to provide for secondary sources of liquidity. This level of liquidity was adequate to meet fluctuating customer borrowings and draw-downs comfortably. The marketing strategy of the Bank has ensured a balanced mix of demand and time deposits. This is the reason why the Bank needn't depend so much on volatile short-term borrowings. The treasury manager keeps a constant eye over the maturity profile of assets and liabilities so as to maintain adequate liquidity at all times and that the gap is very small. Substantial investment securities with contractual maturities can also be readily liquidated. Proper contingency plan is in place and can be implemented on a timely basis to minimize the risk ensuing from dramatic changes in market conditions. The Asset Liability Committee (ALCO) chaired by the Managing Director reviews the liquidity gap profile and the liquidity scenario and addresses strategic issues concerning liquidity. Further bank is also monitoring the liquidity position through various stock ratios. The bank is proactively using duration gap and interest rate forecasting to minimize the impact of interest rate changes.

#### G. MANAGEMENT RISK

Management risk refers to the chance that bank managers 'inefficiency or under performance which will finally affect the shareholders. The bondholders may suffer financial losses in such an event.

#### **PBL's Management Perception:**

Success and Growth depend on the continued services of their management team. Their senior management has significant industry experience and. There is also a deep bench of junior officers being groomed for senior position within the group.

#### H. OPERATIONAL RISK

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems (for example failed IT systems, or fraud perpetrated by a Bank's employee), or from external causes, whether deliberate, accidental or natural. It is inherent in all of the Bank's activities. Operational risks are monitored and, to the extent possible, controlled and mitigated. There can be no assurance that the Bank will not suffer material losses from operational risk in the future.

#### **PBL's Management Perception:**

The Bank's approach to operational risk is not designed to eliminate risk altogether rather to contain risks within levels deemed acceptable by senior management. All functions, whether business, control or logistics functions, must manage the operational risks that arise from their activities. Operational risks, are pervasive, as a failure in one area may have a potential impact on several other areas. The Bank has therefore established a cross-functional body to actively manage operational risk as part of its governance structure. The foundation of the operational risk framework is that all functions have adequately defined their roles and responsibilities. The functions can then collectively ensure that there is adequate segregation of duties, complete coverage of risks and clear accountability. The functions use their controls to monitor compliance and assess their operating effectiveness in several ways, including self-certification by staff, tracking of a wide range of metrics (for example, the number and characteristics of client complaints, deal cancellations and corrections, un-reconciled items on cash and customer accounts, and systems failures), and the analysis of internal and external audit findings.

#### I. BUSINESS RISK

Business risk is the possibility that a company will have lower than anticipated profits, or that it will experience a loss rather than a profit. Business risk is influenced by numerous factors, including business environment, economic situation and government regulations.

#### PBL's Management Perception:

Like all other businesses such risk exists in the banking industry. The Bank scrutinizes all of its clients and the associated risks systematically using up to date risk evaluation techniques and thereby has been able to maintain good asset quality so far and expects the same in the future. Some other systematic risks might arise from the external environment of the Bank, similar to any other bank.

#### J. INDUSTRY RISK

Industry risk is the possibility that a specific industry will not perform up to the level or at par. When problems plague one industry, they affect the individual organization of that particular industry. They may also cross over into other industries. The issuer is operating in a highly competitive market as modern banking industry has brought greater business diversification. Some banks in the industrialized world are entering into investments, underwriting of securities and portfolio management. The entry of new competitors may also deteriorate the competitive environment and result in lower profitability of the bank.

#### PBL's Management Perception:

The Bank has always been careful in offering its products and services at competitive terms and conditions. It updates its strategies continuously to keep up with the changes in the market dynamics and demand of the young generation. The management continues to focus on the sustainable growth by diversifying its loan book and by fostering innovation in the management level. PBL has also introduced new deposit and loan products to cater to different demographics and it is working on digitization of its service to stay on par with the global shift in the banking industry.

## K. MARKET AND TECHNOLOGICAL- RELATED RISK

Market and technology related risk mainly refers to the change in market condition due to technological modifications which would adversely affect the business and profitability of the company. As the banking industry is becoming more and more technology-dependent, the risks derived from technological use are increasing day-by-day. As a result, the bank might be exposed to risks such as computer virus attacks, system collapse, system hacking, unauthorized electronic fund transfers among others.

## **PBL's Management Perception:**

PBL maintains a strong IT Infrastructure to provide technological support to the vast operational personnel of the bank as well as its clients. The bank also follows the Bangladesh Bank ICT Policies along with other leading industry compliances such as PCI DSS. In addition to that the objective of investment policy covering various facet of Market Risk is to assess and minimize risks associated with treasury operations by extensive use of risk management tools. Broadly it encompasses policy prescriptions for managing systematic risk, credit risk, market risk, operational risk and liquidity risk in treasury operations. For market arising out of various products in trading book of the Bank and its business activities, the bank sets regulatory internal and ensure adherence thereto. Limits for exposure to counter-parties, industries and countries are monitored and the risks are controlled through Stop Loss limits, Overnight limit, Daylight limit, Aggregate Gap limit, Inter-bank dealing and investment limit etc. For the Market Risk Management of the bank, it has a mid-office with separate Desks for Treasury & Asset Liability Management (ALM) Asset Liability Management Committee (ALCO) is primarily responsible for establishing the market risk management, asset liability management of the bank, procedures thereof, implementing core risk management framework issued by regulator, best risk management practices followed globally and ensuring that internal parameters, procedures, practices/polices and risk management prudential limit adhered to.

# L. RISKS RELATED TO POTENTIAL OR EXISTING GOVERNMENT REGULATIONS

PBL operates its business under the specific guidelines laid by Bangladesh Bank, Bangladesh Securities and Exchange Commission and other regulatory authorities. The bank is also regulated by Bank Companies Act 1991 revised up to 2013, Companies Act 1994, Income Tax Ordinance 1984, Income Tax Rules 1984 and Value Added Tax (VAT) Act 1991. Moreover, Bangladesh Bank enforces certain regulatory requirements in the form of Cash Reserve Requirement (CRR) and Statutory Liquidity Ratio (SLR) for banking institutions, which are changed from time to time. Any abrupt changes in these policies and regulations made by the authorities may adversely affect the business of the company.

## PBL's Management Perception:

Unless there are any policy changes that have significant negative impact on the industry as a whole, PBL's business is not expected to be affected materially. Like all scheduled banks in Bangladesh, PBL has been funding their assets from their deposits after maintaining the required SLR and CRR and the bank has been consistently compliant to any such changes. Additionally, the regulatory bodies in Bangladesh are not expected to take any steps that might prove detrimental to the country's banking industry.

## M. RISKS RELATED TO POTENTIAL CHANGES IN GLOBAL OR NATIONAL POLICIES

A financial institution's ability to operate a profitable business is directly related to the national policies including, monetary and fiscal policies of the country at any given time. Imposition of restrictive policy by the government at any time may affect a company's profitability. Again, changes in the existing global or national policies can have either positive or negative impacts on the Bank. Every company operates under the economic policies formulated and imposed by the political government. The government tends to reshape these policies time to time for the sake of greater interest of the country's economy. Sometimes those changes in existing policy or any future policy framework adversely affect smooth operation of such companies.

#### PBL's Management Perception:

The management of the Issuer is always concerned about the prevailing and upcoming future changes in the global or national policy and shall respond appropriately and in a timely manner to safeguard its interests.

## N. ASSET QUALITY RISK

Asset Quality for the Bank mainly refers to loan quality. If loan default, it has adverse impact on Bank's profitability and balance sheet.

## PBL's Management Perception:

The Bank faces big challenges in managing balance sheet through core banking business due to major changes in regulation of loan classification and provisioning policy. The policy changes as well as deteriorated economic condition may cause non-performing loan and trend of non-performing issues force to make a loan huge loss provision. To reduce non-performing loan, enormous actions has been taken through aggressive recovery drives combined with improved risk management practices.

No responsibility for loss: The Trustee shall not be responsible for any loss incurred by bondholder subject to any applicable laws or regulations except for its Trustee's own gross negligence, wilful default or fraud.

Force Majeure: The Trustee shall not be liable for Force Majeure.

Immunities: The Trustee's immunities and protections from liability and its right to indemnification extend to its officers, directors and employees and its successors upon resignation and replacement. The Issuer will not be entitled to claim for itself or any of its assets immunity from suit, execution, attachment or other legal process.

Trustee's determination: The Trustee may determine whether or not a default in the performance by the Issuer of any obligation under the provisions is capable of remedy and/or materially prejudicial to the interests of the Bondholders. If the Trustee certifies that any such default is not capable of remedy and/or materially prejudicial to the interests of the Bondholders, such certificate shall be conclusive and binding upon the Issuer and the Bondholders subject to conditions as specified in the Trust Deed.

**Application of proceeds:** The Trustee shall not be responsible for the receipt or application by the Issuer of the proceeds of the Issue of the Bonds or the delivery of any Bond Certificate to the persons entitled to it;

Delegation: The Trustee may, with the prior consent in writing of the Issuer, whether by power of attorney or otherwise, delegate to any person or persons or fluctuating body of persons all or any of the trusts, powers, authorities and discretions vested in it by the Trust Deed and any such delegation may be made upon such terms and conditions and subject to such regulations (including power to sub delegate with the consent of the Trustee) as the Trustee may think fit in the interests of the Bondholder. The Trustee is required to exercise reasonable care in the selection of any such Appointee.

Agents: Subject to the provisions of the Trust Act 1882, the Trustee may, with the prior consent in writing of the Issuer, employ agents to conduct its duties in accordance with Trust Deed on its behalf.

Confidential information: The Trustee shall not (unless required by law or ordered so to do by a court of competent jurisdiction) be required to disclose to any Bondholder any confidential information (financial or otherwise) made available to the Trustee by the Issuer or any other person in connection with the Trust Deed.

Professional charges: Any trustee being a banker, lawyer, broker or other person engaged in any profession or business shall be entitled to charge and be

paid all usual professional and other charges for business transacted and acts done by him or his partner or firm on matters arising in connection with the trusts and also his incurred charges in addition to disbursements for all other work and business done and all time spent by him or his partner or firm on matters arising in connection with the Trust Deed, including matters which might or should have been attended to in person by a trustee not being a banker, lawyer, broker or other professional person.

Expenditure by the Trustee: The Trustee is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if it has grounds for believing the repayment (if approved by the issuer) of such funds or adequate indemnity against, or security for, such risk or liability is not assured to it.

Restriction on financial transactions with the Issuer: The Trustee and its directors and officers shall be precluded from making any contracts or entering into any transactions ("Other Business) with the Issuer which would place its fiduciary duties towards the Bondholders in conflict with its rights and obligations in such Other Business.

Trustee liable for gross negligence: Trustee shall be liable for gross negligence in the performance of its duties under the Trust Deed.

Exercise of Discretion: Unless provided to the contrary in the Trust Deed, the Trustee shall not be obliged to exercise or consider exercising any discretion or consider making or make any determination or to consider taking or take any action whatsoever in connection with or under or pursuant to the Bonds unless directed to do so by the holders of not less than 662/3 percent in principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution and the Trustee will not be responsible for any loss, expense, damage, claim, cost, charge or liability which may be suffered as a result thereof.

Trustee's Obligation for Requesting Compliance Certificates: The Trustee shall have no responsibility for requesting Compliance Certificates unless the Issuer has failed to deliver such certificates in accordance with (Terms of Appointment) or the Trustee is requested to do so by any Bondholder.

Modification and Waiver: The Trustee may agree, without the consent of the Bondholders, to (i) any modification (except as mentioned in Amendment Provisions of Trust Deed) to, or the waiver or authorisation of any breach or proposed breach of, any terms of the Trust Deed which is not materially prejudicial to the interests of the Bondholders or (ii) any modification to the Bonds or the Trust Deed which is of a formal, minor or technical nature or to correct a manifest error or to comply with mandatory provisions of law. Any such modification, waiver or authorisation will be binding on the Bondholders and, unless the Trustee agrees otherwise, any such modifications will be notified by the Trustee to the Bondholders as soon as practicable thereafter.

Interests of Bondholders: The Trustee shall have regard to the interests of the Bondholders as a class and not individuals in the exercise of its duties under this Deed.

## **FINANCIAL RISK ANALYSIS**

#### 4.1 PROFITABILITY ANALYSIS

The overall operating income has shown an increasing trend in FY20 due to increase in bank's investment income. Although decreasing trend in net interest margin has contributed to slowdown of operating income growth, the profitability demonstrates a decreasing trend, with corresponding increasing cost to income ratio over the recent years. Along with ACRSL possess positive outlook on future net income growth due to bank's access to low cost funding and positive growth in credit portfolio.

### APPENDIX D: SHORT TERM RATING DETAILS

### ACRSL CORPORATE / ENTITY RATINGS (SHORT TERM)

### ST-1 **Highest Grade**

Highest certainty of timely payment. Short-term liquidity including internal fund generation is very strong and access to alternative sources of funds is outstanding, Safety is almost like risk free Government short-term obligations.

### High Grade

High certainty of timely payment. Liquidity factors are strong and supported by good fundamental protection factors. Risk factors are very small.

### **Good Grade** ST-3

Good certainty of timely payment. Liquidity factors and company fundamentals are sound. Although ongoing funding needs may enlarge total financing requirements, access to capital markets is good. Risk factors are small.

### ST-4 **Satisfactory Grade**

Satisfactory liquidity and other protection factors qualify issues as to investment grade. Risk factors are larger and subject to more variation.

### ST-5 · Non-Investment Grade

Speculative investment characteristics. Liquidity is not sufficient to insure against disruption in debt service. Operating factors and market access may be subject to a high degree of variation.

### Independent Auditor's Report To the Shareholders of The Premier Bank Limited Report on the Audit of the Consolidated and Separate Financial Statements

### Opinion

We have audited the consolidated financial statements of The Premier Bank Limited and its subsidiary (the "Group") as well as the separate financial statements of The Premier Bank Limited (the "Bank"), which comprise the consolidated and separate balance sheets as at 30 June 2022 and the consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flows statement for the period then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 30 June 2022, and of its consolidated and separate profit and loss accounts and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note 3.15.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Risk Measurement of provision for loans and advances

The process for estimating the provision for loans and advances portfolio associated with credit risk is significant and complex.

For the individual analysis, these provisions consider the estimates of future business performance and the market value of collateral provided for credit transactions.

### Our response to the risk

We tested design and operating effectiveness of key controls focusing on the following:

- Tested the credit appraisal, loan disbursement procedures, monitoring and provisioning process;
- Identification of loss events, including early warning and default warning indicators;

For the collective analysis, these provisions are manually processed that deals with voluminous databases, assumptions and calculations for the provision estimates of complex design and implementation.

At period end the Group reported total gross loans and advances of BDT 266.96 billion (2021: BDT 251.99 billion) and provision for loans and advances of BDT 8.33 billion (2021: BDT 8.54 billion).

We have focused on the following significant judgments and estimates which could give rise to material misstatement or management bias:

- · Completeness and timing of recognition of loss events in accordance with criteria set out in BRPD circular no 14;
- · For individually assessed provisions, the measurement of the provision may be dependent on the valuation of collateral, estimates of exit values and the timing of cash flows:

Provision measurement is primarily dependent upon key assumptions relating to probability of default, ability to repossess collateral and recovery rates;

Reviewed quarterly Classification of Loans

Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:

- Reviewed the adequacy of the Bank's general and specific provisions;
- Assessed the methodologies on which the provision amounts based, recalculated the provisions and tested the completeness and accuracy of the underlying information;

Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

### Valuation of treasury bill and treasury bond

The classification and measurement of T-Bill and T-Bond require judgment and complex estimates.

In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.

At the year end, total reported gross treasury bills and treasury bonds were BDT 45.84 billion (2021: BDT 46.88 billion).

We assessed the processes and controls put in place by the Group to identify and confirm the existence of financial instruments.

We obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the financial instrument valuation processes, including controls over market data inputs into valuation models, model governance, and valuation adjustments.

We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.

Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

### See note no. 7.1 to the financial statements

### Measurement of deferred tax assets

The Bank reports net deferred tax assets to totaling BDT 1.16 billion as at 30 June 2022.

Significant judgment is required in relation to deferred tax assets as their recoverability is dependent on forecasts of future profitability over a number of years. We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's key controls over the recognition and measurement of DTAs and the assumptions used in estimating the Group's future taxable income.

We also assessed the completeness and accuracy of the data used for the estimations of future taxable income.

We involved tax specialists to assess key assumptions, controls, recognition and measurement of DTA's.

Finally assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.

### Legal and regulatory matters

We focused on this area because the Bank and its subsidiaries (the "Group") operates in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.

These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities.

Overall, the legal provision represents the Group's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial position.

We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's key controls over the legal provision and contingencies process.

We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.

We enquired of the Group's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports.

We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information.

We also assessed the Group's provisions and contingent liabilities disclosure.

### IT systems and controls

Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.

Our areas of audit focus included user access management, developer access production environment and changes to the IT environment. These are key to ensuring IT dependent application-based controls are operating effectively.

We tested the design and effectiveness of the Group's IT access controls over the information systems that are critical to financial reporting. We tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized. We tested the Group's periodic review of access rights. We inspected requests of changes to systems for appropriate approval and authorization. We considered the control environment relating to various interfaces. configuration and other application layer controls identified as key to our audit.

Where deficiencies were identified, we tested compensating controls or performed alternate procedures. In addition, we understood where relevant, changes were made to the IT landscape during the audit period and tested those changes that had a significant impact on financial reporting.

CBS integrated reporting capacity enhancement needs under constant cyber security threats are to be evaluated on a day to day basis, and adequate budget allocations are to be ensured.

### Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our Auditor's' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation of the consolidated financial statements of the Group and also separate financial statements of the Bank in accordance with International Financial Reporting Standards (IFRSs) as explained in note 3.15, and comply with the Banking Company Act, 1991 (as amended up to date), the Companies Act, 1994, the Rules and Regulations issued by the Bangladesh Bank, the Rules and Regulations issued by the Bangladesh Securities and Exchange Commission (BSEC) and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 (as amended up to date) and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process. 2 4 NOV 2022

### Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's' report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's' report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinto

Head Office The Premier Bank Limited

Hossain, FCS Company Secretary The promier and Limited We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we

We also provide those charged with governance with a statement that we have complied with relevant ethical identify during our audit. requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, the Securities and Exchange Rules 2020, the Bank Company Act, 1991 and the rules and regulations issued by Bangladesh Bank, we also report that:

- we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- to the extent noted during the course of our audit work performed on the basis stated under the Auditor's' Responsibility section in forming the above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti- fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
  - a. internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
  - b. nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities {other than matters disclosed in these financial statements}
  - financial statements of Premier Bank Limited subsidiaries namely, Premier Bank Securities Limited iii. remained unaudited;
  - in our opinion, proper books of accounts as required by law have been kept by the Group and the Bank iv. so far as it appeared from our examination of those books;
  - the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
