No obligation to purchase: The Arranger shall have no obligation to purchase or acquire all or any part of the Bonds purchased by you or to support losses, if any, directly or indirectly sustained or incurred by you for any reason whatsoever in connection with the Bonds, including the non-performance by the issuance, whether to you or otherwise.

#### SECTION 2: RISK FACTORS AND MANAGEMENT PERCEPTION ABOUT RISK

The following matters should be considered carefully before making any investment decision with respect to the Issuer or the Bonds. This Section contains a list of risks usually associated with the Issuer and the Bonds that It is issuing. The sequence in which the risks below are listed is not intended to be indicative of any order of priority or of the extent of their consequences. This list of risk factors is not meant to be a comprehensive description of all risks which may be relevant to a decision to invest in the Bonds. It does not take into consideration an investor's specific knowledge and/or understanding about the risks typically associated with the Issuer and the purchase and ownership of the Bonds. You are advised to review the risks below, if necessary, with the assistance of your own professional advisors, prior to making any investment decisions. If any of the risks described materialize, they could have a serious effect on the Issuer's financial results, and the ability of the Issuer to fulfill its obligations under the Bonds to be issued.

#### a) Interest Rate Risks

Interest Rate Risk can be defined as the risk of change in the value of an asset due to volatility in interest rates rendering the security in question non-competitive or increasing its value. Though the risk is said to arise due to an unexpected move, generally, investors are concerned with downside risk. This risk directly affects the fixed-rate security holder. Whenever the interest rate rises, the price of the fixed-income bearing security falls and vice-aversa. For a bank, this risk arises from differences in the repricing profile, interest rate basis, and optionality of banking book assets, liabilities and off-balance sheet items. Interest Rate Risk represents an economic and commercial risk to the Bank and its capital adequacy.

#### Management's Perception

The vulnerability of an institution towards the advanced movement of the interest rate can be gauged by using Duration GAP under Stress Testing Analysis. Bank has also been exercising the Stress Testing using the Duration GAP for measuring the Interest Rate Risk on its On-Balance Sheet exposure for estimating the impact of the net change in the market value of equity on the Capital to Risk-Weighted Asset Ratio (CRAR) due to change in interest rates only on its On-Balance Sheet position (as the Bank holds no interest-bearing Off-Balance Sheet positions and or Derivatives). Under the assumption of three different interest rate changes, i.e., 1%, 2%, and 3%.

#### b) Foreign Exchange Risks with Risk Mitigation Policy

Foreign exchange risk is the risk that a business's financial performance or financial position will be impacted by fluctuations in the exchange rates between currencies. The risk can manifest itself through a bank's holdings of assets (or liabilities) with net payment streams denominated in a foreign currency. Foreign exchange rate fluctuations alter the domestic currency values of such assets. Foreign exchange risk is not confined to proprietary positions taken by a bank and client -driven transactions but can also arise from known profit flows in foreign currency, and provisions for bad debts denominated in foreign currency. It is important that these exposures are identified and, where necessary, hedged, on a timely basis with the proper mitigants in place.

#### Management's Perception

The treasury division independently conducts the transactions, and the back office is responsible for verifying the deal and passing on necessary accounting entries. As advised by Bangladesh Bank on month-end all foreign exchange-related transactions are revalued at mark-to-market rate. All Nostrative counts are reconciled on a daily Mahfuzur Rahman Unimesh Ray Horing)

basis and outstanding entries beyond 30 days are reviewed by management for settlement. It is mentionable that bank management is looking forward to establishing treasury mid-office to effectively perform the reconciliation activities Similar to credit risk, RMU is in the process of implementation of Value-at-Risk (VaR) to assess the foreign exchange risk more effectively.

#### c) Non-repayment Risks

Non-repayment risk is defined as the potential risk that a bank's borrower or counterparty may fail to meet its obligations in accordance with agreed terms, resulting in an adverse impact on the quality of the bank's assets and profitability. Non-repayment risk also refers to the bank's risk of having its cash flows interrupted when a borrower fails to make their repayment. Such a scenario results into having the loan classified in separate categories, the extreme one being Non-Performing Loans (NPL) which adversely impacts the bank's profitability due to higher required provisioning.

In the case of an unpaid loan, non-repayment risk can result in the loss of both interest on the debt and unpaid principal, whereas in the case of an unpaid account receivable, there is no loss of interest. In both cases, the party granting the credit may also incur incremental collection costs.

#### Management's Perception

To ensure portfolio health, the bank has distributed the overall credit concentration among different segments/industries/trading. For example, branches are primarily responsible for sourcing potential clients and initiate limit (credit) approval process for review of Credit Division (CD), this division (CD) ensure the quality of credit proposal before limit approval, a separate division known as Credit Administration Monitoring and Recovery Division (CAMRD) monitors the documentation aspects of approved credits and finally, the Law Division manages the deteriorated accounts. It is mentionable that the bank has its own credit risk management guidelines. All other remaining risks in regard to the credit portfolio are addressed by the Risk Management Division (RMD), the primary responsibility of this unit is to identify and assess the severity of risks and highlight the same to the management for strategic decision making.

#### d) Pre-payment, Call or Refunding Risks

Call risk is the risk that the bond an investor has invested in will be redeemed by the issuer before its maturity date, thereby raising the risk for the investor, as they would have to reinvest the redeemed amount at a much lower rate or in an unfavorable investing market scenario. If the bond is called at or close to par value, as is usually the case, investors who paid a premium for their bond also risk a loss of principal. In reality, prices of callable bonds are unlikely to move much above the call price if lower interest rates make the bond likely to be called.

#### Management's Perception

The bond that Trust Bank intends to issue is non-callable, thus mitigating such risk.

#### e) Security Risks

The risk of loss arising from errors in nature, quantity, pricing, or characteristics of collateral securing a transaction with credit risk. Institutions that actively accept and deliver collateral and are unable to manage the process accurately are susceptible to loss.

#### Management's Perception

Since this is an unsecure debt, this particular risk is not applicable here.

#### f) Liquidity Risks

Trust Bank PLC

mether refer perceived) threatens its Liquidity is a bank's ability to meet its cash and collateral obligations without sustaining unacceptable losses.

Liquidity risk refers to how a bank's inability to meet its obligation (wheth

financial position or existence. Institutions manage their liquidity risk through effective asset liability management (ALM).

#### Management's Perception

The management of Trust Bank is well aware of the risks involving liquidity constraints and is capable of handling such risks by practicing modern Asset Liability Management (ALM) techniques. The ALM committee regularly monitors the overall liquidity position of the bank and proactively makes policy changes in the due course of time. Therefore, it is highly unlikely that the bondholders will face any material loss from liquidity risk.

#### g) Management Risks

The risk associated with the management in charge of running the company. Ineffective, myopic, or inadequate strategies undertaken by the management hurt the shareholders and in turn, expose the company to management risk. Lack of proper succession planning and experience of the management are also some key variables in considering the said risk.

#### Management's Perception

Trust Bank PLC.'s management comprises a group of highly professional individuals with considerable experience and reputation in the country's financial industry. Therefore, it is very unlikely that the management will conduct in such an unprofessional manner. Moreover, the management of the bank is constantly supervised by a board of directors consisting of seasoned professionals and entrepreneurs who work hard to ensure that the interest of all the stakeholders is served by management Being operated in the highly regulated banking industry is also a safeguard against this risk as Bangladesh Bank monitors the management to ensure best practice in the industry.

#### h) Operational Risk

Operational risk is the risk of loss due to failed internal processes or external events at an organization. Operational risk involves the legal and compliance risks in response to the disruption of day-to-day business operations. It also involves risk of losses suffered by the institutions stemming from the operational errors or mismatches in the process flows inherent in the lines of businesses.

Due to rising customer expectations, increasing regulatory requirements, proliferating financial engineering, uprising technological innovation and mounting competition, banks and financial institutions are undergoing changes. This has increased the probability of failure or mistakes from the operational point of view that can result in increased focus on managing operational risks.

#### Management's Perception

Internal control and internal audit systems are used as the primary means. Trust Bank PLC. manages this risk through a control-based environment in which processes are documented, authorization is independent, and transactions are reconciled and monitored. This is supported by an independent program of periodic reviews undertaken by internal audit, and by monitoring external operational risk events, which ensure that the bank stays in line with industry best practices and takes account of lessons learned from publicized operational failures within the financial services industry.

Trust Bank PLC has operational risk management process which explains how the bank manages its operational risk by the purpose, assessing, monitoring, controlling, and mitigating the risk, rectifying operational risk events, and implementing any additional procedures required for compliance with central bank requirements. Operational risk management responsibility is assigned to a different level of management within the business operation.

Risk assessment incorporates a regular review of identified risks to monitor significant changes. On top of that, as part of recent development, the bank is in the process of adopting of globally recognized operational risk assessment tools, e.g., Risk Control Self-Assessment for assessment of all possible operational risk and adoption of Key Risk Indicator (KRI) to help the bank to set operational risk trigger parameters.

#### i) Business Risks

Business risk is the possibility that an organization's operations or competitive environment will cause it to generate financial results that are worse than expected. An entity with high business risk should be operated in a more conservative manner, keeping the debt level as low as possible. Business risk is influenced by a lot of factors, including revenue, costs, competition, and overall economic climate and government regulations.

#### Management's Perception

Trust Bank PLC, has a robust risk management system to counter any adverse business risk and to maneuver in a hostile business environment. Most business risks have been covered in Credit, Liquidity, and Interest Rate Risk. To counter and mitigate business risk, the following measures are in place:

- Regular review of the impact of the global economic meltdown and take appropriate measures
- Innovative and convenient financial products and services.
- Taking prompt action on customer complaints.
- Frequent assessment of clients' satisfaction.
- Regular review of performance against budget and targets.
- Review and analysis of competitors' performance.

Prevention of risk by forecasting future market conditions gives Trust Bank PLC. a competitive edge over other competitors in the local market. In order to mitigate prospective risks of the market, the equity and research team regularly assesses the market information. This assessment updates the Management about the current market situation, growth of certain industries, current global phenomena, the price index of raw materials, refinance scheme taken by the central bank, and regulatory steps taken by various regulatory bodies. This also helps to make a future prediction on any industry and the market as a whole.

#### j) Industry Risks

Industry risk is the systematic risk inherent in a particular industry affecting all the entities. The risk can manifest itself through increased competition in the industry, threats of substitutes, bargaining power of supply chain entities etc. Macro-economic conditions also impact the ecosystem of the industry a particular company is a part of. Specially for the financial sector, there can be certain economic events or anomalies that adversely affect the industry sending it on a decline.

#### Management's Perception

Trust Bank PLC. has always been careful in offering innovative, convenient, and cost-effective financial products and services which in turn minimizes its industry risk exposure. Since it has a wide Networks, the bank contributes significantly in harnessing deposits by launching different attractive schemes befitting the requirement of different segments of customers. The bank actively encourages feedback from the customers and regards complaints as constructive comments that help to build customer relationships and improve business. The Bank has also succeeded in diversifying its business portfolio across the thrust sectors of the economy and always takes special care for superior value addition in its services to clients.

#### k) Market and Technology-related Risks

Market risk can be defined as the risk of losses in on and off-balance sheet positions arising from adverse movements in market prices. Market risk stems from all the positions included in the Bank's trading book, foreign exchange risk as well as from commodity positions.

Technology risk, or information technology risk, is the potential for any technology failure to disrupt the flow of a Bank's business. Banks face many types of technology risks, such as information security incidents, cyberattacks, password theft, service outages, and more. Every type of technology risk has the potential to cause financial, reputational, regulatory, and/or strategic risk. As such, it's critical to have an effective technology risk management strategy in place to anticipate potential problems.

#### Management's Perception

Over the last few years, Trust Bank PLC. had taken different initiatives to minimize ICT risks. Throughout the year, the bank had initiated different projects considering Risk Management into consideration. We have established our Data Center at IT Division, Head Office, and Disaster Recovery Center at Uttara, Dhaka. Banking Data of our all the Online Branches are being stored both at our Data Center and Disaster Recovery Center simultaneously to ensure business continuity even in disaster.

Moreover, we have recently added an Exadata storage solution for enhancing the storage capacity of our Data Center and Disaster Recovery Center that assured uninterrupted data availability for end-users and proliferated period end data processing speed. The audit recommendations and suggestions were considered and accordingly steps were taken to minimize associated ICT Risks. Bank has arranged awareness programs and trainings on the field of ICT Risk and its mitigation for both business and technical human resources, from top management to the trainee officers. The idea behind this practice was to increase the average ICT knowledge of the Bank through which the probability of occurrence of policy noncompliance in the Bank will be minimized.

The Treasury Division manages market risk covering liquidity, profit rate, and foreign exchange with oversight from the Asset Liability Management Committee (ALCO) comprising Senior Executives of the Bank. ALCO is headed by the Managing Director.

#### I) Risks related to potential or existing Government Regulations

Excessive growth of risk weighted assets against the growth of eligible regulatory capital of Trust Bank Limited might breach the Bangladesh Bank's criteria of minimum capital requirement. Also, the Bank might fail to comply with the laws, regulations or codes applicable to the financial services industry.

#### Management's Perception

Unless any policy change may negatively and significantly affect the industry as a whole, the business of the bank is expected not to be affected materially. Like all scheduled banks in Bangladesh, Trust Bank PLC, has been funding their assets from their deposits after maintaining the required SLR including CRR has the bank has been consistently compliant to any such changes.

The bank is capable of dealing with the consequences of unfavorable policy or regulatory changes made by the government. The Government is taking initiatives to improve the attractiveness of the country as an investment destination. Accordingly, it is expected that any changes to the existing laws will seek to improve the overall

business and investment environment.

#### RIGHTS AND OBLIGATION OF THE TRUSTEE SECTION 8:

Rights and Obligations of the Trustee have been incorporated from the Trust Deed executed between the Issuer (Trust Bank PLC.) and the Trustee (DBH Finance PLC.).

#### Trustee's Rights

Applicable Law: Notwithstanding anything contained in this Trust Deed the Trustee shall have all such rights and powers granted to it under the applicable law including but is not limited to Bangladesh Securities and Exchange Commission (Debt Securities) Rules 2021.

- Advice: The Trustee may in relation to this Trust Deed act on the opinion or advice of or a certificate or any information obtained from any lawyer, banker, valuer, surveyor, broker, auctioneer, accountant or other expert (whether obtained by the Trustee, the Issuer, or any Subsidiary) and which advice or opinion may be provided on such terms (including as to limitations on liability) as the Trustee may consider in its sole discretion to be consistent with prevailing market practice with regard to advice or opinions of that nature and shall not be responsible for any Liability occasioned by so acting; any such opinion, advice, certificate or information may be sent or obtained by letter, telegram, telex, cablegram or facsimile transmission:
- Resolution or direction of Bondholders: the Trustee shall not be responsible for acting upon any resolution purporting to be a Written Resolution or to have been passed at any meeting of the Bondholders in respect whereof minutes have been made and signed or a direction of a specified percentage of Bondholders, even though it may subsequently be found that there was some defect in the constitution of the meeting or the passing of the resolution or the making of the directions or that for any reason the resolution purporting to be a Written Resolution or to have been passed at any Meeting or the making of the directions was not valid or binding upon the Bondholders;
- Trustee not responsible for investigations: save as otherwise provided by applicable law, the Trustee shall not be responsible for, or for investigating any matter which is the subject of, any recital, statement, representation, warranty or covenant of any person contained in this Trust Deed, the Bonds, or any other agreement or document relating to the transactions herein or therein contemplated or for the execution, Chief Financial C legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence thereof; Trust Bank PLC
  - Entry on the Register: the Trustee shall not be liable to the Issuer or any Bondholder by reason of having accepted as valid or not having rejected any entry on the Register later found to be forged or not authentic and can assume for all purposes in relation hereto that any entry on the Register is correct.
  - Events of Default: save as otherwise provided by applicable law, until it shall have actual knowledge or express notice to the contrary, the Trustee shall be entitled to assume that no such Event of Default has happened and that the Issuer is observing and performing all the obligations on its part contained in the Bonds and under this Trust Deed and no event has happened as a consequence of which any of the Bonds may become repayable; and
  - > Right to Deduct or Withhold: notwithstanding anything contained in this Trust Deed, to the extent required by any applicable law, if the Trustee is or will be required to make any deduction or withholding from any distribution or payment made by it hereunder or if the Trustee is or will be otherwise charged to, or is or may become liable to, tax as a consequence of performing its duties hereunder whether as principal, agent or otherwise, and whether by reason of any assessment, prospective assessment or other imposition of liability to taxation of whatsoever nature and whenever made upon the Trustee, and

whether in connection with or arising from any sums received or distributed by it or to which it may be entitled under this Trust Deed (other than in connection with its remuneration as provided for herein) or any investments or deposits from time to time representing the same, including any income or gains arising therefrom or any action of the Trustee in connection with the trusts of this Trust Deed (other than the remuneration herein specified) or otherwise, then the Trustee shall be entitled to make such deduction or withholding or, as the case may be, to retain out of sums received by it an amount sufficient to discharge any liability to tax which relates to sums so received or distributed or to discharge any such other liability of the Trustee to tax from the funds held by the Trustee upon the trusts of this Trust Deed.

- Liability: The Trustee shall not be liable to any person for any matter or thing done or omitted in any way in connection with or in relation to this Trust Deed or the Bonds saved in relation to its own gross negligence, wilful default or fraud. This Clause 6.1.8 shall survive the termination or expiry of this Trust Deed or the removal or termination of the Trustee.
- Force Majeure: The Trustee shall not be liable for any failure or delay in the performance of its obligations under this Trust Deed or any other Bond Document because of circumstances beyond such Trustee's control, including, without limitation, acts of God, flood, war (whether declared or undeclared), terrorism, fire, riot, embargo, labour disputes, any laws, ordinances, regulations or the like which restrict or prohibit the performance of the obligations contemplated by this Trust Deed or any other Bond Document, inability to obtain or the failure of equipment, or interruption of communications or computer facilities, and other causes beyond such Trustee's control whether or not of the same class or kind as specifically named above.
- Immunities: The Trustee's immunities and protection from liability and its right to indemnification in connection with the performance of its duties under this Trust Deed shall extend to the Trustee's officers, directors and employees. Such immunities and protections and the right to indemnification, together with the Trustee's right to compensation, shall survive the Trustee's resignation or removal, the defeasance or discharge of this Trust Deed and final payment of the Bonds. The Issuer acknowledges that in any proceedings taken in relation to this Trust Deed, it will not be entitled to claim for itself or any of its assets' immunity from suit, execution, attachment or other legal process.
- Professional charges: any trustee being a banker, lawyer, broker or other person engaged in any profession or business shall be entitled to charge and be paid all usual professional and other charges for business transacted and acts done by him or his partner or firm on matters arising in connection with the trusts of this Trust Deed and also his properly incurred charges in addition to disbursements for all other work and business done and all time spent by him or his partner or firm on matters arising in connection with this Trust Deed, in each case as agreed pursuant to the Fee Letter (including matters which might or professional person);
  Md. Mahruzur Rahmalficer should have been attended to in person by a trustee not being a banker, lawyer, broker or other

negotiation skills, and a practical understanding of market dynamics, he has consistently delivered exceptional performances throughout his illustrious career which ultimately turns into the ventures' success with profitability and sustainability.

A career banker, Mr. Ahsan Zaman Chowdhury has been serving Trust Bank PLC. as the Managing Director & CEO since 10 July, 2024. An eminent banker Mr. Ahsan embarked on his career in 1986 at the then Arab Bangladesh Bank Limited (AB Bank) before joining Eastern Bank Limited (EBL) in 1998 where he served different key Management roles including policy making, strategic thinking and finding way-out. He also served as the area Head of Corporate Banking, Chittagong, area Head of Consumer Banking, Chittagong and Sylhet as well as the Head of SAMD of EBL. On way to his long journey with seasoned banking career, he bagged more than 22 years' experience on Branch Banking since he served different prominent Branches of EBL and AB Bank Limited.

In pursuit of career progression with professional accomplishment, veteran banker Mr. Ahsan made a significant move to Trust Bank PLC. on August 21, 2016. Recognizing his invaluable contributions, he was promoted to the rank and capacity as the Deputy Managing Director (DMD) on December 1, 2020, assuming the role of Chief Business Officer (CBO). Being the DMD & CBO of the Bank, he welcomed the ever-changing challenges in banking sector to accelerate the wheel of business dynamics towards the far-sighted prospects which have ultimately been brought into reality and contributed much in the meteoric rise of TBL profitability over the past six years since his joining at TBL. His dedication and exemplary leadership qualities were further acknowledged when he assumed the additional responsibility of Managing Director (In-Charge) on April 13, 2024; prior to that, he shouldered the responsibility of MD & CEO (Acting) of Trust Bank PLC. for several instances.

Throughout his prolonged successful career spanning over 38 years in the banking industry, Mr. Ahsan has demonstrated prowess in various facets of commercial banking, including Business Development, Relationship Management, Consumer Banking, Corporate Banking, Trade Solutions and Special Asset Management, SME & Agriculture Business, Syndication and Structured Finance etc. He has been instrumental in fostering a business culture that prioritizes exceptional quality, superior service and sustained profitability. His ability to translate customers' visions into functional business models has been pivotal in driving growth and competitive advantage. His cognizance and extensive involvement in strategic decision-making process underscores his commitment to organizational excellence eventually leads to mark significant improvement in all the major financial parameters of TBL.

Driven by a quest for continuous learning and professional development, Mr. Ahsan has participated in numerous training programs, workshops, and seminars both within the country and across the borders. His travels to countries such as Nepal, Hong Kong, Singapore, Thailand, Indonesia, Malaysia, Turkey, Switzerland, Germany, the United Kingdom, Canada and the United States of America have enriched his perspective and broadened his understanding of global banking practices.

Beyond his banking endeavors, Mr. Ahsan derives immense happiness from his roles as a dedicated spouse and a proud father to two children. A keen golfer, Mr. Ahsan has been nurturing his sporting zeal through maintaining memberships with the prestigious Club entities of the country namely Kurmitola Golf Club, Bhatiary Golf & Country Club, Chittagong Boat Club and Chittagong Club Limited, where he refines his techniques and finds tranquility on the course. Besides, Mr. Ahsan performed the roles of the treasurer of Bhatiary Golf & Country Club for the period of 2008-2015 and as an Executive Committee Member of Chittagong Boat Club during 2010-2013. He is actively associated with the different socio-cultural organizations in the country. Additionally, his enthusiasm for traveling fuels his desire to discover new places and cultures, providing him with both equilibrium and creative inspiration.

Mr. Ahsan attained both his graduation and post-graduation at the Department of Management, University of Chittagong, concentrating major in Management with sound academic track record. Mr. Ahsan epitomizes the epitome of leadership, professionalism and unwavering commitment to excellence in the banking industry. His visionary leadership and unparalleled dedication continue to steer Trust Bank towards greater heights of success and sustainability.

# Section 13: Auditor's Report and Audited Financial Statements of the issuer, Trust Bank PLC.

Detailed Audited Financial statements of Trust Bank PLC. for the period ended 31 December 2024 have been annexed with this Information Memorandum. Please see Annexure-1

Independent Auditor's Report To the Shareholders of Trust Bank PLC. Report on the Audit of the Consolidated and Separate Financial Statements

#### Opinion

We have audited the consolidated financial statements of Trust Bank PLC, and its subsidiaries (the "Group") as well as the separate financial statements of Trust Bank PLC. (the "Bank"), which comprise the consolidated and separate Balance Sheets as at 31 December 2024, and consolidated and separate Profit and Loss Accounts, consolidated and separate statement of Changes in Equity, and consolidated and separate Cash Flow Statements for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated Balance Sheet of the Group and the separate Balance Sheet of the Bank as at 31 December 2024, and of its consolidated and separate Profit and Loss Accounts and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note # 2 and comply with the Banking Companies Act, 1991 (as amended up to date), the Companies Act, 1994, the rules and regulations issued by the Bangladesh Bank, the rules and regulations issued by the Bangladesh Securities & Exchange Commission (BSEC) and other applicable laws and regulations.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs), Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC), and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements for the financial year 2024. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and informing auditor opinion thereon, and we do not provide a separate opinion on these matters. For each matter described below our description of how our audit addressed the matter is provided in that context

Trust Bank PLC.

We have fulfilled the responsibilities described in the auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatements of the financial statements. These results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

#### Description of key audit matters

# Measurement of provision for loans and advances

With reference to Note 12.1 to the financial statements, the process for calculating the provision for loans and advances/investments portfolio associated with credit risk is significant and complex. The Bank calculates provision for loans and advances/investments by considering various factors such as rate of provision, loan category, expiry date, outstanding balance, interest suspense amount, value of eligible collateral as per BRPD

circular no. 14 dated 23 September 2012 and

its subsequent amendments.

in Bangladesh, non-performing loans have been increasing day by day. Banks need to maintain provisions for additional nonperforming loans in line with the central bank's guidelines. The Bank identifies impaired loan accounts and calculates required provisions manually. Furthermore, management has incentive to maintain lower provisions for loans and advances to overstate profit.

Considering these factors, we have considered measurement of provision for loans and advances/investments as significant risk as well as a key audit matter.

At the year end of 2024 the Group reported total gross loans and advances of BDT 379.14 billion (2023: BDT 333.79 billion) and in 2024 the Bank reported total gross loans and advances of BDT 378.24 billion (2023: BDT 332.70 billion) whereas at the year end of 2024

#### Our response to key audit matters

We tested the design and operating effectiveness of key controls focusing on the following:

- Credit appraisal, loan disbursement procedures, monitoring and provisioning process;
- identification of loss events, including early warning and default warning indicators;
- Review of quarterly Classification of Loans (CL).

Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:

For confirming the classification of rescheduled lease, loans and advances, we performed the following procedures:

- We checked the no. of instalments outstanding and compliance with BRPD Circular No. 16 dated 18 July 2022;
- Reviewed the appropriateness of the approvals for the transfer of interests to the Income account in accordance with the Bangladesh Bank's guidelines;
- Reviewed the adequacy of the general and specific provisions in line with related Bangladesh Bank guidelines. Reviewed the recommendations for approvals in cases of transfer of interests to Income account;
- Tested the inputs in computation of provision in terms of testing the accuracy of underlying information;
- Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information;

the Group reported total provision for loans | • and advances of BDT 18.40 billion (2023: BDT 14.11 billion) and the Bank reported total .. provision for loans and advances of BDT 17.78 billion (2023: BDT 13.49 billion).

- Checked the adequacy of the Bank's general and specific provisions;
- Evaluated the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

See note nos. 7, 7.a and 12.01 to the financial statements

#### Recognition of interest income on loans and advances

and wide influence on financial statements. Recognition and measurement of interest income has involvement of complex IT environments.

We identify recognition of interest income from loans, advances and leases as a key audit matter because this is one of the key performance indicators of the Bank and therefore there is an inherent risk of fraud and error in recognition of interest by management to meet specific targets or expectations.

Recognition of interest income has significant. We tested the design and operating effectiveness of key controls over recognition and measurement of interest on loans, advances and leases.

> We performed test of operating effectiveness on automated control in place to measure and recognise interest income

> We have also performed substantive procedures to check whether interest income is recognised completely and accurately.

We assessed the appropriateness and presentation of disclosure against relevant accounting standards and Bangladesh Bank guidelines.

See note no. 20 and 20.01 to the financial statements

#### Valuation of treasury bill and treasury bond

The classification and measurement of T-Bill and T-Bond require judgment and complex estimates

In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.

We assessed the processes and controls put in place by the Bank to identify and confirm the existence of treasury bills and bonds.

We obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the treasury bills and bonds valuation processes, including controls over market data inputs into valuation models, model governance and valuation adjustments.

We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.

Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

#### Impairment assessment of unquoted investments

In the absence of a quoted price in an active market, the fair value of unquoted shares and bonds, especially any impairment is calculated using valuation techniques that may take into consideration direct or indirect unobservable market data and hence require an elevated level of judgment.

We have assessed the processes and controls put in place by the Bank to ensure all major investment decisions are undertaken through a proper due diligence process We tested a sample of investments valuation as at 31 December 2024 and compared our results to the recorded value.

Finally, we assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

See note nos. 6 and 5.2.1 & 6.2.2 to the financial statements

#### Measurement of Deferred Tax

We identified the measurement of deferred tax assets/liabilities as a key audit matter due to the recognition of these assets/liabilities involving judgement by management as to the likelihood of the realization of these deferred tax assets/liabilities, which is based on a number of factors including whether there will be sufficient taxable profits in future periods to support recognition.

The Bank disclosed deferred tax assets and deferred tax liabilities of BOT 136 million (2023: BDT 104 million) and BDT 00 million (2023: BDT 00 million) repectively as of 31 December 2024. The Bank disclosed net deferred tax assets of BDT 136 million (2023: BDT 104 million) as of 31 December 2024.

Our procedures in relation to management's assessment about the measurement of deferred tax assets/liabilities included:

- Evaluating management's assessment on the sufficiency of future taxable profits in support of the recognition of deferred tax by comparing management's forecasts of future profits to historical results and evaluating the assumptions used in those forecasts;
- Obtaining the communications between the Bank and taxation authorities regarding tax positions; and
- Assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.

See note no.9.4.1 and 9.4.1.2 to the financial statements

#### IT systems and controls

Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.

We conducted extensive testing to assess the design and operating effectiveness of the Bank's IT access controls over critical financial reporting systems. Our audit procedures included evaluating IT general controls, particularly focusing on logical access, change management, and IT operational controls.

Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT dependent and application-based controls are operating effectively.

We tested whether requests for access to systems were appropriately reviewed and authorized, ensuring that only authorized personnel had access to sensitive financial data. Additionally, we examined the Bank's periodic review process for access rights and assessed whether changes to systems were properly approved and authorized to prevent unauthorized modifications.

As part of our audit, we also evaluated the Bank's control environment concerning system interfaces, configurations, and application-layer controls that were identified as critical to financial reporting accuracy. Given the significance of IT application controls in ensuring the integrity of automated financial processes, we tested key application-based controls, including system-generated reports, automated journal entries, and validation mechanisms that support transaction processing. This involved assessing whether these automated controls were functioning as intended and whether their outputs were reliable for financial reporting purposes.

furthermore, we performed detailed tests on IT general controls to assess the effectiveness of application development processes, database security, and hosting platform management. We also evaluated the segregation of incompatible duties relevant to application and database change management to determine whether adequate controls were in place to prevent unauthorized access or modifications.

#### Legal and regulatory matters

We focused on this area because the Bank and its subsidiaries (the "Group") operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.

These uncertainties inherently affect the amount and timing of potential outflows with

We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over the legal provision and contingencies process.

We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.

respect to the provisions which have been established as other contingent liabilities.

Overall, the legal provision represents the Group's and the Bank's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial statement.

We enquired of the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports.

We assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information.

We also assessed the Bank's provisions and contingent liabilities disclosure.

#### Other information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and also separate financial statements of the Bank in accordance with IFRSs as explained in note 2 and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud

internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

Managing Director & CEO preparing the consolidated and separate financial statements, management is responsible for assessing DBH Finance PLC. the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

> Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, the Securities and Exchange Rules 2020, the Bank Company Act 1991 (as amended up to date), the Financial Reporting Act 2015, and the rules and regulations issued by Bangladesh Bank, we also report that:

#### SECTION 18: Description Of Trustee

DBH Finance PLC., formerly known as Delta Brac Housing Finance Corporation Ltd. is the pioneer, largest, and specialist Housing Finance Institution in the private sector of the country. After commencing operation in 1996, the company has registered commendable growth in creating home ownership in Dhaka and other major cities of the country. At the same time, the company has been playing an active role in promoting the real estate sector to the large cross-sections of prospective clients who had but yet unfulfilled dreams of owning a home.

Among all Banks and Financial Institutions of Bangladesh, only DBH has been rated the highest 'AAA' credit rating for 19th consecutive years. The level of credit rating provides a very important indication of the financial safety, security and strength of the Bank or Financial Institution concerned and is particularly relevant to its depositors and other investors such as shareholders and lenders.

- Authorized Capital: BDT 4,000 million (as of 31 December 2024)
- · Paid-up Capital: BDT 1,989 million (as of 31 December 2024)

Independent Auditor's Report To the Shareholders of Trust Bank PLC. Report on the Audit of the Consolidated and Separate Financial Statements

#### Opinion

We have audited the consolidated financial statements of Trust Bank PLC, and its subsidiaries (the "Group") as well as the separate financial statements of Trust Bank PLC. (the "Bank"), which comprise the consolidated and separate Balance Sheets as at 31 December 2024, and consolidated and separate Profit and Loss Accounts, consolidated and separate statement of Changes in Equity, and consolidated and separate Cash Flow Statements for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated Balance Sheet of the Group and the separate Balance Sheet of the Bank as at 31 December 2024, and of its consolidated and separate Profit and Loss Accounts and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note # 2 and comply with the Banking Companies Act, 1991 (as amended up to date), the Companies Act, 1994, the rules and regulations issued by the Bangladesh Bank, the rules and regulations issued by the Bangladesh Securities & Exchange Commission (BSEC) and other applicable laws and regulations.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC), and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters** 

Nasimul Baten Managing Director & CEO DBH Finance PLC.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements for the financial year 2024. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and informing auditor opinion thereon, and we do not provide a separate opinion on these matters. We have fulfilled the responsibilities described in the auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatements of the financial statements. These results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

#### Description of key audit matters

#### Our response to key audit matters

#### Measurement of provision for loans and advances

With reference to Note 12.1 to the financial statements, the process for calculating the provision for loans and advances/investments portfolio associated with credit risk is significant and complex. The Bank calculates provision for loans and advances/investments by considering various factors such as rate of provision, loan category, expiry date, outstanding balance, interest suspense amount, value of eligible collateral as per BRPD circular no. 14 dated 23 September 2012 and its subsequent amendments.

In Bangladesh, non-performing loans have been increasing day by day. Banks need to maintain provisions for additional non-performing loans in line with the central bank's guidelines. The Bank identifies impaired loan accounts and calculates required provisions manually. Furthermore, management has incentive to maintain lower provisions for loans and advances to overstate profit.

Considering these factors, we have considered measurement of provision for loans and advances/investments as significant risk as well as a key audit matter.

At the year end of 2024 the Group reported total gross loans and advances of BDT 379.14 billion (2023: BDT 333.79 billion) and in 2024 the Bank reported total gross loans and advances of BDT 378.24 billion (2023: BDT 332.70 billion) whereas at the year end of 2024

We tested the design and operating effectiveness of key controls focusing on the following:

- Credit appraisal, loan disbursement procedures, monitoring and provisioning process;
- Identification of loss events, including early warning and default warning indicators;
- Review of quarterly Classification of Loans (CL).

Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:

For confirming the classification of rescheduled lease, loans and advances, we performed the following procedures:

- We checked the no. of instalments outstanding and compliance with BRPD Circular No. 16 dated 18 July 2022;
- Reviewed the appropriateness of the approvals for the transfer of interests to the Income account in accordance with the Bangladesh Bank's guidelines;
- Reviewed the adequacy of the general and specific provisions in line with related Bangladesh Bank guidelines. Reviewed the grounds for recommendations for approvals in cases of transfer of interests to Income account;
- Tested the inputs in computation of provision in terms of testing the accuracy of underlying information;
- Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information;

the Group reported total provision for loans and advances of BDT 18.40 billion (2023: BDT 14.11 billion) and the Bank reported total provision for loans and advances of BDT 17.78 billion (2023: BDT 13.49 billion).

- Checked the adequacy of the Bank's general and specific provisions;
- Evaluated the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

See note nos. 7, 7.a and 12.01 to the financial statements

#### Recognition of interest income on loans and advances

Recognition of interest income has significant and wide influence on financial statements. Recognition and measurement of interest income has involvement of complex IT environments.

We identify recognition of interest income from loans, advances and leases as a key audit matter because this is one of the key performance indicators of the Bank and therefore there is an inherent risk of fraud and error in recognition of interest by management to meet specific targets or expectations.

We tested the design and operating effectiveness of key controls over recognition and measurement of interest on loans, advances and leases.

We performed test of operating effectiveness on automated control in place to measure and recognise interest income.

We have also performed substantive procedures to check whether interest income is recognised completely and accurately.

We assessed the appropriateness and presentation of disclosure against relevant accounting standards and Bangladesh Bank guidelines.

See note no. 20 and 20.01 to the financial statements

#### Valuation of treasury bill and treasury bond

The classification and measurement of T-Bill and T-Bond require judgment and complex estimates.

In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.

We assessed the processes and controls put in place by the Bank to identify and confirm the existence of treasury bills and bonds.

We obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the treasury bills and bonds valuation processes, including controls over market data inputs into valuation models, model governance and valuation adjustments.

We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.

Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

#### Impairment assessment of unquoted investments

In the absence of a quoted price in an active market, the fair value of unquoted shares and bonds, especially any impairment is calculated using valuation techniques that may take into consideration direct or indirect unobservable market data and hence require an elevated level of judgment.

We have assessed the processes and controls put in place by the Bank to ensure all major investment decisions are undertaken through a proper due diligence process We tested a sample of investments valuation as at 31 December 2024 and compared our results to the recorded value.

Finally, we assessed the appropriateness and presentation of disclosures against relevant standards and Bangladesh Bank accounting guidelines.

#### Measurement of Deferred Tax

We identified the measurement of deferred tax assets/liabilities as a key audit matter due to the recognition of these assets/liabilities involving judgement by management as to the likelihood of the realization of these deferred tax assets/liabilities, which is based on a number of factors including whether there will be sufficient taxable profits in future periods to support recognition.

The Bank disclosed deferred tax assets and deferred tax liabilities of BDT 136 million (2023: BDT 104 million) and BDT 00 million (2023: BDT 00 million) repectively as of 31 December 2024. The Bank disclosed net deferred tax assets of BDT 136 million (2023: BDT 104 million) as of 31 December 2024.

Our procedures in relation to management's assessment about the measurement of deferred tax assets/liabilities included:

- Evaluating management's assessment on the sufficiency of future taxable profits in support of the recognition of deferred tax by comparing management's forecasts of future profits to historical results and evaluating the assumptions used in those forecasts;
- Obtaining the communications between the Bank and taxation authorities regarding tax positions; and
- Assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.

#### IT systems and controls

Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.

We conducted extensive testing to assess the design and operating effectiveness of the Bank's IT access controls over critical financial reporting systems. Our audit procedures included evaluating IT general controls, partigglarly focusing on logical access, change management, and IT operational controls.

Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT dependent and application-based controls are operating effectively.

We tested whether requests for access to systems were appropriately reviewed and authorized, ensuring that only authorized personnel had access to sensitive financial data. Additionally, we examined the Bank's periodic review process for access rights and assessed whether changes to systems were properly approved and authorized to prevent unauthorized modifications.

As part of our audit, we also evaluated the Bank's control environment concerning system interfaces, configurations, and application-layer controls that were identified as critical to financial reporting accuracy. Given the significance of IT application controls in ensuring the integrity of automated financial processes, we tested key application-based controls, including system-generated reports, automated iournal entries. and validation mechanisms that support transaction processing. This involved assessing whether these automated controls were functioning as intended and whether their outputs were reliable for financial reporting purposes.

Furthermore, we performed detailed tests on IT general controls to assess the effectiveness of application development processes, security, and hosting platform management. We also evaluated the segregation of incompatible duties relevant to application and database change management to determine whether adequate controls were in place to prevent unauthorized access or modifications.

#### Legal and regulatory matters

We focused on this area because the Bank and its subsidiaries (the "Group") operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.

These uncertainties inherently affect the amount and timing of potential outflows with

We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over the legal provision and contingencies process.

We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.

respect to the provisions which have been established as other contingent liabilities.

Overall, the legal provision represents the Group's and the Bank's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial statement.

We enquired of the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports.

We assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information.

We also assessed the Bank's provisions and contingent liabilities disclosure.

#### Other information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

# Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and also separate financial statements of the Bank in accordance with IFRSs as explained in note 2 and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for bylefseeing the Group's and the Bank's financial

reporting process.

# Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely

responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, the Securities and Exchange Rules 2020, the Bank Company Act 1991 (as amended up to date), the Financial Reporting Act 2015, and the rules and regulations issued by Bangladesh Bank, we also report that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming the above opinion on the consolidated financial statements and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control;
  - (a) internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
  - (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities (other than matters disclosed in these financial statements);
- (iii) the consolidated financial statements of the Bank include three subsidiaries, namely Trust Bank Securities Limited has been audited by Islam Quazi Shafique & Co., Chartered Accountats. Trust Bank Investment PLC has been audited by Shafiq Basak & Co. Chartered Accountats, and Trust Axiata Digital Limited was unaudited. The results of these subsidiaries, as per their financial statements (audited in the case of first two subsidiaries and unaudited in the case of the last one) made available to us by the Bank, have been reflected in the Group's consolidated financial statements from the financial statements of these subsidiaries as have been made available to us by the management of the Bank;

(iv) in our opinion, proper books of account as required by law have been kept by the Group and the

Bank so far as it appeared from our examination of those books;

- (v) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements:
- (vi) the consolidated balance sheet and consolidated profit and loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vii) the expenditures incurred were for the purpose of the Bank's business for the year;
- (viii) the consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (ix) adequate provisions have been made for advance and other assets which are in our opinion, doubtful of recovery;
- (x) the information and explanations required by us have been received and found satisfactory;
- (xi) we have reviewed over 80% of the risk weighted assets of the Bank and spent over 5,200 person hours; and
- (xii) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has been maintained adequately during the year.

#### 1.3 Islamic Banking activities

Islam is not only confined with Ibadah but also a complete guidance for human life. It tells us how to manage all activities of life in a sound and ethical way. Its completeness is described in Quranic verse; "This day I have perfected your religion for you, completed my blessing on you and approved Islam as the way of life for you" (Al-Maidah 3).

It has guided the human being how to deal in financial transactions known as Mu'amalah. This Mu'amalah component defines the conduct of economic activities within the Islamic economic system and lays down the rules for business, commercial, financial, and banking systems.

Islam demands all economic activities including banking must run in accordance with the Islamic Shariah i.e. prohibition of interest from all transactions and dealing in businesses that are allowed (halal) in shariah. Islamic Banking has potential for earthly returns (earning profit) as well as reward in the Divine world (benefit in hereafter) by abiding the instructions of the Almighty Allah.

To ensure compliance of shariah guidelines, Islamic banking practices a strong documentary record keeping system eliminating all vagueness regarding business & responsibilities of the parties involved.

#### Trust Islamic Banking

Trust Bank is presently earrying out its Islamic banking operations through 30 (thirty) Islamic banking windows with the Brand name Trust Islamic Banking (TIB).

#### Shariah Compliance

To oversee the Shariah compliance of Islamic Banking operation of Trust Bank, TIB has an Internal Shairah Audit/Review team (Muraqib) Muraqib (Shariah Auditor) of Trust Bank (Islamic Banking) conducts shariah audit/inspection throughout the year to its Islamic Banking Windows as per Shariah Audit Plan (Calendar) approved by the Shariah Supervisory Committee.

In addition to the Shariah guidelines, Trust Islamic banking (TIB) strictly comply the Bangladesh Bank instructions regarding Islamic banking operations and adheres to the followings:

- Completely Separate Fund management—no mixing of fund with the conventional banking deposits of the Bank. Investments are made from the Islamic banking deposits only.
- · Separate book-keeping, Profit & Loss Account by Islamic banking module of Bank's CBS
- Profit sharing ratio (Depositor Bank) is 65:35 for the year 2024.
- · Profit distributions are executed as per approved weightage table

#### 1.5 SME and Green Banking Activities

#### SME Financing:

Cottage, Micro, Small and Medium Enterprises (CMSMEs) play a crucial role for economic development of any country. The contribution of SMEs is indispensable particularly for the developing countries like Bangladesh. SMEs help increasing national income, creating rapid employment thereby contributing towards eradication of extreme poverty and hunger, gender equality and women empowerment. Recognizing the fact, SMEs are termed as engine of economic growth.

In pursuance of Central Bank's policy initiatives, TBL formulated its SME banking policies in 2009 targeting the 'missing middle' (CMSMEs) with a view to bringing them into the formal financial folder through its 119 branch Munituzur Rahman now among the forefront SME favored bank list. Trust Bank is reaching the SME customer segments through its tailored products to meet their credit demand. The Bank's SME exposure is well discovered by the segments through its managed office like Power lace. Chief Financial Office like Power-loom, Handloom, Light Engineering, Handicrafts, Nakshi Kantha, Garments Accessories, Fisheries, Poultry and other Trading and Agro-business including Women Entrepreneurs.

In case of any requirement of the Banking Companies Act, 1991 and provisions and circulars issued by Bangladesh Bank (BB) differ with those of IFRSs, the requirements of the Banking Companies Act, 1991, and provisions and circulars issued by BB shall prevail. Material departures from the requirements of IFRSs are as follows

#### Presentation of financial statements

IFRS: As per IAS 1: Presentation of financial statements, financial statements shall comprise a statement of financial position as at the end of the period, a statement of profit or loss and other comprehensive income for the period, a statement of changes in equity for the period, a statement of cash flows for the period, notes - comprising significant accounting policies and other explanatory information. As per IAS 1, the entity shall also present current and non-current assets and liabilities as separate classifications in its statement of financial position.

Bangladesh Bank: The presentation of the financial statements in prescribed format (i.e. balance sheet, profit and loss account, cash flow statement, statement of changes in equity, liquidity statement) and certain disclosures therein are guided by the First Schedule (section 38) of the Banking Companies Act 1991 (as amendment up to date) and BRPD circular no. 14 dated 25 June 2003 and subsequent guidelines of Bangladesh Bank. In the prescribed format there is no option to present assets and liabilities under current and non-current classifications.

#### ii) Investment in shares and securities

IFRS: As per requirements of IFRS 9: Financial instruments, financial assets generally falls under at amortized cost, or fair value through profit and loss account or fair value through other comprehensive income, where any change in the fair value at the year-end is taken to profit or loss account or other comprehensive income/revaluation reserve respectively.

Bangladesh Bank: As per Banking Regulation & Policy Department (BRPD) circular no. 14 dated 25 June 2003, investments in quoted shares and unquoted shares are revalued at the year end at market price and Net Assets Value (NAV) of last audited balance sheet, respectively. In addition to that Department of Off-site Supervision (DOS) of Bangladesh Bank vide its circular letter no. 03 dated 12 March 2015 directed that investment in mutual fund (closed end) will be revalued at lower of cost and (higher of marker value and 85% of NAV). Provision should be made for any loss arising from diminution in value of investment; otherwise investments are recognized at cost.

Revaluation gains/losses on government securities

IFRS: As per requirement of IFRS 9: Financial instruments, an entity shall classify financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

Bangladesh Bank: According to DOS Circular 05 dated 26 May 2008 and subsequently clarification in DOS Circular 05 dated 28 January 2009, HFT securities are revalued on the basis of mark to market and at the year end any gains on revaluation of securities which have not matured as at the balance sheet date are recognized in other reserves as a part of equity and any losses on revaluation of securities which have not matured as at the balance

#### (v) Provision on loans and advances/investments

IFRS: As per IFRS 9, an entity is required to create a credit loss allowance/impairment allowance on initial recognition of the financial asset through amortized cost or fair value through other comprehensive income to which impairment requirements apply. Expected credit losses are required to be measured through a loss allowance at an amount equal to the -

- (i) 12-month expected credit losses or
- (ii) lifetime expected credit losses.

An entity may continue to provide for 12-month expected credit losses if there is not a significant change in credit risk. If the credit risk increases significantly since initial recognition the 12-month expected credit impairment allowance is replaced by lifetime expected credit losses.

Bangladesh Bank: As per BRPD Circular 14 dated 23 September 2012, BRPD Circular no. 19 dated 27 December 2012, BRPD Circular no. 05 dated 29 May 2013, BRPD circular no. 16 dated 18 November 2014, BRPD Circular no. 16 dated 21 July 2020 and BRPD Circular no. 52 dated 20 October 2020, a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loans, doubtful loans and bad & losses loans has to be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Again as per BRPD circular No. 10 dated 18 September 2007 and BRPD circular no. 14 dated 23 September 2012, a general provision at 1% is required to be provided for all off-balance sheet exposures. Such provision policies are not specifically in line with those prescribed by IFRS 9.

#### V) Recognition of interest in suspense

IFRS: Loans and advances to customers are generally classified as non-derivative financial assets measured at amortised cost as per IFRS 9 and interest income is recognised through effective interest rate method over the term of the loan. Once a loan is impaired, interest income is to be recognised in profit and loss account on the same basis on revised carrying amount.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012 and BRPD Circular no. 03 dated 21 April 2019, once a loan is classified, interest on such loans are not allowed to be recognized as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet.

#### vi) Other comprehensive income

IFRS: As per IAS 1: Presentation of financial statements, Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income statement.

#### 2.18 Investment in Government Securities

In a well-diversified financial system, fixed income securities play significant role. The available government debt instruments in our country are treasury bills and treasury bonds. Banks and financial institutions are the main participants of Investment in Government Securities. As per regulatory requirement, banking institutions in Bangladesh need to meet minimum SLR of 13 percent of average demand and time liabilities. In compliance with the Bangladesh Bank regulation, Trust Bank PLC maintained the required threshold throughout the year 2024.

By successfully managing the Held To Maturity (HTM) and Held For Trading (HFT) portfolio of the fixed income securities. Treasury Division contributed significantly in the bottom line of the bank by earning investment income and capital gain for the bank.

The valuation methods of investment used are as follows:

#### 2.18.1 Held to Maturity (HTM):

- · HTM securities include government securities acquired by banks with the intention to hold until maturity, such as Treasury Bonds and non-marketable securities eligible for Statutory Liquidity Reserve (SLR).
- · The Head of Treasury makes decisions regarding HTM securities.
- Investment in HTM securities cannot exceed 120% of the bank's SLR requirement.
- · HTM securities cannot typically be sold, except for up to 15% of HTM securities, which may be reclassified into the HFT portfolio once a year.
- · Any gain or loss from the sale or reclassification of HTM securities is recorded in the profit and loss account.
- . HTM securities are amortized at the end of the year, with the resulting gains or losses transferred to equity or profit and loss, respectively.

#### 2.18.2 Held for Trading (HFT):

Trust Bank PLC

· HFT securities are acquired with the intention of trading them based on short-term price or interest rate movements. These include securities like Treasury Bills and Treasury Bonds with maturities of less than one year.

### 2.27

IFRS 16 Leases, defines a lease as "A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.". In order to assess whether a contract conveys the right to control the use of an identified asset, an entity shall assess whether, throughout the period of use, the customer has both of the following:

- (a) the right to obtain substantially all of the economic penefits from use of the identified asset; and
- (b) the right to direct the use of the identified asset.

To apply the definition of a lease, the Bank assesses whether the contract meets two key evaluations:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Bank
- the Bank has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use. The Bank can obtain economic benefits from use of an asset directly or indirectly in many ways, such as by using, holding or sub-leasing the asset. The Bank also considers whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of

Chief Financial Measurement.

# Man Mantuzur Rahmbeognition: Trust Bank PLC

Initially, the right-of-use asset is measured at cost, which is comprised of the following:

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Bank; and
- (d) an estimate of costs to be incurred by the Bank in dismantling and removing the underlying asset, restoring the site on which it is located.

Company Secretary (Acting)
Trust Bank PLC After the commencement date, the Bank measures the right-of-use asset applying a cost model, unless other models are appropriate. To apply a cost model, the Bank measures the right-of-use asset at cost:

- (a) less any accumulated depreciation and any accumulated impairment losses; and
- (b) adjusted for any remeasurement of the lease liability.

At the commencement date, the Bank measures the lease liability arthe present value of the lease payments that are not paid at that date. The lease payments is discounted using the interest rate

implicit in the lease, if that rate can be readily determined or the Bank's incremental borrowing rate.

At the commencement date, the lease payments included in the measurement of the lease liability comprises the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- (a) fixed payments less any lease incentives receivable;
- (b) variable lease payments:
- (c) amounts expected to be payable by the Bank under residual value guarantees;
- (d) the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- (e) payments of penalties for terminating the lease.

After the commencement date, the Bank measures the lease liability by:

- (a) increasing the carrying amount to reflect interest on the lease liability;
- (b) reducing the carrying amount to reflect the lease payments made; and
- (c) remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments

The Bank has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as rent expense in profit or loss.

#### Presentation:

- · On the Balance Sheet, right-of-use assets have been included in property, plant and equipment and lease liabilities have been included other liabilities.
- · On the Profit and Loss Account, Interest expense on lease liability is included with Interest paid on borrowings and depreciation on right of use assets is included with 'depreciation and repair of bank's assets.

Banks provide high-quality financial services to contribute to the growth of the country by accelerating the pace of industrialization, stimulating trade, increasing exports, creating employment opportunities for the youth, alleviating poverty, improving the living standards of the low-income groups and overall sustainable socioeconomic development of the country. In execution of the aforesaid activities of the Bank, Credit Operation of the bank is of paramount importance as the greatest share of total revenue of the Bank is generated from it, maximum risk is centered in it and even the existence of bank depends on prudent management of its credit portfolio.

The aim of credit risk management is to maximize a bank's risk-adjusted rate of return by maintaining credit risk exposure within acceptable levels. Banks need to manage the credit risk inherent in the entire portfolio as well as the risk in individual borrower transaction. The effective management of credit risk is a critical component of a comprehensive approach to risk management and essential to the long-term success of any banking organization.

To facilitate stronger risk governance, accountability and transparency, Trust Bank PLC has followed the core guidelines and other credit related circulars and instructions of Bangladesh Bank, Risk Management Guidelines for Banks, and the Risk Based Capital Adequacy Framework in line with Basel III. In line with the regulatory guidelines, TBL has also its own policy related with Credit Risk Management.

In response to changes in the regulatory environment and business dynamics, Trust Bank PLC intends to continue updating policies, procedures and risk assessment frameworks for effective management of potential risks.

#### 2.33.2 Asset liability risk management

Asset Liability Management (ALM) plays an essential role in managing a bank's balance sheet risk. The Treasury Division primarily handles this responsibility through its Asset Liability Management (ALM) desk. However, major decisions regarding the balance sheet are made by the Asset Liability Management Committee (ALCO), which comprises senior bank management of the bank as per the Asset Liability Management guidelines of the Bangladesh Bank.

Trust Bank PLC has a dedicated Asset Liability Management Desk under the Treasury Division. The desk analyses the local and global market and macroeconomic developments, along with the financial activities of the bank, and disseminate the information to the Asset Liability Management Committee (ALCO) to support the decision making process.

ALM Desk has provided tremendous support during the last financial year by keeping the ALCO well-informed of critical changes in the market and supporting in pricing strategies of liabilities and assets. The Committee meets at least once in every month, as mandated by the regulator, to analyze recent local and global market outlook, major issues that may impact the existing interest rate, liquidity position and to decide on policies regarding interest rates, asset-liability mix, contingency plan etc.

### Key objectives of ALM include:

- · Effective management of the bank's balance sheet
- · Growth in assets and liabilities
- · Risk containment in a coherent manner
- Stability and consistency in earnings
- · Profitability

(Acting)ALCO ensures that all decisions regarding risk management and balance sheet strategy align with the bank's broader financial goals. The ALM desk supports these decisions by providing market research, liquidity analysis, and recommendations to guide effective investment and fund management strategies.

### Company Secretar Trust Bank PL 2.33.3 Foreign exchange risk management

Foreign exchange (FX) risk management involves the strategies and practices employed by financial institutions to minimize or control the risks arising from fluctuations in exchange rates between different currencies. As businesses frequently engage in international transactions involving multiple currencies, managing FX risk is essential for safeguarding profits and ensuring financial stability. Typically, a bank's Treasury Division is responsible for addressing the challenges associated with I'X risk. This risk emerges from activities such as trading foreign currencies, extending foreign currency loans, of participating in transactions with foreign-issued securities used to raise or deploy funds.

The primary sources of FX risk are twofold: first, currency mismatches between a bank's assets and liabilities, both on and off the balance sheet, that are not tied to a fixed exchange rate; and second, cash flow mismatches in foreign currencies until these positions are effectively hedged. Key sources of FX risk include foreign currency retail accounts, foreign exchange trading, investments in foreign currencies, and the bank's foreign operations or subsidiaries.

### Types of Exchange Rate Risk:

### Transaction risk:

This arises when a business has an outstanding obligation (e.g., payable or receivable) denominated in a foreign currency. The risk is that the exchange rate will change unfavorably before the transaction is settled.

### Translation risk:

This occurs when a company has assets, liabilities, or earnings in foreign currencies, and the exchange rate changes. This can affect the financial statements when foreign currency positions are consolidated or translated into the company's home currency.

### Economic risk:

This is the risk that long-term exchange rate fluctuations can affect the company's competitive position in the market, potentially altering the costs of goods or services, pricing, and demand for products.

### Sources of foreign exchange risk:

Foreign exchange risk for a bank may arise from various sources, including:

- · Business related to import payments or export encashment
- Foreign currency-denominated capital expenditure
- Remittance and revenue received in foreign currencies
- · Other foreign currency income, such as royalties, interest, and dividends
- · Foreign currency-denominated deposits, loans, or offshore operations

Effective management of FX risk involves identifying the specific types of exposure, developing a hedging strategy, and assessing available instruments to mitigate currency risks.

### Internal control and compliance risk management

Maintaining a sound Internal Control System is pivotal for achieving bank's objective in an effective & efficient manner complying with internal & regulatory guidelines, reliability of financial reporting and safeguarding the Bank's asset as well as stakeholders' interest. A system of internal control can manage, but not eliminate, the risk of failure to achieve business objectives and can provide a reasonable but not absolute assurance against the risk of material misstatement, fraud or losses.

Keeping it in mind, appropriate control structure, system and processes for identifying, evaluating, monitoring & managing significant risks have been established at TBL, which are comprised of 05 (five) broad components namely i) Control Environment ii) Risk Assessment iii) Information System iv) Control activities & segregation of duties and v) Monitoring/Oversight.

### Control Environment:

Board of Directors of TBL along with its 03(three) committees namely Executive Committee, Audit Committee and Risk Management Committee are persistently discharging their duties as per regulatory guidelines being Md. The Bank has formulated and implemented Core Risk Guidelines of Bangladesh Bank and in addition to these, code of ethics, delegation of authority, different Product Policy Guidelines (PPG), circulars, Operational Manual etc. are implemented at the Bank from time to time. Besides, appropriate reporting line/organization structure has since been established within the bank.

### Risk Assessment:

As per the Guidelines of Bangladesh Bank, Risk Management Division of TBL, HO is engaged in identifying the risks across the bank and analyzing the risks as a basis for determining how the risks should be managed. Besides, Executive Risk Management Committee (ERMC) and Board Risk Management Committee (BRMC) are discharging their responsibilities at supervisory level as per the regulatory guidelines of Bangladesh Bank with a view to ensure sound risk management function at TBL.

### Information system:

Relevant and quality information necessary to support the functioning of internal control are being generated from the automated system of TBL, which are used by the Management of the Bank for well-informed decision making.

### Control activities and segregation of duties:

Assignment of clear responsibilities, authorities and reporting system of the Bank is in place as per internal as well as regulatory policies/guidelines/circulars. Different types of controls namely,

- i) preventive controls (e.g. segregation of duties, internal check, physical control over assets, jointsignature requirements etc.).
- ii) detective controls (e.g. checking day-to-day transaction listing with vouchers, reconciliation of different heads of a/cs) and
- iii) corrective controls (e.g. data back-up, insurance etc.) are being practiced at TBL

### Monitoring/Oversight:

During the year 2024, 10 nos. Board meetings, 06 nos. Audit Committee meetings, 43 nos. Executive Meetings and 08 nos. SMT meetings were held. Effectiveness of the Bank's internal control system is reviewed by the Board, Audit Committee and SMT. Reports on significant risks facing the Bank and how they are being managed are regularly placed before the Board for review and necessary directives. In addition, memos on major issues as mentioned in the internal and external inspection reports of Branches/Divisions are placed to the Audit Committee of the Board for review and directives. Besides, implementation of the directives of the Board/EC/AC/RMC and the decisions of SMT & various management-level committees are monitored regularly.

On the other, as third-line defense, IC&CD of the Bank has been established comprising three departments namely Audit & Inspection, Compliance and Monitoring and these departments have been functioning separately as per BB's Guidelines

#### 2.33.5 Money Laundering & Terrorist Financing Risk Management

Trust Bank declared "Zero Tolerance" stand against Money Laundering and Terrorist Financing. The Board and senior management of the bank have given utmost priority to Anti-Money Laundering and Anti-Terrorism Program. To build a vigorous anti-money laundering and anti-terrorism program, TBL has a dedicated team working in "Anti-Money Laundering Division (AMLD)", headed by Deputy CAMLCO. Trust Bank also formed a Central Compliance Committee, headed by CAMLCO of the bank. At branch level BAMLCO is responsible to oversee the compliance activities related to Anti - Money Laundering & Combating Financing of Terrorism (AML & CFT).

AMLD has implemented an automated "Anti-Money Laundering" Software with the features of Sanction Screening, Transaction Monitoring, STR Reporting etc. for strengthening the compliance status of the bank.

To create awareness among all the employees Regional Training on AML & CFT is going on in different region as per approved training calendar. In the said training the following topics are focused-

- · Laws, Rules, Regulations and Circulars related to prevention of money laundering and terrorist financing.
- · AML Function and Compliance.
- · Transaction Monitoring and STR reporting.
- · Credit Backed Money Laundering.
- Trade Based Money Laundering.

Trust Bank arranged an awareness program on AML & CFT for the members of Board of Directors and Senior Management, where the officials of BFIU were present and delivered their valuable opinion regarding the compliance status of TBL and necessary guidelines for further strengthening the AML & CFT compliance program of the bank.

Trust Bank seeks safeguard of the bank against money laundering and terrorist financing by applying internal policy, procedure and control through Training and Development, Compliance Function, Independent Audit and Customer Awareness Program.

#### 2.33.6 IT risk management

The advancement of information and communicative technology (ICT) is given credit for the evolution of banking services, in particular, online banking. Information Technology (IT) Risk is a growing component of total operational Risk. As business increasingly depend on IT to automate processes and store information, IT Risk Management is emerging as a separate practice. IT includes security, availability, performance and compliance elements.IT Risk Management helps to reduce service costs and achieve greater compliance by effectively assessing classifying IT risk.

IT Risk management requires a disciplined approach that includes IT Risk awareness, quantification of business impacts, solution design and implementation across people, process, and technology, and creation of a sustained IT Risk Management program complete with performance measurement and a model for continuous improvement.

#### 2.33.7 Liquidity risk management

Liquidity refers to the ability of a bank to convert assets into cash without significantly affecting their value. Liquidity risk arises when a bank cannot meet its financial obligations as they come due, often due to insufficient liquidity or marketability of its investments.

Liquidity risk can take four forms:

- 1. Term Liquidity Risk: Arises from mismatches in maturities between assets and liabilities.
- 2. Withdrawal/Call Risk: Occurs when large withdrawals or calls are made before maturity.
- 3. Structural Liquidity Risk: Happens when funding transactions cannot be carried out, or only at unfavorable terms.
- 4. Market Liquidity Risk: Results from the inability to buy or sell assets quickly at a reasonable price.

Liquidity risk management is critical, as a liquidity shortfall at a single institution can affect the entire financial system. A robust liquidity management framework is necessary to ensure the bank maintains enough liquidity to withstand stress events. Key ratios such as the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR), as outlined in Basel III, are used to assess and manage liquidity risk.

#### 2.34 Interest rate risk management

Interest rate risk refers to the potential for adverse effects on a bank's financial standing due to fluctuations in interest rates. While banks typically embrace this risk as a source of profitability, excessive exposure can jeopardize earnings and capital.

Changes in interest rates affect both the bank's Net Interest Income (NII) and the value of its assets and liabilities, as well as off-balance-sheet items. Managing interest rate risk is essential for the stability and safety of the bank, and requires a detailed understanding of exposure and potential outcomes.

Banks use various tools to manage interest rate risk, including repricing schedules and simulation approaches. A combination of these techniques is typically employed to gain a comprehensive understanding of interest rate risk and mitigate its impact.

#### 2.35 Operation risk management

Operational Risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Bank's involvement with financial instruments, including processes, personnel, technology and infrastructure and Wannezor Operational District from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory

ief Financial O Operational Risk Management is a continuous process that includes risk assessment, risk decision making, and ank PLC implementation of risk controls, which results in acceptance, mitigation, or avoidance of risk. #### 2.37 Basel-III Activities

"Basel III: A global regulatory framework for more resilient banks and banking systems" was introduced in Bangladesh in 2015 to improve the banking sector's ability to absorb shocks arising from financial and economic stress. As such, Bangladesh Bank issued 'Guidelines on Risk Based Capital Adequacy (RBCA) for banks with effect from January, 2015. The Basel-III rules on capital consist of measures on improving the quality, consistency and transparency of capital, enhancing risk coverage, introducing a supplementary leverage ratio and promoting counter-cyclical buffers and addressing systemic risk and interconnectedness.

In 2021, the Bank is required to maintain minimum Common Equity Tier-1 (CET-1) capital ratio of 4.50%, capital conservation buffer 2.50%, minimum CET-1 plus conservation buffer of 7.00%, minimum Tier-1 capital ratio of 6.00%, minimum total capital ratio 10.00% and minimum total capital plus capital conservation buffer 12.50%.

### Pillar-I: Minimum Capital Requirement

In order to calculate Minimum Capital Requirement and Capital to Risk-weighted Asset Ratio (CRAR), bank is required to calculate its Risk Weighted Assets (RWA) on the basis of credit, market, and operational risks of bank. Trust Bank Ltd. has adopted the following measurement approaches for computing its Minimum Capital Requirement:

- Standardized Approach for Credit Risk
- Basic Indicator Approach for Operational Risk, and
- Standardized Approach for Market Risk

### Pillar-II: Supervisory Review Process (SRP)

The Supervisory Review Process (the Second Pillar of Basel-III) is intended to ensure that banks have adequate capital to support all the risks in the business and, concurrently, to encourage banks to develop and utilize superior risk management techniques in monitoring and managing risks. In compliance with the Pillar-II guidelines of the Bangladesh Bank under Basel-III framework, Trust Bank Ltd. has formulated its own Internal Capital Adequacy Assessment Process (ICAAP) Policy to assess various risks that it is exposed to. The assessment of adequate capital would be the outcome of the dialogue to be held between the SRP team of Bank and SREP team of Bangladesh Bank.

Following risks are assessed for Adequate Capital Requirement under Pillar II as per ICAAP Policy of the Bank:

- · Residual Risk
- · Concentration Risk
- · Liquidity Risk
- · Reputation Risk
- · Strategic Risk
- · Settlement Risk
- · Evaluation of Core Risk Management
- · Environmental & Climate Change Risk
- · Other Material Risks

Pillar-III: Market Discipline

The purpose of market discipline is to establish transparency and discipline in the financial markets so that stakeholders can assess the position of a bank with respect to the assets held by it as well as to identify the risks relating to these assets and the capital adequacy to meet probable losses. For this purpose, banks have to develop a set of disclosures containing information on the assets, risk exposures, risk assessment processes and the capital adequacy to meet the risks. The Pillar- III Disclosures are published on a yearly basis which is available in the official website and Annual Report of the bank.

### Going concern

It is visible that many of the financial and non-financial organizations have closed down their operation from different part of the world. But in our country Government has taken some effective initiatives immediately like declaration different stimulus packages for different sectors. Hence, our overall economy has stood in a steady position. Moreover, the Management of the Bank has cautiously formulated business strategies in consideration with COVID-19 induced challenges and implemented the same for building the Bank more resilient. Therefore, any material uncertainty has not been posed due to the impacts of the COVID-19 that may cast significant doubt on Bank's ability to continue as a going concern.

The COVID-19 pandemic has not significantly impacted the Bank's income. The Bank has adequate resources to continue in operation and to meet financial commitments as they fall due for the foreseeable future. For this reason, the management continues to adopt going concern basis in preparing the financial statements.

#### 2.39 Earnings per share (EPS)

### Basic earnings per share

Basic earnings per share has been calculated in accordance with IAS 33 "Earnings per Share" which has been shown on the face of the profit and loss account. This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

### Difuted earnings per share

Diluted earnings per share is not required to be calculated for the year as there was no scope for dilution during the year under review.

#### 2.40 Non controlling interest

Non controlling interest is that portion of the profit or loss and net assets of the subsidiary (Trust Bank Investment PLC) attributable to equity interests that are not owned, directly or indirectly through subsidiary, by the Parent (Trust Bank PLC).

#### Compliance of International Accounting Standards (IAS) and International Financial Reporting Standards 2.41 (IFRS)

#### 3.3 Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR)

Cash Reserve Requirement (CRR) and Statutory Liquidity Ratio (SLR) have been calculated and maintained in accordance with the Section 33 of the Banking Companies Act 1991 (as amended up to 2023), DOS circular nos. 01 dated 19 January 2014, DOS Circular Letter No. 26 dated August 19, 2019, BRPD Circular 31 dated June 18, 2020 and MPD circular no. 03 dated 09 April 2020

All scheduled banks in Bangladesh (including Shariah based banks) are required to maintain 4.00 (four) percent CRR with Bangladesh Bank on bi-weekly average basis with a provision of minimum 3.50 (three and a half) percent on daily basis of their average total demand and time liabilities (ATDTL) of the month earlier of the previous month and Statutory Liquidity Ratio (SLR) required to be maintained by the conventional banks on daily basis shall not be less than 13.00 (thirteen) percent including the excess amount of Cash Reserve Requirement (CRR) of their average total time and demand liabilities in Bangladesh, and for Shariah-based Islamic Banks this amount shall not be less than 5.50 (five and a half) percent. Both reserves maintained during the year by the Bank are in excess of the statutory requirements.

The position of CRR and SLR as on 31 December 2024 is shown below:

#### 3.3.1 Cash Reserve Ratio (CRR)

#### 3.3.1.1 Conventional (Including Offshore) Banking

#### 8.1 Right-of-use assets:

The Bank has leased assets mainly for Head Office/Branch Office Buildings. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Bank classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Provision for current tax of Tk. 4,560,000,000.00 has been made @ 37.50% on Business Income, @ 20% on Dividend Income, 15% 12.8.1 of Capital gain from sale of Govt. Securities as well as @ 10% of Capital gain from sale of Shares made by the Bank during the year after considering some of the add backs to income and disallowances of expenditure as per Income Tax Act and Rules, 2023.

The Bank has challenged some disputed income tax assessments which are pending at various appeal stages (i.e. Appellate Tribunal, High Court Division). The Bank is confident that once these appeals are finally disposed off, there should not be any additional tax demand against the Bank and hence no further provision is required.

Islamic Banking is a trade-based mode of banking where compliance of Sharia guidelines is the precondition for its legitimacy. In addition to the prohibition of interest and classification of business activities between lawful (halal) and un-lawful (haram), Sharra also provides guidelines of business process and transaction. Any income generated from trading or investments without confirming to these Sharia instructions are considered un-lawful and termed as "doubtful Income" in the terminology of Islamic Banking.

However, since the "Doubtful Income" is not an "income" - as such the nomenclature has been already been changed as "Compensation" instead of "Doubtful Income".

Investments which have 'fixed or determinable payments', and are intended to be 'held to maturity' other than those which are floating and/or free to trade in the market at prevailing prices are classified as held to maturity and must be amortized at the end of the year before maturity. Investments classified in the category of 'Held for Trading' are held indeed selling or purchasing -in shorttrading as decided by the management of the bank or treasury. After initial recognition, investments of such categories are measured at their fair value once in a week. The increase in case of amortization of Investment under Held to maturity and any change in the fair value in case of Investment under 'held for Trading' is to be accounted for in the Siege ment of changes in Equity' under the head Other Reserve as Surplus/Defice prevaluation of investment.

According to BRPD Circular Letter No. 28 dated 26 July 2022 and BRPD Circular Letter No. 30 dated 27 July 2022, the Bank has taken precessary institutives such as maintenance of Office hour strictly, rationalizing the way of electricity and air-conditioning.

26.2 According to BRPD Circular Letter No. 28 dated 26 July 2022 and BRPD Circular Letter No. 30 dated 27 July 2022, the Bank has taken necessary initiatives such as maintenance of Office hour strictly, rationalizing the uses of electricity and air-conditioning, maximum uses of documents on digital format etc. in order to reduce its expenditure on fuel, electricity, entertainment, travelling, computer & computer accessories, electric equipment, furniture and other stationaries. To comply with the above instructions, actual expenses have been monitored on regular basis to track the savings achieved. These initiatives have resulted in the reduction in quantity (i.e. Usages). However, due to the increase of cost per unit as well as other factors like uses of generator fuel due to load shedding etc., actual reduction of such expenses in monetary terms may be different.

TBPLC's Risk Weighted Asset was \$8.7% of Total Assets during 2024 (62.1% in PY).

#### Loan Profile and Loan Quality:

The Bank's total loan portfolio increased to BDT 378,241.5 million in 2024 from BDT 332,703.6 million in 2023 registering 13.7% growth. The Bank's loan segregation based on loan type remained almost same for the last couple of years having strongly dominated by corporate loan which increased further in 2024, Gross NPL (in absolute amount) increased to BDT 24,052.6 million at the end of 2024 from BD1 20,215.31 million in 2023. As an overall effect, gross NPL ratio increased substantially and reached 6.4% at the end of 2024 (6.1% in 2023). Among total classified loans in 2024, 82.5% came from bad & loss category followed by substandard category (7.8% of total) and doubtful category (9.7%)

Because of a consistent focus on corporate lending, the Bank has had substantial large loan concentration since its inception. There was improvement in large loan concentration during the recent years. However, the Bank anticipated that asset quality of retail and SME loans may deteriorated due to COVID 19 aftermath, therefore increased focus in growth of corporate clients during the recent period which resulted in 74.9% concentration. The Bank's top 28 outstanding large loan exposures (funded and non-funded) amounted to BDT 182,438.3 million against approved facilities of BDT 225,619.0 million. The Bank's top 28 loans and advances to total loans stood at 48.2% in 2024. As on December 31, 2024 all 28 large loans were unclassified as per given data.

On the onset of COVID-19 pandemic, Government decided to support the financial institutions as well as borrowers and declared loan moratorium up to December 2020. Therefore, no fresh NPL generation was reported for the 2020. After withdrawal of loan moratorium, fresh NPL (in absolute amount) soared to BDT 4,907.6 million during 2021 which further increased substantially by BDT 10.613.9 million in 2022. In line with the same, the fresh NPL (in absolute amount) has further deteriorated to BDT 18.200.5 in 2023. However, during the surveillance period, Trust Bank PLC generated BDT 12,341.8 million fresh NPI which is 32.2% lower than previous year. Although the Bank written off only BDT 1,051.8 million loans in 2024 substantial amount of loan rescheduling (BDT 5,757.8 million) resulted in 4.7% increase in gross NPL irrespective of substantial increase in fresh NPL. The gross NPL further increased substantially in 2024 following the fresh NPL generation of BDT 12,341.8 million during the same period irrespective of written off loans. NPE in Trade & Commerce, RMG and Food & allied sectors mainly resulted such a high gross NPE

of the Bank in 2024.

The Bank's total deposit increased to BDT 448,728.9 million in 2024 from BDT 366,401.7 million in 2023 registering 22.5% growth. The deposit mix was strongly dominated by term deposit (50.9% of total) followed by short notice deposit (18.8% of total) saving deposit (15.6% of total) and current deposit (13.9% of total). Contribution of low-cost deposit base has been found to be 29.5% in 2024. Though the contribution of low-cost stable deposit base seems lower compared to the Bank's branding, the Bank has competitive advantage being a bank majorly (60.0%) owned by Army Welfare Trust. The average cost of deposit & borrowing significantly increased to 5.7% in 2024 from 4.6% in 2023 irrespective of having the advantage of increased low-cost deposit due to increase in interest rate in the banking industry.

The Bank adopted BASEL III liquidity standards and follows criterion for maintaining MCO, Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR), Commitment, wholesale borrowing etc. as per Bangladesh Bank Guidelines. The Bank enjoyed sound liquidity position in 2024 in terms of liquidity ratios. At the end of 2024, LCR and NSFR of the Bank was high at 168.1% and 111.7% respectively. LCR represents short term resilience (30 days) for the liquidity risk profile of banks, whereas NSFR indicates availability of stable funding over required level and provide better assessment of liquidity risk across all on—and off—balance sheet items. I everage ratio of Trust Bank was 4.6% at the end of 2024

Following the stability in investment assets, investment income of the Bank significantly increased to BD1-8,877.9 million although growth in investment income was comparatively high due to increased yield in Government securities. On the other hand, fees & commission & exchange income declined to BDT 2,420.1 million in 2024 from BDT 2,507,5 million in 2023 on the back of slowdown of foreign currency dealing and import. Other operating income was BDT 767.0 million in 2024 which includes miscellaneous income, service charges etc. As an overall effect, total operating income reached BDT 20,643.9 million in 2024 registering growth of 16.1%.

As an effect of higher provision expense for tax, lower growth of revenue from core business and high growth of operating expense resulted in lower bottom line profit of the Bank. Net interest margin of Trust Bank declined to 2.3% in 2024. ROAA and ROAE deteriorated in 2024. Pre-provision profit (PPP) to net loans was 3.7% in 2024 which indicates that 3.7% of currently performing loans can be written off without charging on reserves and equity. Net profit margin stood at 18.4% in 2024. Profitability of the Bank in respect of risk return perspective was still low at 1.2% in 2024.
